#### Independent Auditors' Report

To the Chairman and Members of the County Board Livingston County, Illinois

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Livingston County, Illinois, as of and for the year ended November 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Livingston County, Illinois, as of November 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, Illinois Municipal Retirement and Other Post-Employment Benefits schedules, and notes to required supplementary information on pages 4–13 and 54–61 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Livingston County Illinois' basic financial statements. The combining and individual non-major fund financial statements and schedules listed in the table of contents, and the Schedule of Assessed Valuations, Tax Rates, Tax Extensions, and Tax Collections are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and schedules listed in the table of contents, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

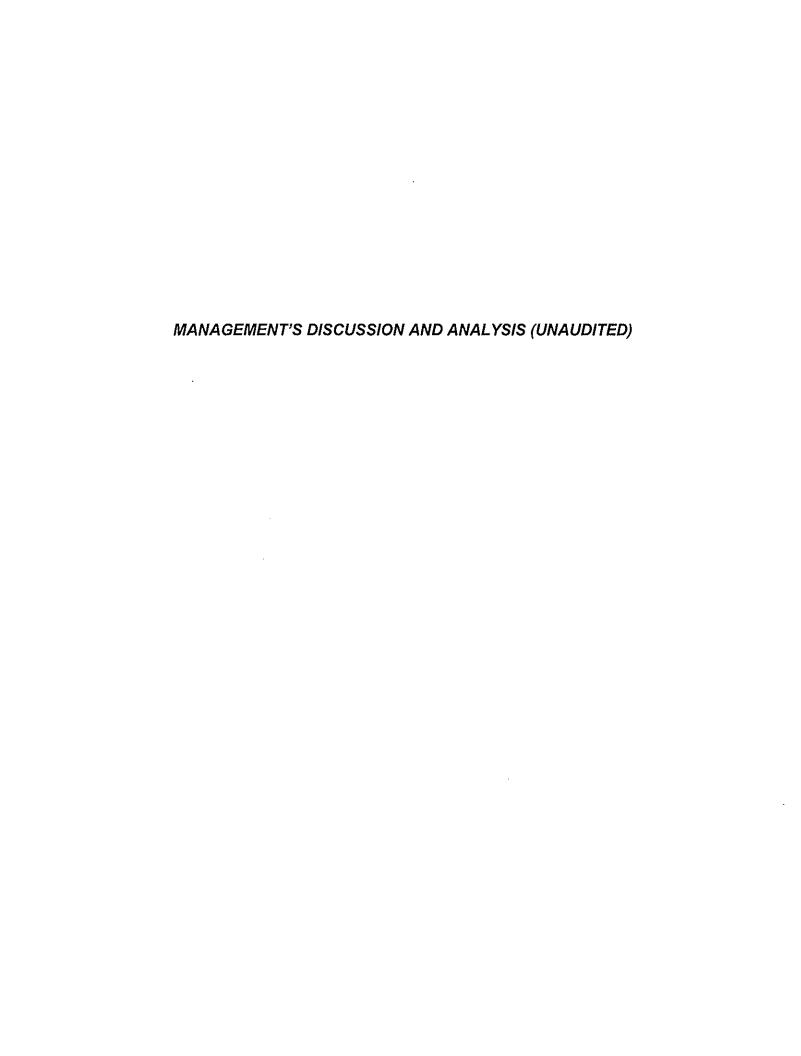

The Schedule of Assessed Valuations, Tax Rates, Tax Extensions, and Tax Collections has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated April 8, 2015, on our consideration of Livingston County Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Livingston County Illinois' internal control over financial reporting and compliance.

# Management's Discussion and Analysis - Unaudited For the Year Ended November 30, 2014

This section of the Livingston County's Annual Financial Report presents its Management's Discussion and Analysis (MD&A) which provides an overview of the County's financial performance for the fiscal year ending November 30, 2014. Please read it in conjunction with the Independent Auditors' Report on pages 1-3 and the County's financial statements beginning on page 14.

#### **Financial Highlights**

- The County's net position increased \$1,118,047 to \$90,371,180 in 2014 from \$89,253,133 in 2013.
- During the current fiscal year, the County's total governmental revenues exceeded total governmental
  expenditures by \$919,468 on the government-wide financial statements. The County's total businesstype revenues exceeded total business-type expenses by \$198,579.
- During the current fiscal year, \$1,500,000 was transferred to the General Fund from the Pontiac Host Agreement Fund for general fund obligations. Revenue from the Cook County and Federal Inmate Program contributed \$1,038,518 to the County's gross revenue.
- The County's General Fund ended the year with a fund balance of \$27,331,310 which represents a 6% increase from the prior year. The Public Health Fund ended the year with a fund balance of \$1,162,731, the Illinois Municipal Retirement Fund ended the year with a fund balance of \$964,461, and the Mental Health Fund ended the year with a fund balance of \$1,193,471. Overall, the County's governmental funds ended the year with a fund balance of \$34,535,724 which represents a 6% increase from the prior year.
- The General Fund's total expenditures of \$11,858,485 were \$1,919,313 less than the \$13,777,798 budgeted for the 2014 fiscal year.

#### **Using This Annual Report**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (pages 14 and 15) provide information about the activities of the County as a whole and present a long-term view of the County's finances. The fund financial statements begin on page 16. For governmental activities, the fund financial statements explain how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the County's operations in more detail than the government-wide statements by providing information about the County's most significant funds. The business-type activities statements provide financial information related to operations of the County Nursing Home on the accrual basis of accounting. The fiduciary statements provide financial information about activities for which the County acts solely as a trustee or agent for the benefit of those outside of the government.

#### The County's Reporting Entity Presentation

This annual report includes all activities for which the County Board is fiscally responsible. These activities, defined as the County's reporting entity, are operated within individual funds that make up the primary government. The County has one component unit: The Livingston County Emergency Telephone System Board.

Management's Discussion and Analysis - Unaudited For the Year Ended November 30, 2014

#### Overview of the Financial Statements

This report consists of seven parts: government-wide financial statements, fund financial statements, notes to financial statements, required supplementary information, other supplementary information, other required reporting, and the single audit section. The basic financial statements include two types of statements that present different views of the County:

Government-wide Financial Statements: The government-wide financial statements report information about the County as a whole using accounting methods similar to those used by private sector companies. The Statement of Net Position includes all of the County's assets and how they have changed. Net postion, the difference between the County's assets and liabilities, is one way to measure the County's overall financial position. All of the current year's revenues and expenses are accounted for in the Statement of Activities.

