Re: Pleasant Ridge Wind Project: Livingston County, IL

Dear Mr. Davis:

In response to your request on June 2, 2014, the National Telecommunications and Information Administration provided to the federal agencies represented in the Interdepartment Radio Advisory Committee (IRAC) the plans for the Pleasant Ridge Wind Energy LLC Project, located in Livingston County, Illinois.

After a 45+ day period of review, no federal agencies identified any concerns regarding blockage of their radio frequency transmissions.

While the IRAC agencies did not identify any concerns regarding radio frequency blockage, this does not eliminate the need for the wind energy facilities to meet any other requirements specified by law related to these agencies. For example, this review by the IRAC does not eliminate any need that may exist to coordinate with the Federal Aviation Administration concerning flight obstruction.

Thank you for the opportunity to review these proposals.

Sincerely,

A handwritten signature in black ink, appearing to read "Karl B. Nebbia".

Karl B. Nebbia
