GFOA DISTINGUISHED BUDGET PRESENTATION AWARD

The Government Finance Officers Association of the United State and Canada (GFOA) presented a Distinguished Budget Presentation Award to Livingston County, Illinois, for its Annual Budget for the fiscal year beginning December 1, 2022. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

County Board Members
Citizens of Livingston County

SUBJECT: Livingston County 2024 Budget

Dear Livingston County Board Members and Citizens:

We are pleased to submit the Livingston County Fiscal Year 2024 Budget for your review and public inspection. The Budget has been prepared in compliance with state statute, generally accepted budgeting principles, funding agency requirements, and the budget guidelines and direction given by both the Finance Committee and the Livingston County Board.

Livingston County is utilizing the Recommended Budget Practices adopted by the National Advisory Council on State and Local Budgeting. These practices advocate a goal-driven approach to budgeting that spans the planning, development, adoption, and execution phases of the budget. Recommended budget practices encourage governments to consider the longer-term consequences of such actions to ensure that the impact of their budget decisions are understood, linking both long- and short-term planning with the budget process.

FY 2023-24 Planning, Priorities and Goals

The County Board, in conjunction with both Elected Officials and Department Officials, kicked off the 2023-2024 Strategic Planning process with a presentation given by Human Resources Director Ginger Harris, Finance Director Diane Schwahn, and Executive Director Alina Hartley. The presentation focused on current trends, analytics and data for Livingston County for the purpose of stimulating conversation during the planning process. A detailed synopsis of this presentation is included at the end of the Strategic Plan document and priorities.

This planning, as in previous years, focused on SWOT Analysis (Strengths, Weaknesses, Opportunities and Threats). From the previous year, short term goals are centered on five focus areas: County Finances & Assets, Public Health, Public Safety & Services, Business Climate, Quality of Life – Citizens, and Quality of Life – Employees. Based on the SWOT Analysis within the five focus areas, the County Board established Strategic Priorities as follows: Retention & Recruitment, Population/Out Migration, Cyber Security/Technology Demand, Reliable Affordable Internet Access, and County Finances & Assets. Goals were established for each of these Priorities. A copy of the 2023-2024 Strategic Plan is included within this budget document.

FY 2024 Budget Highlights – Revenues

The FY2024 budget projects total revenues of \$37,658,209 (including transfers) across all funds. This represents just over a 23% increase in budgeted revenue compared to FY2023. Most of the major revenue streams are seeing an increase and the addition of License & Permit Fees revenue accounts for over 1/3 of the \$7.2M increase over FY2023.

Property tax has always been a major funding source for the County and for FY2024, it accounts for 27.23% of all revenue. Fees, Fines and Charges for Services are the second major funding source for the County accounting for 24.57% of all revenue.

The property tax levies this year represent a 4.84% increase over FY2023, however, the county tax rate was again reduced in FY2024. The FY2024 budget reflects an estimated overall county tax rate of 1.00544 compared to 1.04548 in FY2023. This rate is based on the Equalized Assessed Value (EAV) projections submitted by the Supervisor of Assessments. The county's portion of the overall tax rate has declined slightly over the years, however, there are many factors that play into the overall rate.

There are a total of 202 taxing bodies within the county, which fall into five different categories: County, Township & Road Districts, Cities, Villages & Incorporated Towns, Schools, and Special Districts. In assessment year 2022, (payable in tax year 2023) there was \$82,346,676 levied and extended amongst all the taxing districts within the county. Livingston County accounted for 12.31% of the overall tax levy. School districts accounted for 66.20% of the overall tax levy, while City and Village Municipalities accounted for approximately 11%. The remaining is spread among Townships, Road Districts and other Special Districts as reflected in the chart below.

TAX EXTENSIONS 2022, PAYABLE 2023

FY2022 Tax Extensions

School Districts	54,512,313
County	10,137,947
Cities & Villages	8,970,659
Townships & Road Districts	5,000,112
Special Districts	3,725,645
	<hr/>
	\$82,346,676

These taxes were extended among all the parcels within the county, which had a total Equalized Assessed Value (EAV), prior to exemptions, of \$1,031,527,540; with a rate setting EAV of \$921,244,632. There are six different property classifications used within Livingston County: Residential, Commercial, Industrial, Farm A, Farm B, Wind Turbines and Other. In the last 5 years, residential property values have been increasing and may finally be recovering from the last recession. Residential property values are just now higher than they were in 2009. Farmland (Farm B) has seen the most significant increase over recent years due to legislative changes implemented in the Farmland Assessment Act. Over the last 10 years, EAV for Farmland has doubled. In 2011, Farmland accounted for 15.13% of the overall EAV within the county; Farmland now accounts for 30.90%.