The Government-wide Financial Statements are useful in assessing the financial position of the County:

- Over time, increases or decreases in the County's net position is an indicator of whether its financial
  position is improving or deteriorating.
- To assess the overall financial condition of the County, additional non-financial factors such as changes in the County's property tax base and the condition of buildings and other facilities should be considered.

In the Government-wide Financial Statements, the County's activities are categorized as:

- Governmental activities: All of the County's basic services are reported here. Taxes, fees, fines, and state and federal grants finance most of these activities.
- Business-type activities: Operation of the County Nursing Home is reported here.

<u>Fund Financial Statements</u>: Fund financial statements focus on the individual parts of the County government. Fund financial statements also report the County's operations in more detail than the government-wide financial statements by focusing on its most significant or "major" funds. Funds are accounting devices the County uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by state law and by bond covenants. The County can establish other funds to control and manage monies for particular purposes or to show that it is properly using certain revenues.

Governmental funds: Most of the County's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds report the acquisition of capital assets and payments for debt principal as expenditures and not as changes to asset and debt balances. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services it provides. Governmental fund information helps to determine (through a review of changes to fund balance) whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation at the bottom of the basic fund financial statements. The County considers the General Fund, the Public Health Fund, the Illinois Municipal Retirement Fund, and the Mental Health Fund to be its significant or major governmental funds. All other governmental funds are aggregated in a single column titled non-major governmental funds.

Management's Discussion and Analysis - Unaudited For the Year Ended November 30, 2014

#### Overview of the Financial Statements (Continued)

- Enterprise funds: The County maintains one enterprise fund. This fund is used to account for the
  operations and maintenance of the County-owned nursing home. Financing is provided by interest earned
  in addition to the collection of prior-year payments received from private sources and from the State of
  Illinois. In a prior year, operation of the nursing home was assumed by a third party, so there is minimal
  activity reported in this fund in the current year.
- Fiduciary funds: The County acts as a trustee for these funds. The County is responsible for the fiduciary funds' assets which can be used only for the trust beneficiaries. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. We excluded these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

<u>Notes to the Financial Statements</u>: The Notes to the Financial Statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

Required Supplementary Information: The Management's Discussion and Analysis, the Major Funds' Budgetary Comparison Schedules, IMRF and Other Post-Employment Benefits Schedules of Funding Progress, and Notes to Required Supplementary Information represent financial information required by GASB to be presented. Such information provides users of this report with additional data that supplements the government-wide financial statements, fund financial statements, and notes (referred to as "the basic financial statements").

Other Supplementary Information: This part of the annual report includes optional financial information such as combining and individual fund statements for the non-major funds (shown in the fund financial statements in a single column). This other supplemental financial information is provided to address certain specific needs of various users of the County's annual report.

Other Required Reporting: The County's financial statements have been audited in accordance with Government Auditing Standards. The Independent Auditors' Report resulting from this audit is included in this section of the report.

<u>Single Audit Section</u>: The County was required to undergo an audit of its compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the County's major federal programs. The Independent Auditors' Report, Schedule of Expenditures of Federal Awards, and Schedule of Findings and Questioned Costs associated with this audit are included in this section of the report.

## Management's Discussion and Analysis - Unaudited For the Year Ended November 30, 2014

#### **Overview of Livingston County Financial Procedures:**

The County of Livingston's discussion and analysis is designed to:

- · Assist the reader in focusing on significant financial issues facing the County;
- Provide an overview of the County's financial activity;
- Identify changes in the County's financial position that could impact its ability to address the subsequent year's challenges;
- · Identify any material deviations from the financial plan; and
- · Identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the Independent Auditors' Report and the County's audited financial statements.

Governmental financial statements summarize fund-type information on a current financial resource basis. The County's financial statements present two different perspectives each with a different snapshot of the County's finances. The financial statement's focus is on both the County as a whole through the consolidated statements and on the major individual funds. Either perspective allows the reviewer to address relevant questions.

From 2000-2010, the County's population had decreased slightly from 39,678 to 38,950. The financial philosophy is to remain fiscally responsible while preparing for the possibility of reduced tax revenue and fees. Host funds have provided the means for major building projects and other capital projects as well as providing revenue for the general fund.

Vendor claims for compensation are reviewed by the respective committees and then approved by the County Board. General Fund committees include Finance, Personal Property, and Sheriff, Jail and License. In addition to regular claims, supplemental claims are reviewed at the end of the month by the Finance Committee to ensure that all funds are paid in a timely manner.

In addition to the General Fund, the County maintains several special purpose funds as listed below.

#### Major Special Revenue Funds:

Public Health Fund and TB Clinic – This fund is used to account for the operations of the County Public Health Department. The basic purpose of the Department is the protection and improvement of the public health in the County, which includes the maintenance of suitable offices, facilities, and equipment necessary in the carrying-out of the program objectives. The Department is charged with enforcement and observation of all state laws, and county and municipal ordinances pertaining to the preservation of health. Within its jurisdiction, and professional and technical competence, the Department will: investigate the existence of any contagious or infectious disease and adopt measures to arrest the progress of these diseases; make all necessary sanitary and health investigations and inspections; and upon request; give professional advice and information to all municipal or school authorities in matters pertaining to sanitation and public health. The primary sources of funding for the Public Health Fund are property taxes and grants supplemented by fees for services. The Public Health Board and Administration monitor grants and services to meet the financial needs of the Department. The Department also operates a Senior Community Health Program.

#### **Overview of Livingston County Financial Procedures:**

#### Major Special Revenue Funds (Continued):

- Illinois Municipal Retirement Fund This fund is used to contribute to the public employee pension system. The fund has four sources of revenue: property taxes, employee contributions, replacement taxes and interest income. The two principal sources are the property tax levies and employer contributions to cover the expense. The County has also chosen to use a portion of the funding that it receives from the state personal property replacement tax to reduce the property tax levy for this fund. The County's actuarial obligations are calculated annually and notification is received from the IMRF Board as to the annual contribution percentage required by the County. The regular IMRF rate was decreased to 10.08% for 2014 from 10.46% in 2013, a 4% decrease. The Sheriff's Law Enforcement Personnel Plan rate increased from 22.36% in 2013 to 22.51% in 2014, a 1% increase.
- Mental Health Fund This fund is used to account for operations of the Mental Health Department. The
  basic purpose of this fund is to establish and execute programs and services in the field of mental health
  consistent with the regulations of the Department of Human Services (DHS). The primary sources of
  funding for Mental Health are annual property taxes and various grants from DHS. The Mental Health
  Board operates behavior health and case management services.