2022 EAV ALLOCATIONS

The increases in EAV's within the county have been minimal and certainly have not kept up with the overall extensions resulting in increases to the overall tax rate to the taxpayers of the county. So while the County's tax rate has declined, the overall combined tax rate has increased in most areas of the county. Since the County accounts for such a small portion of the overall tax rate, minimal decreases will likely have little impact on the overall rate. However, County Board members should continue to keep these issues in mind, as they plan for the future.

Additional information on the shift in Equalized Assessed Values compared to the tax extensions was presented during the Strategic Planning Session in 2023. Copies can be obtained by request from the County Board Office.

FY 2024 Budget Highlights – Expenses

The FY2024 Budget appropriates \$47,032,882 in projected expenses across all funds, which represents a decrease of \$1.1M. This decrease is attributed to a decrease in the amount of Capital Outlay expenditures. With all phases of the Health building construction completed in FY2023 and also the completion of the new Highway Maintenance Building, the budgeted amount of Capital Outlay for FY2024 is significantly lower.

Although there was an overall decrease in total expenditures, there is still a budget deficit for FY2024 of approximately 9.4M. This deficit is attributed to the following: an approximate \$3.9 million deficit across all County Highway funds, a \$2.9 million deficit in the Pontiac Host Fund due to the roof project for the Historic Courthouse, and a \$2.9 million deficit in the American Rescue fund.

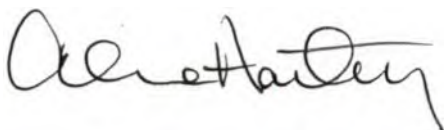

Personnel costs still account for the largest portion of the County's total expenses – 35.65% across all funds and 60% of the General Fund expenses. In the last two years there have been larger increases in personnel costs to accommodate the increases in the minimum wage. In FY2024, the Finance Committee approved to cover the cost of 50% of family insurance for County employees. This will be done on a trial basis in FY2024 and FY2025 and will be reviewed during the FY2026 budget process.

FY 2024 Fund Balance

Over the last 5 years, there has been nearly a 30% increase in overall Fund Balance. This growth has allowed the County to build up reserves in order to accommodate the large capital projects that would otherwise require financing. For FY2024, the anticipated end-of-year fund balance across all funds is \$43,623,921. So, while the FY2024 budget includes a deficit of \$9.4M, fund balances continue to remain strong.

We would like to commend both the Elected and Department Officials for their efforts in developing this year's budget, as well as assisting the County in meeting their overall budgetary goals. We would also like to thank the Finance Committee and the County Board for their support in the development of this budget document.

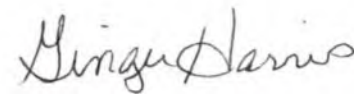

Respectfully Submitted,

READER'S GUIDE TO FISCAL YEAR 2024 BUDGET DOCUMENT

This budget document has been prepared with two goals in mind. One is to present a document that is easy to read and understand. The second is to present a document that the County Board can best use to meet their goals and objectives of providing quality service levels at the lowest cost to citizens.

Livingston County's fiscal year 2024 budget has been organized into 6 sections as follows:

- **Section 1: Introduction** – This section will provide an overview of Livingston County's budget process, as well as planning, structure, and demographic information.
- **Section 2: Summary** – The summary section provides an overview and highlights of the total budget.
- **Section 3: General Fund & Related Special Revenue Funds** – A summary of the revenue and expenditure detail for the General Fund as a whole is provided in this section, as well as budget details by category. Following the summaries are budget narratives for each of the General Fund departments. These narratives include a mission statement, organizational chart, functions, goals and objectives, and performance indicators. The detailed budget is also included with an analysis of revenues and expenditures. Any Special Revenue Funds that are related specifically to the elected officials or department officials of the General Fund are included immediately following the official's General Fund Budget.
- **Section 4: Other Tax Levy Funds** – The budgets for the other funds that are financed by the tax levy are provided in this section. The structure of the narrative is the same as General Fund department budgets.
- **Section 5: Other Special Revenue Funds** – The budgets for the remaining special revenue funds are provided in this section. The structure of the narrative is the same as General Fund department budgets.
- **Section 6: Capital Budget** – This section will provide financial detail of the County's fund that is used for capital projects, as well as updates of previously budgeted projects.
- **Section 7: Supplemental Information** – This section includes additional information such as the property tax levy, a report on personnel/staffing as well as a report on Discretionary Programs, and a glossary of terms.

The budget document is an excellent way to communicate to the general public the goals and objectives of the County Board and all departments/divisions. The FY2024 and previous budgets are in electronic format on the Livingston County website under County Services-Finance.

Livingston County – Demographics

Livingston County is located in the northeast quarter of Illinois, is approximately 92 miles from Chicago, and is midway between Chicago and Springfield. The County was established in 1837 and was formed from parts of McLean, LaSalle and Iroquois counties. The first and only county seat at Pontiac, was incorporated in 1856 by an act of the State Legislature and Township Government was adopted in 1858. The total area of the county is 1,044 square miles, making it the 4th largest county in Illinois by land area. The estimated population as of July 2022 was 35,521. Between the 2010 and 2020 census, the population dropped approximately 8%.

There are 3 cities, 1 town, and 12 villages located in Livingston County:

City of Fairbury

City of Pontiac

City of Streator

Town of Chatsworth

Village of Campus

Village of Cornell

Village of Cullom

Village of Dwight

Village of Emington

Village of Flanagan

Village of Forrest

Village of Long Point

Village of Odell

Village of Reddick

Village of Saunemin

Village of Strawn

Government has the largest sector of total workers by industry, followed by Manufacturing, Health Care and Social Assistance and Retail Trade. The county's largest private sector employers include Caterpillar Inc., LSC Communications, Vactor and OSF Saint James Hospital. As of 2021, the median household income was \$61,419.

The unemployment rate in Livingston County, as of June 30, 2023 was 4.2%. This is an increase from last year at this time (3.7%). Livingston County is no longer below the State of Illinois unemployment rate (4.0%) or the national unemployment rate (3.8%).

The residents of Livingston County are served by 20 public school districts, which consist of 8 Grade Schools (PreK-8th Grade), 4 High Schools, and 8 Unit School Districts (PreK-12th Grade), 5 private schools (3 PreK-8th Grade, 1 K-12 and 1 PreK) and 6 junior colleges.

Livingston County Government

In FY2022, the County Board voted to reduce the size of the Board beginning in FY2023. Livingston County will operate under 18 elected Board Members. There will be 6 members elected from each of the 3 districts in the County.

Also, in FY2022, a review of the Standing Rules was done by the Elections Committee. The changes to the Standing Rules were submitted to the County Board in December, 2021 and were approved. One of these changes was to reduce the number of committees. There are now 8 standing committees instead of 10.

Administrative	Coordinates the activities of the County Board; responsible for all forms of insurance, other than employee health insurance, secures the issuance of bonds for all County officers required by law to secure a bond; addresses concerns, problems and policy issues involving the Executive Director, Human Resources Director, Finance Director and Network & Computer Systems Administrator. The Chair of this committee is the County Board Chairperson and members of this committee consist of the Chairpersons of the other Standing Committees.
Agriculture & Zoning	Responsible for all matters pertaining to the agricultural interest of the County, including the eradication of noxious weeds, Emergency Services, landfill activities, windfarm siting, special use permits and zoning.
Rules, Legislation, Veterans & Community Services	Approve name of judges of elections and the place of holding elections in each town and precincts (in June of even numbered years); responsible for the revision and compiling of the Standing Rules of the County Board and shall examine proposed legislation before the Illinois General Assembly and make specific recommendations to the County Board. The Committee shall be responsible for reviewing the services provided within the community, working with the Veterans Assistance Commission, Public Health and Mental Health, as well as other Community Organizations.
Finance	Examine and approve all bills payable by the County not otherwise provided for herein; prepare the annual budget to be submitted at the October meeting to be approved by the County Board; employ the services of an auditor to perform the annual audit; address concerns, problems and issues involving the County Clerk, Assessor and Treasurer.
Highway	Responsible for the construction and maintenance of all bridges and highways in the County. Also responsible for approving invoices to be paid from all Highway funds.
Public Property	This committee shall have charge of the Historic Courthouse, Public Safety Complex, Law & Justice Center, Health & Education buildings and grounds, and all other rented/leased property from/to the

	County. They shall exercise the necessary supervision to preserve and maintain them and supervise the work and acquisition of supplies for the maintenance personnel. The Public Property Committee will receive a report of the inventory conducted by an appraisal service retained by the County Board.
Sheriff, Jail & License	Examine the report of the Sheriff required to be filed with the County Board and audit all bills for the Sheriff's Department, Jail, Coroner and Court Services; receive and recommend action upon all applications for liquor and raffle licenses to the County Liquor Commissioner, who is the County Board Chair; report any violations of license requirements to the State's Attorney; address the concerns, problems and issues involving the Circuit Clerk, Coroner, Court Services, Circuit Court and State's Attorney.
Information Technology	The Information Technology Committee shall have supervision over and coordination of technology needs.