#### Total Revenues:

Governmental revenues increased by \$315,180 from fiscal year 2013 to fiscal year 2014. Revenues from charges for services decreased during the current year primarily due to \$825,000 in Enterprise Zone Offset Fees received in the prior year. Property tax revenue and other tax revenue for the County increased by 3.14% and 17.05% respectively in fiscal year 2014.

Management's Discussion and Analysis - Unaudited For the Year Ended November 30, 2014

#### <u>Discussion of Financial Statements (Current Year Compared to Prior Year)</u> (Continued):

#### Condensed Financial Information (Continued)

Business-type revenues increased by \$283,600 for fiscal year 2014 due to the settlement of outstanding DPA care claims, which resulted in the write-off of a significant portion of the prior-year liability.

#### Total Expenses:

Total governmental expenses increased \$3,193,496 for the year ended November 30, 2014 compared to the year ended November 30, 2013. The increase is primarily due to transportation projects completed during 2014. The majority of the expenditures in the County budget continue to be salaries and benefits. Personnel expenses (salaries/wages, health insurance expenses, social security and retirement costs) for the General Fund employees as a percentage of the General Fund expenses are approximately 63%.

There was not a significant change in business-type expenses between the years ended November 30, 2014 and 2013.

| The change in net position reported for governmental activities in the Statement of Activities is different because:  |   |                   |                 |              |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.   |   |                   |                 |              |

| Depreciation expense  |   | (1,825,595)       | (1,784,702)     | $\widehat{}$ |
| Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is prepsented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. This adjustment results from the net change below. |   |                   |                 |              |

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Livingston County, Illinois (County) is a governmental entity located in central Illinois. Revenues are substantially generated as a result of taxes assessed and allocated to Livingston County (examples would be property taxes, sales taxes, income taxes, and motor fuel taxes) and charges for services performed for constituents of the County. Livingston County revenues are therefore primarily dependent on the economy within its territorial boundaries. Industry within the County is primarily agriculture, manufacturing, and retail.

As discussed further in the Measurement Focus and Basis of Accounting section, these financial statements are presented using the modified accrual basis of accounting. The accounting policies of Livingston County conform to generally accepted accounting principles in the United States of America (GAAP) as applicable to governments. Generally accepted accounting principles include all relevant Government Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied to the extent they are applicable to the modified accrual basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

# A. The Financial Reporting Entity

For financial reporting purposes, in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, the County is a municipal corporation governed by an elected 24-member board, and is the primary government in these financial statements. The County provides a full range of municipal services for all the residents of the County.

The financial statements present the County (the primary government) as a whole. As defined by GASB, component units are legally separate entities that are included in the County's reporting entity because of the significance of their operating or financial relationships with the County. Based on the following criteria, there is one component unit reflected in the accompanying financial statements. Additionally, Livingston County is not dependent on any other entity.

# **Individual Component Unit Disclosures**

The County has developed criteria to determine whether other entities are component units of the County. Component units are legally separate organizations for which the elected officials of Livingston County are financially accountable. Livingston County would be considered financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will (significantly influence the programs, projects, activities, or level of services performed or provided by the organization) on the organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on Livingston County (i.e., entitled to or can assess the organization's resources, is legally obligated or has otherwise assumed the obligation to finance deficits of, or provide financial support to the organization, or is obligated in some manner for debt of the organization).

Notes to Basic Financial Statements For the Year Ended November 30, 2014

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

A. The Financial Reporting Entity (Continued)

# **Individual Component Unit Disclosures (Continued)**

If an organization is fiscally dependent on Livingston County, the County is considered financially accountable regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board. Based on this criteria, there is one component unit of the County, as follows:

# **Emergency Telephone System Board of Livingston County**

The component unit column in the government-wide financial statements includes the financial data of the County's component unit, the Emergency Telephone System Board (ETSB). The ETSB has a year end of November 30. It is reported, as a discretely presented component unit, in a separate column to emphasize that it is legally separate from the County. The Livingston County Board Chairman with the advice and consent of the Livingston County Board appoints board members to the ETSB and is not to exceed 11 members. These members are then responsible for planning the 911 emergency system, receiving monies imposed under an established surcharge, and authorizing disbursements. The geographic area served by the ETSB is the same as the County. The Livingston County Board has the responsibility for approving the rate of the surcharge which funds the activities of the ETSB and therefore has the ability to impose its will on the Board as described by authoritative accounting literature. Separate financial statements of the ETSB are not prepared.

# Other Districts

The County Board Chairman and County Board make appointment of the governing boards of a number of fire protection, drainage, public water, and sanitary districts. Even though the County Board may appoint a majority of the members of the respective districts, the members do not serve at the discretion of the County Board, that is, they can be removed only for cause. There are no indications that the County Board can impose its will over these districts and therefore present no financial accountability. These units are not considered component units of Livingston County, Illinois.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. The exception would be when certain fees that would be direct costs and user fees have not been eliminated. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The primary government is reported separately from its legally separate component unit for which the primary government is financially accountable.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and the major enterprise fund are reported as separate columns in the fund financial statements.

# C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

#### Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and private purpose trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied for budgetary purposes. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period. For this purpose, the government considers revenues to be available if they are collected within approximately 150 days of the end of the current fiscal period, except for property taxes, which must be collected within 60 days to be considered available. Property taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Trust and Agency Funds have no measurement focus.

The County reports the following major funds:

General Fund – The General Fund is the general operating fund of the County and is always classified as a major fund. It is used to account for all financial resources except those required to be accounted for in another fund. The Tort Judgment Account, Unemployment Insurance Account, Pontiac Host Agreement Account, Capital Projects Account, Streator Host Agreement Account, Working Cash Account, Windfarm Application Fee Account and Livingston County Enterprise Zone Offset Account are also grouped with the General Fund for GASB 54 purposes. The following is a description of these accounts.

- 1. <u>Tort Judgment Account</u> to account for property tax revenues received for payment of general insurance expenses.
- Unemployment Insurance Account to account for property tax revenues received for payment of unemployment expenses.
- Pontiac Host Agreement Account this account is used to account for monies collected for use of the Pontiac Landfill. These funds are assigned by the Board for capital expenditures of the County.
- 4. <u>Capital Projects Account</u> this account is used to account for monies collected for the construction of projects approved by the County Board, as well as costs related to the nursing home closing and modification to operations.
- 5. <u>Streator Host Agreement Account</u> to account for monies collected for use of the Streator Landfill. These funds are committed to be used for solid waste expenses.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

- C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)
  - 6. Working Cash Account to provide monies which may be transferred for the general corporate purposes with which to meet ordinary and necessary disbursements for salaries and other corporate purposes in anticipation of the collection of any taxes levied. These monies are considered to be a temporary loan which must be repaid when sufficient funds are received. The funding was provided by a specific property tax levy.
  - 7. <u>Windfarm Application Fee Account</u> to account for fees received for the windfarm application. The funds are committed by the Board to pay for expenses incurred by the County for legal work and office supplies related to windfarm projects.
  - 8. <u>Livingston County Enterprise Zone Offset Account</u> to account for revenues received from a fee for wind towers being put in service in the County. These funds are committed by the Board for expenses related to County enhancement.

<u>Public Health Fund</u> – This fund is used to account for the operations of the County Public Health Department. The basic purpose of the Department is the protection and improvement of the public health in the County, which includes the maintenance of suitable offices, facilities, and equipment necessary in the carrying-out of the program objectives. The Department is charged with the enforcement and observation of all state laws, and county and municipal ordinances pertaining to the preservation of health. Within its jurisdiction, and professional and technical competence, the Department will: investigate the existence of any contagious or infectious disease and adopt measures to arrest the progress of these diseases; make all necessary sanitary and health investigations and inspections; and upon request; give professional advice and information to all municipal or school authorities in matters pertaining to sanitation and public health.

Illinois Municipal Retirement Fund – this fund is used to account for activities resulting from the County's participation in the Illinois Municipal Retirement Fund. Financing is provided by an annual property tax levy.

Mental Health Fund — this fund is used to account for operations of the Mental Health Department. The basic purpose of this fund is to establish and execute programs and services in the field of mental health consistent with the regulations of the Department of Human Services (DHS). Financing is provided by an annual property tax levy, as well as various grants from DHS.

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The County reports the following major proprietary fund:

<u>Livingston Manor (County) Nursing Home Fund</u> – this fund is used to account for the operations and maintenance of the previously County-operated nursing home. Financing was provided by patient room and care charges received from private sources as well as from the State of Illinois. Other County funds have also assisted in supporting the nursing home.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County Nursing Home enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Additionally, the government reports the following fund type:

<u>Fiduciary Funds</u> – The fiduciary funds consist of private purpose trust funds and agency funds. They are used to account for assets held by the County in a trustee capacity or as an agent for individuals, private organizations, and other governments.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are following in business-type activities and enterprise fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

## Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. All of the funds are maintained during the year by the County using the cash basis of accounting. At the end of the year, the financial statements are converted to the modified accrual basis of accounting through the posting of journal entries.

#### 1. Government-wide financial statements

The governmental activities in the government-wide financial statements are presented using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Basis of Accounting (Continued)

#### 2. Governmental fund financial statements:

The governmental fund financial statements are presented using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

# D. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. The County's property tax is levied each year at the time the budget for the ensuing year is passed and is extended against the assessed valuation of the County on January 1. Taxes are typically due and payable in two installments in June and September at the County Collector's office. Sale of taxes on any uncollected amounts is typically in November or December. Final distribution on the current year levy is made by the County Collector's office at a date after the tax sale, usually not later than the first quarter of the following year.

Property taxes levied in 2013 are reflected as revenues in fiscal year 2014. Amounts not collected by the Collector by November 30, 2014 are either under tax objection or forfeiture. Distributions of these tax objections and forfeiture amounts are recognized as revenue in the year of distribution since collection is uncertain.

Property taxes levied in 2014 have been recognized as assets and deferred, as these taxes will be collected and are associated for budget purposes to be used in 2015.

Additionally, mobile home tax revenues are recognized on the cash basis due to uncertain availability until collection.

# E. Capital Assets

Capital assets, which include property, plant, equipment, media, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the County's government-wide financial statements. Capital assets are defined by the County as assets with an initial individual cost of more than \$250,000 for infrastructure and \$5,000 for all other assets. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. General infrastructure assets acquired before December 1, 1979 have not been reported.

Notes to Basic Financial Statements For the Year Ended November 30, 2014

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

# E. Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the primary government are depreciated using the straight-line method over the estimated useful lives of the assets, which range from 4 to 50 years.

### F. Long-Term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

In the find financial statements, governmental fund types recognize the face amount of debt issued as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. The County issued no new debt in fiscal year 2014.

# G. Budget and Appropriations

The County adopts an annual budget and appropriation ordinance in accordance with Chapter 55 of the Illinois Compiled Statutes. The budget covers the fiscal year ending November 30 and is available for public inspection prior to final adoption, prior to the beginning of the year. All appropriations cease with the close of the fiscal year. The budget document is prepared for all budgetary funds on the modified accrual basis.

Transfers of budgeted amounts among object classification, or any budget increases by means of an emergency or supplemental appropriation, require approval by two-thirds of the County Board members. Adjustments made during the year are reflected in the budget information included in the financial statements. The ultimate level of control is the fund.

Fiscal year budgets have not been prepared for several of the Special Revenue Funds, as expenditures are controlled by approval other than the County Board.

#### H. Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, cash equivalents include time deposits, certificates of deposit, and all highly liquid debt investments with an original maturity of three months or less when purchased. At November 30, 2014, all other investments in the Enterprise Fund qualified as cash equivalents.

# Notes to Basic Financial Statements For the Year Ended November 30, 2014

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

#### I. Investments

Investments are stated at fair value, except money market investments and participating interest-earning investment contracts that have a remaining maturity at the time of purchase of one year or less, which are reported at amortized cost. Certificates of deposit are stated at cost, which approximates fair value.

# J. Inter-fund Activity

Activity between funds that are representative of lending / borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to / from other funds" (i.e., the current portion of inter-fund loans) or "advances to / from other funds" (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to / from other funds."

# K. Receivables and Payables

Accounts receivable in governmental funds are reported at gross with no allowance for uncollectibles since the amount of any uncollectible account is immaterial.

# L. Inventory

All inventory is valued at cost using the first-in / first-out (FIFO) method.

Inventory in the General Fund is the balance of revenue stamps on hand at year end, valued at cost. The inventory is equally offset by a non-spendable fund balance reserve in the General Fund, indicating that it is not "available and spendable." This inventory is accounted for using the consumption method, on a modified accrual basis.

# M. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

# N. Accumulated Unpaid Vacation and Sick Pay (Compensated Absences)

County employees are annually granted vacation and sick leave. Employees are allowed to accumulate vacation days in varying amounts depending on longevity and / or contract. Vacation vests for all employees. Full-time county employees can accumulate twelve days of sick leave a year. All accumulated sick pay is forfeited upon an employee's termination of employment with the County for all County offices other than the Sheriff and Probation Offices. Sheriff's Office employees are paid for unused sick days up to a maximum of 240 days at varying percentages for those employees employed for eight or more years. Accumulated unpaid compensated absences have been accrued in the government-wide financial statements.