Meeting agendas and minutes for each committee and board meeting can be viewed and printed from the County's website at www.livingstoncountyil.gov. There are links to the individual committees and a separate link to the County Board.

All County Board meetings are streamed live and recorded and the link is available on the County website.

STRUCTURE AND HIERARCHY OF LIVINGSTON COUNTY

The Illinois General Assembly, by statute, provides for three kinds of counties: counties under township organization, counties under commission form, and counties under an executive form of government.

Livingston County is one of 85 counties (of 102 counties) in Illinois operating under the township form of government. The county operates with standing committees who study particular problems that arise within their areas of responsibility and submit recommendation to the full board for action.

There are 20 departments within the County's structure that provide either direct services to the general public or administrative support to the operations of the organization. Of these departments, seven (7) are under the oversight of Elected Officials elected at large by the voting citizens of the County, 13 report to the County Board or to other Boards created by the County Board.

LIVINGSTON COUNTY FINANCIAL POLICIES

Livingston County has several relevant financial policies in order to identify acceptable and unacceptable courses of action and provide a standard to evaluate the government's fiscal performance. Besides the county's Financial Policies and Budget Guidelines, other policies that are central to financial management are posted on the county website – <https://www.livingstoncounty-il.org/wordpress/>.

- Purchasing Policy
- Travel Policy
- Investment Policy
- Grant Application/Approval Policy
- Personnel Policy (including Salary Administration Guidelines)

Budgeting Policies

- The County's fiscal year is December 1 – November 30.
- All County funds are appropriated in the "Official Budget", which is approved by the County Board. Appropriations are the maximum authorization to incur obligations and not a mandate to spend.
- All County funds are included in the annual budget document except for the fiduciary and custodial funds held for external individuals, organizations and governments, as provided by statute.
- Budgets for all governmental funds are presented on a modified accrual basis.
- The General Fund budget balances expenditures against available revenues. The budgets for all funds may reflect a deficit, in which case, reserve funds saved for a specific purpose will be used to cover the financial obligation that may occur.
- After the adoption of the County Budget, no further appropriations shall be made at any other time during the fiscal year, unless it is to meet an immediate emergency. This requires approval by 2/3 vote of the County Board members.
- The County's General Fund is budgeted by department and a transfer resolution is required if a department exceeds its total appropriations. Livingston County does not require a transfer resolution for an overage on a single budget line item.
- For the funds that are not budgeted by department, the same would apply. A transfer resolution is not required for an overage on a budget line item, provided that the total expenditures are still within the amount appropriated.
- If a transfer resolution is necessary, it requires approval by 2/3 vote of the County Board members. (55 ILCS 5/6-1003).

Fund Policies

- The County's financial structure begins with funds. A fund is a self-balancing accounting entity with assets, liabilities, fund equity, revenues, and expenditures which are segregated for the purpose of carrying out specific programs in accordance with County policies and certain applicable Federal and State laws.
- All County funds are included in the annual budget document except the fiduciary and custodial funds described below:
 - Private Purpose Trust Funds in which the County Engineer acts in a trustee capacity on behalf of townships to use state funding to maintain township roads and township bridges, which resources are not available to support the County's own programs.
 - Custodial Funds held for external individuals, organizations, or governments, as provided by statute.
- Governmental funds account for traditional governmental operations that are financed through taxes and other fixed or restricted revenue sources. The funds are divided by type – Major Governmental Funds, Non-Major Special Revenue Funds, and Fiduciary Funds. Detailed information in regard to these fund types can be found beginning on page 25.
- A Fund Statement is presented for each fund, which summarizes past and projected financial activity. This includes revenues and expenditures (presented in line item detail) and fund balance which includes estimated funds remaining at the end of the fiscal year.
- The goal is to have a fund balance that is equivalent to a minimum of 6 months of operating expenses. This is the expectation for most funds. However, there are several Special Revenue Funds that were established to be used for a specific purpose and not ongoing expenses. Once the fund balances have been depleted in these funds, the fund will be closed.

Revenue Policies

- Livingston County tries to maintain a diversified and stable revenue system to shelter it from unforeseeable short-run fluctuations in any one revenue source.
- Revenues are projected using conservative estimates based on historical information and current levels of collection. Each existing and potential revenue source is re-examined annually and monitored throughout the year to analyze and address any shortfall occurring.
- The property tax rates for each levy shall be calculated in accordance with the Property Tax Extension Limitation Law (PTELL).
- The County charges user fees for items and services which benefit a specific user more than the general public. State statutes or an indirect cost study determine user fees. Fee studies based on costs are conducted as needed to determine the level of fees needed to equal the total costs of providing the service.
- One-time revenues will be applied toward one-time expenditures and will not be used to finance ongoing programs. Ongoing revenues should be equal to or exceed ongoing expenditures.

- Livingston County supports efforts to pursue grant revenues to provide or enhance County mandated and non-mandated services and capital needs. Activities which are, or will be recurring can only be initiated with grant funds if the activity or service can be terminated in the event the grant revenues are discontinued.

Financial Reserves

- The Fund balance for Major Governmental Funds shall be reviewed annually, and recommendations for financial reserves shall be documented.
- The minimum unrestricted fund balance for the General Fund is 6 months or 50% of operating expenditures. This applies to the County's tax levied funds, with the exception of Highway.

Capital Asset Management and Replacement

- Livingston County established a fund for Vehicle Replacement & Maintenance. This fund is used to purchase new vehicles and repairs & maintenance. The replacement and maintenance needs shall be projected and timed at stable intervals so as not to spend excessively in one year and restricted in the next.
- The Vehicle Replacement & Maintenance fund shall have sufficient funds to provide for regular repair and maintenance as well as the replacement of the scheduled vehicles. The budget should not be balanced by deferring these expenditures.
- The County also has a multi-year plan for the replacement of computers, technology, and office equipment. It will be updated for the General Fund departments during the annual budget process.

Debt Management

- The County will only consider long-term borrowing for capital improvements or projects that cannot be financed from current revenues.
- Debt financing will only be utilized for projects that benefit the citizens of Livingston County, have a useful life that will exceed the term of the financing, and when specific project revenues or resources will be sufficient to service the debt.
- Debt is limited by state statute and is equal to 2.875% of assessed valuation.

Purchasing

- All purchases shall be made in accordance with the Livingston County Purchasing Policy. Purchases exceeding \$2,500 and up to \$30,000 require a purchase requisition with 3 written quotes. This requisition is submitted to the Executive Director.
- Purchases of over \$30,000 must be let for bid or procured through a competitive selection process (Request for Proposals-RFP or Request for Qualifications-RFQ).

- Any final award of contract or approval of purchase obtained through formal bids or request for proposals/requests for qualifications must be approved by the Livingston County Board.

Accounting, Auditing, and Investment

- The County follows Generally Accepted Accounting Principles (GAAP).
- State statutes require an annual audit by independent certified public accountants.
- Internal control procedures shall be documented and reviewed periodically.
- The County's governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.
- The Livingston County Investment Policy has been established for the investment of all funds managed by the Livingston County Treasurer.
- With County Board approval, the Treasurer may make a short-term loan of idle monies from one fund to another as long as the loan is repaid to the source fund within the current fiscal year.

Salary Administration

- The County Personnel Policy includes Salary Administration Guidelines.
- The Human Resources Director is responsible for computing salaries and fringe benefits costs for all departments.
- Increases for non-bargaining unit employees will be established by the Finance Committee at the beginning of the budget cycle for inclusion in the annual budget.
- Increases for bargaining unit employees will be established through Collective Bargaining Agreements.

LIVINGSTON COUNTY LONG-RANGE FINANCIAL PLAN

Introduction

The County's budget process begins every year with the Strategic Planning Process. Financial presentations during this process have always focused on data from the previous 5 to 10 years in order to visualize current trends. Forecasting beyond one year has been difficult due to unknown variables such as Consumer Price Index (CPI) changes, legislative changes, health insurance and Illinois Municipal Retirement Fund (IMRF) rates, and unnegotiated labor contract increases. As a result of the planning process this year, a goal was set to incorporate a 3-5 year projection on revenues and expenses into the FY2024 budget.

These projections will provide information for future financial decisions and can be used as a planning tool in future budget years. The revenue and expenses will be presented by categories and will be based on current and projected economic conditions and historical and anticipated trends. There are over 40 funds that support various County operations, however, this plan will focus on the following funds: General, Vehicle Replacement & Maintenance, Pontiac Host Agreement, Building Maintenance & Asset Recovery, Enterprise Zone and American Rescue Plan Act (ARPA).

Economic Conditions

Levy calculations are based on the inflationary percentage recognized by the Illinois Department of Revenue (IDOR). Under PTELL (Property Tax Extension Limitation Law), this percentage is limited to 5%. For the past two years we have been limited to this 5% while the CPI was 7% in levy year 2022 and 6.5% in levy year 2023. This is the largest PTELL percentage since 2007.