Notes to Basic Financial Statements For the Year Ended November 30, 2014

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

#### N. Accumulated Unpaid Vacation and Sick Pay (Compensated Absences) (Continued)

For employees other than the Sheriff and Probation Offices, upon retirement, up to 240 accumulated sick days may be credited to Illinois Municipal Retirement benefits as per their rules and regulations.

#### O. Deferred Outflows / Inflows of Resources

In addition to assets and liabilities, the Statement of Net Position and the fund Balance Sheets sometimes report separate sections for deferred outflows / inflows of resources. These separate financial statement element represents a consumption / acquisition of net position that applies to a future period(s) and so will not be recognized as an outflow (expense / expenditure) or inflow (revenue) of resources until then. The County has one item that qualifies for reporting in these categories:

 Property taxes receivable and deferred property taxes related to the 2014 property tax levy are reported as deferred outflows and inflows on both the government-wide and fund financial statements.

#### P. Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, gains, losses, and other changes in fund equity during the reporting period. Actual results could differ from those estimates. A material estimate that is particularly susceptible to significant change in the near term relates to the determination of the other postemployment benefits liability.

#### Q. Reclassifications

Certain prior year balances have been reclassified to conform to the current year presentation.

# R. Fund Balance Classification

Beginning with fiscal year 2011, the County implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

#### R. Fund Balance Classification (Continued)

#### 1. Non-spendable:

This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Fund balances are considered non-spendable for the following purposes at November 30, 2014:

| Inventory     | \$      | 30,642 |
|---------------|---------|--------|
| Prepaid items | <u></u> | 905    |
| Total         | \$      | 31,547 |

#### 2. Restricted:

This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grants, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Fund balances are restricted for the following purposes at November 30, 2014:

| Roads and bridges           | \$ 96,140      |
|-----------------------------|----------------|
| Retirement                  | 1,643,760      |
| Public health and welfare   | 179,893        |
| Judiciary and court related | 79,822         |
| Public safety               | 116,789        |
| Recordkeeping               | 271,251        |
| Insurance                   | <u>879,805</u> |
| Total                       | \$3,267,460    |

#### 3. Committed:

This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the County Board. These amounts cannot be used for any other purpose unless the County Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. The County Board committed the fund balances of various special revenue funds during the year ended November 30, 2014. Fund balances are committed for the following purposes at November 30, 2014:

| Roads and bridges           | \$ 40,178        |
|-----------------------------|------------------|
| Judiciary and court related | 185,783          |
| Public safety               | 111,906          |
| Recordkeeping               | 85,763           |
| General government          | <u>5,802,610</u> |
| Total                       | \$6,226,240      |

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

#### R. Fund Balance Classification (Continued)

# 4. Assigned:

This classification includes amounts that are constrained by the County's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the County Board, or through the County Board delegating this responsibility to another party through the budgetary process. Fund balances are assigned for the following purposes at November 30, 2014:

| Roads and bridges                    | \$<br>1,603,528  |
|--------------------------------------|------------------|
| Public health and welfare            | 2,725,616        |
| Judiciary and court related          | 2,087            |
| Public safety                        | 12,459           |
| Recordkeeping and general government | 209,908          |
| Insurance                            | 78,017           |
| Capital projects                     | <br>9,393,476    |
| Total                                | \$<br>14,025,091 |

#### 5. Unassigned:

This classification includes the residual fund balance for the General Fund and includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts. Unassigned fund balance in the General Fund was \$11,169,443 at November 30, 2014. Unassigned fund balance also includes the Matching Tax Fund deficit of \$184,057 as of November 30, 2014.

The County typically uses Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

### NOTE 2: CASH AND INVESTMENTS

The investment and deposit of County monies is governed by provisions of the Illinois Compiled Statutes. In accordance with these provisions, all County monies must be invested in one or more of the following:

- A. Interest-bearing savings accounts, interest-bearing certificates of deposit or interest-bearing time deposits constituting direct obligations of any bank as shall have been selected and designated under the terms of the statutes and as shall have complied with the requirements thereof;
- B. Shares or other forms of securities legally issuable by savings and loan association incorporated under the laws of this state or any other state or under the laws of the United States, provided such shares or securities are insured by the Federal Depository Insurance Corporation (FDIC);
- C. Bonds, notes, certificates of indebtedness, treasury bills or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
- D. Short-term discount obligations of the Federal National Mortgage Association.

#### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County has adopted a formal investment policy which states that collateral with a market value of 110 percent of deposits in excess of \$250,000 per institution shall be required. The policy also states that all investment securities purchased by the County and all collateral pledged to the County's deposits shall be held in safekeeping by an independent third party.

The County's deposits and certificates of deposit are required to be covered by federal depository insurance (FDIC) or by securities held by the pledging financial institution. The FDIC currently insures the first \$250,000 of the County's deposits at each financial institution. Deposit balances over \$250,000 are collateralized with securities held by the pledging financial institution.

As of November 30, 2014, \$46,313 of the County's bank balance of \$38,513,773 (excluding agency fund balances) was exposed to custodial credit risk because it was uninsured and was not collateralized by securities held by the pledging financial institution.

Notes to Basic Financial Statements For the Year Ended November 30, 2014

# NOTE 2: CASH AND INVESTMENTS - (CONTINUED)

At November 30, 2014, the carrying amount of the component unit's deposits, which includes demand deposits and certificates of deposit, was \$468,921, and the bank balance was \$473,590. The entire bank balance was insured or collateralized with securities held by the component unit or its agent in the component unit's name.

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of a investment. The County's investment policy does not limit investment maturities, other than corporate paper, as a means of managing its exposure to fair value losses arising from increasing interest rates.

Interest Rate Risk – The County does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### Credit Risk

Credit risk is the risk that an issuer or other counterparty to a debt investment will not fulfill its obligations. The County's investment policy does limit its investments to the top rating issued by nationally recognized statistical rating organizations. It's policy allows investment in short-term obligations of corporations organized in the United States with assets exceeding \$500,000 if such obligations are rated at the time of purchase within the three highest classifications established by at least two standard rating services and which mature not later than 180 days from the date of purchase.

As of November 30, 2014, the County's investment in the Illinois Funds, the investment exposed to credit risk, were rated AAAm by Standard and Poor's.

Additionally, during the year, the Livingston County Treasurer serves in an agency capacity as the collector of property taxes. At a given point in the tax collection cycle, unsecured, uninsured deposits and investments may significantly exceed amounts at year-end. The policy to obtain securities follows Illinois Compiled Statutes which state that uncollateralized deposits and investments shall not exceed 75 percent of the capital stock and surplus of the financial institution.