Consumer Confidence data from the Conference Board's Consumer Confidence Surveys reflect declining consumer confidence over the last 2 months. Chief Economist at the Conference Board, Dana Peterson, noted that "responses showed that consumers continued to be preoccupied with rising prices in general, and for groceries and gasoline in particular. Consumers also expressed concerns about the political situation and higher interest." Also in September, the Consumers' Perceived Likelihood of a US recession over the Next 12 Months rose in September after a sharp decline the previous month.¹

The unemployment rate in Livingston County as of June 2023 was 4.2%. This is a slight increase over the rate in June of 2022 (3.7%) and is now over the State of Illinois unemployment rate of 4.0% and the National unemployment rate of 3.8%

¹ <https://www.conference-board.org/topics/consumer-confidence>

The University of Illinois Flash Index was created in 1995 at the Institute of Government and Public Affairs at the University of Illinois to provide an instantaneous reading of the performance of the Illinois economy. An Index value of 100 is the dividing line between growth and decline.

This chart shows the index from August 2020 to August 2023.

Although the index is still positive, this is now the lowest level since 2021 which was a period of strong recovery from the “Covid-induced” recession.

According to Illinois economist Fred Giertz, “This month’s seemingly negative result may be good news in disguise. A slowing economy is consistent with the goal of a soft landing that the Federal Reserve has been seeking.”²

Challenges

- Retention & Recruitment was identified as a Strategic Priority for the 2022-2023 planning year. Livingston County’s Human Resources (HR) Director reported that a total of 116 employees left the County for various reason from 2019 through April 2023. Approximately 30% of these individuals left the County for a higher paying job. As of January 2023, the minimum wage will have increased by \$3.75 since 2020. Since 2020, non-union employees increased by \$3.80 on average. While significant wage increases were provided in 2022 and 2023, the Consumer Price Index (CPI) increased 7% and 6% respectively, minimizing the overall impact. The administrative team is working with Department Officials to discuss payrates for individual employees or a group of employees to ensure that payrates are comparable to other entities, as well as comparable to other departments with similar jobs within the County.
- Insurance Rates and dependent coverage was also reviewed during the Strategic Planning Process. Livingston County HR Director reviewed insurance comparables to similarly situated counties and local municipalities. Six of the eight entities in the comparison provided a higher

² <https://igpa.uilliois.edu/report/flash-index>

level of employee contribution and half of the entities provided a contribution to family insurance of at least 50%. The Finance Committee approved to provide 50% of the cost of family insurance for FY2024 and FY2025 on a trial basis. This will be reviewed again during the FY2026 budget process.

- In FY2023, there was a change to the zoning ordinance for Solar and Wind Farm building permits. This revenue stream, although large, is only expected to last for a few years.
- Legislative Changes made at the State level continue to impact County revenue and expenditure streams. Legislation eliminating cash bail and criminal justice reform mandates will increase law enforcement costs. The discontinuation of bond payments means that source will no longer be used to satisfy payment of fees and assessments – thus a reduction in revenue. It has not been determined what the full impact will be to the County's revenues.

General Fund

Revenues

Revenue assumptions are based on historical averages and anticipated growth or decline based on economic and legislative factors.

Other Tax Revenue

This category includes Personal Property Replacement Tax (PPRT), sales and use tax, income tax, video gaming tax, and cannabis use tax. Other Tax Revenue represents the largest portion of revenue for the General Fund. The County has seen steady increases up to FY2022. The decrease is minimal for 2023-2024 and is due to a fluctuation in PPRT. We are anticipating increases again in the future.

Fees, Fines & Charges for Services

This revenue stream consists of fees and fines which are collected by the Judiciary/Court Related functions of the County and charges for services that are collected by General & Administrative functions as well as Public Safety. This category accounts for a large portion of the County's revenue, however the effects of the Criminal Traffic Assessment Act and the new Criminal Justice Reform Act on fees and fines remains uncertain. To be conservative, fees and fines are forecasted with no changes.

Property Taxes

Property tax revenue includes real estate and mobile home taxes as well as tax penalties and interest. The General Fund receives the largest portion of the tax levy and increases are due to an overall increase in tax extensions based on inflation as well as new construction. We have had steady increases in our Equalized Assessed Valuations over the last several years.

Licenses & Permits

This was a new revenue category beginning in FY2024. With the passing of the new state law in regard to commercial wind and solar energy facilities, the County updated their zoning ordinance in order to comply with these new standards. In doing so, the permit fees were increased. The amounts in future years are forecasted based on the applications received and hearings held as of September 25, 2023. This forecast may change if more applications are received in FY2024.

Other Revenues

Most other revenues are remaining the same. The grant revenue is forecasted higher during even election years as there are usually more election grants available. The Transfer from Other Funds (to balance the General Fund) is fairly consistent at \$1.5M-\$1.65M over the 4-year period.

Expenditures

Expenditure assumptions are based on historical trends, anticipated increases in wages and health insurance costs and anticipated increases in contracts and agreements.