#### NOTE 6: <u>DEFINED BENEFIT PENSION PLAN – IMRF</u>

Plan Description. The County's defined benefit pension plan for Regular, Veterans Administration members, and Sheriff's Law Enforcement Personnel employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The County's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained online at www.imrf.org.

Funding Policy. As set by statute, the County's Regular, Veterans Administration members, and Sheriff's Law Enforcement Personnel plan members are required to contribute 4.50, 4.50, and 7.50 percent, respectively, of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The County's annual required contribution rate for calendar year 2013 for Regular, Veterans Administration members, and Sheriff's Law Enforcement Personnel employees was 10.46, 12.96, and 22.36 percent, respectively. The County also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The County's required contribution for calendar year 2013 for Regular, Veterans Administration members, and Sheriff's Law Enforcement Personnel plan members was \$783,148, \$4,379, and \$383,575, respectively, was equal to the County's required and actual contributions.

The required contribution for 2013 was determined as part of the December 31, 2011, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2011, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10.0% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of the County's plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The County Regular, Veterans Administration members, and Sheriff's Law Enforcement Personnel plans' unfunded actuarial accrued liabilities at December 31, 2011 are being amortized as a level percentage of projected payroll on an open 10 year basis.

#### NOTE 6: DEFINED BENEFIT PENSION PLAN – IMRF – (CONTINUED)

Funded Status and Funding Progress. As of December 31, 2013, the most recent actuarial valuation date, the Regular plan was 95.32 percent funded. The actuarial accrued liability for benefits was \$23,246,995 and the actuarial value of assets was \$22,158,477 resulting in an underfunded actuarial accrued liability (UAAL) of \$1,088,518. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$7,487,074 and the ratio of the UAAL to the covered payroll was 15 percent.

As of December 31, 2013, the most recent actuarial valuation date, the Veterans Administration members plan was 100.77 percent funded. The actuarial accrued liability for benefits was \$42,483 and the actuarial value of assets was \$42,810 resulting in an overfunded actuarial accrued liability (UAAL) of \$327. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$33,786. Because the plan is overfunded, there is no ratio of the UAAL to the covered payroll.

As of December 31, 2013, the most recent actuarial valuation date, the Sheriff's Law Enforcement Personnel plan was 68.81 percent funded. The actuarial accrued liability for benefits was \$7,236,981 and the actuarial value of assets was \$4,980,115 resulting in an underfunded actuarial accrued liability (UAAL) of \$2,256,866. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$1,715,454 and the ratio of the UAAL to the covered payroll was 132 percent.

The Schedules of Funding Progress, presented as RSI following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

# NOTE 7: OTHER POST-EMPLOYMENT BENEFITS

The County implemented Governmental Accounting Standards Board Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, effective December 1, 2008. This statement requires the costs of postemployment benefits other than pension benefits to be recognized over a period that approximates an employee's years of service. Because the County is adopting the requirements of GASB Statement No. 45 prospectively, recognition of the liability accumulated from prior years will be phased in over 30 years, commencing with the 2009 liability. Implementation of this statement resulted in recording a liability of \$42,345 as of November 30, 2014. Additional disclosures required by this statement are as follows.

Membership in the plan consisted of the following as of November 30, 2014:

| Retirees and beneficiaries receiving benefits Terminated plan members entitled to but not yet receiving benefits Active vested plan members Active nonvested plan members Total | 6<br>0<br>24<br><u>148</u><br><u>178</u> |
|---|--|
| Number of participating employers   | 1  |

# NOTE 7: OTHER POST-EMPLOYMENT BENEFITS – (CONTINUED)

In additional to the pension benefits described in Note 6, the County provides healthcare insurance for certain retired employees. All employees who meet the IMRF retirement eligibility requirements and qualified for health insurance benefits prior to retirement may participate in the healthcare insurance program, which covers both active and retired members. The County pays the full monthly premium. The plan does not issue a separate report. The activity of the plan is reported in the County's governmental activities.

The County Board determines the benefits to be provided and contribution requirements. The County currently funds these benefits on a pay-as-you-go basis and has not established a separate trust fund. Retiree health coverage is implicitly more expensive than active health coverage. This higher cost of coverage creates a liability assigned to the County. For fiscal year 2014, 6 retirees were receiving health benefits through the County's healthcare insurance plan.

The County's implicit contributions for fiscal year 2014 were \$51,919.

# Annual OPEB Cost and Net Obligation

The County's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an on-going basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the County's OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation.

The annual required contribution, based on the most recent actuarial valuation as of November 30, 2012, was determined as follows:

| Normal cost  | \$                                      | 22,679   |

#### Funded Status and Funding Progress

As of November 30, 2012, the most recent actuarial valuation date, the OPEB was 0% funded. The actuarial accrued liability for benefits was \$533,277 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$533,277. The covered payroll (annual payroll of active employees covered by the OPEB) was \$7,714,999, and the ratio of UAAL to covered payroll was 7 percent.

Actuarial valuations of an on-going plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

#### **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing the benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the November 30, 2012 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions included at 5% discount rate, salary increases comprised of a wage inflation component of 5%, and an ultimate healthcare inflation rate of 5%. The UAAL is being amortized as a level percentage of payroll over 30 years based on an open group. The remaining amortization period at November 30, 2013 was 30 years.

Notes to Basic Financial Statements For the Year Ended November 30, 2014

# NOTE 8: LEASE AGREEMENTS - LESSOR

#### A. Land - Agricultural Use

On November 16, 2012 the County entered into a lease agreement for 213.8 acres of land at \$376 per acre per year, to be used for agricultural purposes only. The lease agreement was in effect from December 1, 2012 through October 31, 2014. Lease required semi-annual installments of \$40,194 on March 1 and September 1. The lease was renewed on November 1, 2014 for 24 months and requires semi-annual installments of \$32,231.

The inter-fund transfers are made primarily for reimbursement of eligible expenditures and to supplement other funds' resources in operations.

There were no individual inter-fund receivable and payable balances at November 30, 2014.

#### **NOTE 12: RISK MANAGEMENT**

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; ownership, maintenance, or use of a covered automobile; and natural disasters. The County purchases commercial, liability, and auto insurance for all risks of loss except workers' compensation. Settled claims have not exceeded this coverage in any of the past three fiscal years. The County currently reports all of its risk management activities in its General Fund. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated.

For risks of loss related to worker's compensation claims, the County participates together with other counties in the State of Illinois in the Illinois Public Risk Fund (IPRF). The County pays an annual premium to IPRF to purchase worker's compensation insurance coverage.

# **NOTE 13: RELATED PARTY TRANSACTION**

Livingston County, Illinois, has an expired Intergovernmental Agreement with the Emergency Telephone System Board of Livingston County, Illinois, a component unit of the County, to receive dispatch services for the County for \$225,000 per year. For the period from December 1, 2013 through November 30, 2014, the County received services from the Emergency Telephone System Board under the same terms as the previous expired agreement.

The County paid \$225,000 to the Emergency Telephone System Board for the year ended November 30, 2014. No fees were payable to the Board at November 30, 2014.

#### **NOTE 14: CONTINGENCIES**

The County is defendant in several lawsuits considered by management to be ordinary and incidental, or which have no foundation in fact. Although the outcome of these legal actions is not presently determinable, management believes valid defenses exist as to all such litigation and disputes and is of the opinion that these will not have a material effect on the County's financial statements.

The County participates in a number of federally and state funded grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. The County believes there will be no material questioned or disallowed costs as a result of these grant audits.

#### NOTE 15: LIVINGSTON MANOR NURSING HOME OPERATIONS

Beginning March 1, 2010, all operations and management of the Nursing Home were transferred to Good Samaritan Home of Flanagan in accordance with agreements entered into during November 2008. The terms of the rent agreement state that Good Samaritan shall lease the building along with all equipment and personal property contained therein from the County for the sum of \$1 per year. In addition, Good Samaritan shall pay the County 3% per year of the amount by which the gross income exceeds operating expenses. Good Samaritan shall also be responsible for payment of annual property taxes on the facility. The rent agreement expires December 31, 2014.

During the year-ended November 31, 2014, the County settled an outstanding balance due to the State of Illinois. Under the settlement, the County paid \$50,856 to the State related to DPA Care claims submitted in prior years. The remaining accrued balance of \$283,676 was written off, and was recognized as revenue in the current year.

The Livingston County Board adopted an amended agreement on November 15, 2012 extending the terms of the previous agreements. In November 2012, a payment of \$2,500,000 was made to Good Samaritan to assist with their efforts of obtaining required business financing. If the skilled bed facility and rehabilitation center is not completed and ready for occupancy on or before December 31, 2014, all agreements are terminated unless a further extension is agreed upon.

Notes to Basic Financial Statements For the Year Ended November 30, 2014

# NOTE 16: ACCOUNTING CHANGES AND PENDING PRONOUNCEMENTS

#### **Accounting Changes**

In March 2012, the Governmental Accounting Standards Board (GASB) issued Statement 65 "Items Previously Reported as Assets and Liabilities." The County adopted this guidance for the year ended November 30, 2014.

# Pending Pronouncements

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement 68 "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27. The County is required to implement this standard for the fiscal year ending November 30, 2015.

#### NOTE 17: PRIOR PERIOD ADJUSTMENTS

Fund balance at the beginning of 2013 was adjusted to correct an error of employee benefits expense in a prior year made in the General Fund. Had the error not been made, the net change in fund balance for 2012 would have been increased by \$146,039. The error had no effect on the change in net assets in the Statement of Activities for the years ended November 30, 2013 and 2014.

### **NOTE 18: SUBSEQUENT EVENTS**

Management evaluated subsequent events through April 8, 2015, the date the financial statements were available to be issued. No amounts were required to be recorded or disclosed in the financial statements as of November 30, 2014 as a result of events occurring between December 1, 2014 and April 8, 2015.

Notes to Required Supplementary Information For the Year Ended November 30, 2014

#### NOTE 1: BUDGETARY COMPARISON SCHEDULES

The budgetary comparison schedules for the General Fund, Public Health Fund, Illinois Municipal Retirement Fund, Mental Health Fund, and Matching Tax Fund, present comparisons of the budget with actual data on a modified accrual basis. This is consistent with the modified accrual basis of accounting used to prepare the schedules of revenues, expenditures, and changes in fund balance for those funds.

The County's fiscal year 2014 budget was adopted on November 14, 2013 and was not amended; however, a resolution authorizing transfer of budgetary amounts within the General Fund was adopted on November 13, 2014.

#### **NOTE 2: BUDGETARY PROCEDURES**

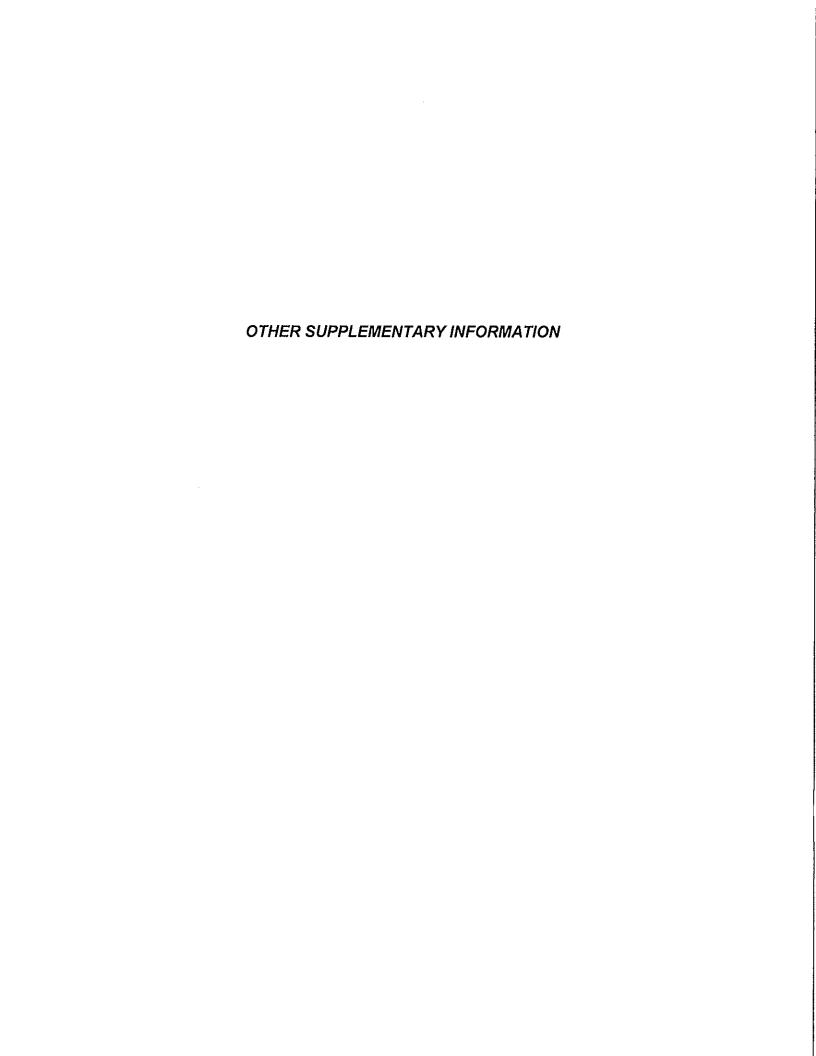

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

Formal budgetary integration is employed as a management control device during the year for the General Fund and annually budgeted Special Revenue Funds. Prior to December 1, the budget is legally enacted through passage of an appropriation ordinance.