Personnel

Personnel expenditures include wages and health insurance and account for the largest percentage of the General Fund Budget. IMRF, Unemployment Benefits and FICA expenses are budgeted in separate funds. The collective bargaining unit wages are set through 2025 and historical average increases are used for forecast purposes.

Contractual Services

Contractual Services account for a significant portion of the remaining General Fund Expenses. There are increases to this category forecasted for every year to account for the inmate medical and food services provided at the jail, as well as increases related to annual software maintenance contracts.

Fund Balance

Over the last several years, the General Fund has seen a surplus due to unexpected increases in revenues or just unexpected revenues. We are estimating that at the end of FY2023, the balance will be approximately 74% of our operating expenses. The forecast is to keep revenues balanced to expenditures over the next 4 years.

Vehicle Replacement & Maintenance Fund

The main source of revenue for this fund is a transfer from the Pontiac Host Fund. There is also a transfer done annually from the General fund to account for the mileage reimbursement collected in performing federal inmate transports. This fund was established in an effort to reduce costs through joint purchasing. Purchases for new vehicles are made in compliance with the Livingston County Vehicle Replacement Purchasing Policy, as well as, the Livingston County Purchasing Policy. The Vehicle Replacement & Maintenance Fund support the purchase, operation and maintenance of County vehicles, but does not include the Highway Department or Veterans Assistance.

Following is a chart showing actual and forecasted expenses for the vehicle fund.

Based on the vehicle replacement schedule, there is a need to replace an average of eight vehicles per year, placing all fleet vehicles on a five-year rotation. There were a couple years that we were not able to get the vehicles that were budgeted for purchase. Hence, why it looks like a larger increase in 2023-2024. The forecast is to get back on track after FY2024.

Pontiac Host Agreement Fund

The main source of revenue into the Pontiac Host Fund is the host benefit fee received from the Landfill. These revenues are used to cover the costs of capital projects. They also cover the transfer of funds to various other funds to supplement paying expenses. In FY2022 we added a budget line item for Grants in order to properly account for grants that were unexpected.

The following shows actual and anticipated revenues. The fee received from the landfill has fluctuated as it is based on the volume coming into the landfill. Also, in FY2023 there was an increase to the fee based on the CPI which is written into the agreement.

The expenses for capital requests plus transfers to other funds were held to a cap until FY2021. This was part of a 3-year plan to reduce the General Fund's functional deficit. This also allowed the Pontiac Host Fund's fund balance to strengthen.

The chart below shows the actual and anticipated expenses in the Pontiac Host Agreement fund. Capital Projects are contractual services (computer hardware/software upgrades or installs), Building Improvements, or Equipment. In addition to appropriating for capital projects, there are also ongoing expenses that are covered in this fund – attorney fees for collective bargaining contracts, dispatch fees, Greater Livingston County Economic Development Council (GLCEDC) membership dues, retirement benefits administration fees – to name a few.

Pontiac Host Agreement Fund Expenses

It is anticipated that a large capital project (\$3.5M) will be completed by the end of FY2024 and nothing that large is in the forecast for the next 3 years. This will allow the fund balance strengthen.

Fund Balance

Building Maintenance & Asset Recovery Fund (formerly Construction & Building Renovation Fund)

This fund was originally used to hold funds specifically set aside for new construction. Our last construction project was complete as of the end of FY2023 and the decision was made to “repurpose” this fund to be used for building maintenance projects, large unexpected repairs, or scheduled purchases of equipment related to our buildings.

The revenue coming into this fund is a transfer from the General Fund of permit fees received for large commercial wind and solar farms. Since it is assumed that this will be a temporary revenue stream, it is anticipated there will not be a transfer in FY2027.

The building improvements for FY2024 will include, at a minimum, the refinishing of the Torrance Street property based on the disconnection of the former health building, along with exterior improvements.

The expenses in future years will be based on our Capital Improvement Plan which is a Strategic Priority in FY2024.

Enterprise Zone Fund

The monies in this fund are committed by the Board for expenses related to County enhancement (economic development). The revenue stream for this fund was derived from Economic Benefits Agreements which were entered into with local windfarm companies. If an economic development program is to continue, a new funding source will need to be identified.

The fund balance as of 9/30/2023 is \$786,572.

The Economic Development expense budgeted for FY2024 is \$767,173. Any amount used will deduct from this and move forward to the next year.

There are no anticipated revenue or expenses beyond the \$767,173.