The transfer of budgeted amounts between departments within any fund must be approved by the County Board.

#### NOTE 3: EXPENDITURES IN EXCESS OF APPROPRIATIONS - MAJOR FUNDS

Expenditures in individual major funds did not exceed appropriations for the year ended November 30, 2014.

Non-Major Special Revenue Funds Fund Descriptions For the Year Ended November 30, 2014

#### County Highway Fund

This fund is used to account for the general operations of the County Highway Department. Financing is principally provided by an annual property tax levy for the purposes of improving, maintaining, and repairing the highways for which the County has these responsibilities (highways which the County constructs, improves, and maintains). In addition to the ad valorem taxes, the county Highway Fund receives revenue from service fees charged to other governmental units, funds or individuals, and reimbursements and matching grants with the State of Illinois or other units of local government.

### County Motor Fuel Tax Fund

This fund is used to account for the operations of the County Highway Department in connection with highway construction and maintenance projects as authorized by the Illinois Department of Transportation. Financing is provided by the County's share of the State motor fuel tax.

### County Aid to Bridges Fund

This fund is used to account for the operations of the County Highway Department in administering the Illinois Road and Bridge Act. Financing is provided by an annual property tax levy and matching grant agreements with the State of Illinois and the townships within the County. The funds are to be used for bridges, culverts, and drainage structures or grade separations, including embankment or trestle work approaches thereto.

<u>Matching Tax Fund</u> – this fund is used to account for operations of the County Highway Department in cost-sharing programs with the federal government in connection with constructing or re-constructing highways in the Federal Aid Secondary System and engineering and right-of-way costs. Funding is provided by an annual property tax levy, as well as state and federally funded grants.

Fiduciary Funds
Fund Descriptions
For the Year Ended November 30, 2014

### **Private Purpose Trust Funds**

### Township Motor Fuel Tax Fund

This fund is used to account for the County's stewardship of the assets held in trust for the benefit of the township road districts. The County Superintendent of Highways acts as a trustee for the township road districts and directs the Township Commissioners as to the best methods of repair, maintenance, and improvements of highways and bridges in their districts. Financing is provided by the township's allocation of the state motor fuel taxes and interest on invested funds.

### Township Bridge Program Fund

This fund is used to account for the County's stewardship of the assets held in trust in connection with the Township Bridge Program. The fund receives payment from the State and townships under matching agreements and administers the program as the trustee for both the State and townships.

### Agency Funds

The County maintains a variety of agency funds. At any given point in time, total agency fund assets are equally offset by related liabilities, including amounts due to the parties for whom the assets are being held (taxing bodies, for instance). Agency funds have no fund equity, and do not involve measurement of revenues, expenditures, or expenses.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Chairman and Members of the County Board Livingston County, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Livingston County, Illinois, as of and for the year ended November 30, 2014, and the related notes to the financial statements, which collectively comprise Livingston County, Illinois' basic financial statements and have issued our report thereon dated April 8, 2015.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Livingston County, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Livingston County, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of Livingston County, Illinois' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the Schedule of Findings and Questioned Costs included in the Single Audit section of this report (item 2014-1) that we consider to be a significant deficiency.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Livingston County, Illinois' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the management of Livingston County, Illinois, in a separate letter dated April 8, 2015.

### Livingston County, Illinois' Response to Findings

Livingston County, Illinois' response to the findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Livingston County, Illinois' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Chairman and Members of the County Board Livingston County, Illinois

### Report on Compliance for Each Major Federal Program

We have audited Livingston County, Illinois' compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have direct and material effect on each of Livingston County, Illinois' major federal programs for the year ended November 30, 2014. Livingston County, Illinois' major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Livingston County, Illinois' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Livingston County, Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Livingston County, Illinois' compliance.

### Opinion on Each Major Federal Program

In our opinion, Livingston County, Illinois, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended November 30, 2014.

### **Report on Internal Control Over Compliance**

Management of Livingston County, Illinois, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Livingston County, Illinois' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Livingston County, Illinois' internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2014-1 to be a significant deficiency.

Livingston County, Illinois' response to the internal control over compliance findings identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Livingston County, Illinois' response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

### Schedule of Findings and Questioned Costs For the Year Ended November 30, 2014

### SECTION II: FINANCIAL STATEMENT FINDINGS AND RESPONSES

Finding 2014-1: Segregation of Duties

Condition:

Due to the limited number of personnel performing functions in various offices of the County, there is inadequate segregation of duties over accounting transactions in those offices.

Criteria or specific requirement:

An effective system of internal control is based on adequate segregation of duties. In order to properly segregate duties, there must be a number of personnel available to whom responsibilities can be assigned to provide the appropriate checks and balances of any system.

Effect:

As a result of the inadequate segregation of duties, and due to the limited number of personnel involved in accounting transactions, there is a higher risk that errors or misappropriations could occur and not be detected within a timely period.

Cause:

There are a limited number of personnel involved in accounting transactions within the County offices.

#### Recommendation:

When there is an inadequate segregation of duties caused by limited availability of personnel, management's close supervision and review of accounting information is the best means of preventing or detecting errors and irregularities.

Views of responsible officials and planned corrective action:

Management will continue monitoring financial results throughout the year to the extent possible.

### Responsible parties:

- Kristy Masching, County Clerk
- Michael Burke, Coroner
- Seth Uphoff, State's Attorney

### COUNTY OF LIVINGSTON, ILLINOIS

### Summary Schedule of Prior Audit Findings For the Year Ended November 30, 2014

### **Financial Statement Findings**

Finding 2013-1: <u>Segregation of Duties</u>

This finding continues to exist due to the limited number of personnel performing accounting functions in the various offices of the County. This finding was repeated as finding 2014-1.

Finding 2013-2: Significant Audit Adjustments

The County implemented accounting policies and procedures which allow management and other employees, in the normal course of performing their assigned functions, to prevent and detect misstatements on a timely basis. Responsible officials now record necessary cash-to-accrual adjustments at year-end, and no significant audit adjustments were required for the year ended November 30, 2014. This finding has been removed.