- \$119,500 for miscellaneous expenses related to the pandemic across all departments & divisions
- \$1,600,000 for Broadband project
- \$253,081 for County Clerk scanning records
- \$500,000 for Livingston County Health Department for a drive-thru vaccination/testing facility
- \$3,728 for Livingston County Circuit Court for electronic equipment in courtrooms

The other allocations were awarded to community non-profit agencies based on RFP submissions which were approved by the finance committee in FY2021 and FY2022.

These funds are to be used or obligated by December 31, 2024.

DEFINITION OF FUND TYPES

GOVERNMENT FUNDS:

Funds generally used to account for tax-supported activities. There are five different types of governmental funds: General fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds and Permanent Funds.

General Fund:

The general fund typically serves as the chief operating fund of a government. The general fund is used to account for all financial resources not accounted for in some other fund.

Special Revenue Funds:

Governmental fund type used to account for the proceeds of specified purposes other than debt service or capital projects and exclusive of resources held in trust for individuals, private organizations, or other governments.

FIDUCIARY FUNDS:

A category of funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs. Livingston County has two types of fiduciary funds: Private Purpose Trust Funds and Agency Funds.

Private Purpose Trust Funds

- **Township Motor Fuel Tax Fund** is used to account for the County's stewardship of the assets held in trust for the benefit of the township road districts. The County Superintendent of Highways acts as a trustee for the township road districts and directs the Township Commissioners as to the best methods of repair, maintenance, and improvements of highways and bridges in their districts. Financing is provided by the township's allocation of the state motor fuel taxes and interest on invested funds.
- **Township Bridge Program Fund** is used to account for the County's stewardship of the assets held in trust in connection with the Township Bridge Program. The fund receives payment from the State and townships under matching agreements and administers the program as the trustee for both the State and townships.

Custodial Funds

The County maintains several custodial funds. At any given point in time, total custodial fund assets are equally offset by related liabilities, including amounts due to the parties for whom the assets are being held (taxing bodies, for instance). Custodial funds have no fund equity, and do not involve measurement of revenues, expenditures, or expenses.

On April 25, 2023, County Board Members, Elected Officials and Department Heads kicked off the 2023-2024 Strategic Planning Process with a presentation given by Human Resources Director Ginger Harris, Finance Director Diane Schwahn and Executive Director Alina Hartley. The presentation focused on current trends, analytics and data for Livingston County for the purpose of stimulating conversation during the planning process. Following is a synopsis of the presentation given.

Retention and Recruitment

Retention and Recruitment was an identified Strategic Priority for the 2022-2023 planning year. Harris reported a total of 116 employees left the County for various reasons from 2019 through current 2023. Of the 116 employees leaving, 61 were from the Sheriff's department and Jail representing 53%. Turnover at the Public Health Department represented 12% and the Circuit Clerk's Office represented 10%. The remaining 25% was spread amongst twelve other departments. Of the 116 individuals leaving the County during the period, 21 (19%) left due to retirement, 34 (30%) left for more money, 10 (9%) left for family insurance, 12 (11%) were terminated, 16 (14%) left with no notice, 7 (6%) left for personal reasons, 5 (5%) left to work from home and 11 (10%) provided other reasons.

Recruitment data was reviewed reflecting significant increases in applicants since the implementation of Cyber Recruiter. The position of Deputy Clerk in the Circuit Clerk's Office received 5 applicants in 2019, 5 applicants in 2021 and 22 applicants thus far in 2023. The Maintenance Laborer position received no applicants in 2021 and 6 applicants in 2022. The Secretary position in the Sheriff's Department received 13 applicants in 2021 and 31 applicants in 2022. Harris noted that attracting talented employees is the goal in recruitment. Creating and sustaining a culture that promotes employee engagement and development will increase retention.

The County's response to the statutory minimum wage increases were reviewed. As of January 2024, the minimum wage will have increased by \$4.75 since 2020. Since 2020, non-union employees increased by \$3.80 on average. While significant wage increases were provided in 2022 and 2023, the Consumer Price Index increased by 7% and 6% respectively, minimizing the overall impact.

Insurance Rates and dependent coverage was reviewed noting that nearly 90% of the employees who enroll in health insurance take single coverage only. It was noted that only 9 employees enrolled in employee plus one and 7 employees elected family coverage. The County currently covers 80% towards the single coverage and does not contribute towards family. Family coverage through the County has been viewed as unaffordable. Harris reviewed insurance comparables to similarly situated counties as well as local municipalities. Six of the eight entities surveyed provided a higher level of contribution than Livingston County, with half of the entities providing a family coverage contribution rate of at least 50%.

Harris then reviewed the results of a Benefit, Wage and Insurance Survey that was conducted amongst employees.

County Financial Data

A Summary of Revenues, Expenses and Fund Balances for all funds were reviewed for the period FY 2013 through FY 2022. The categories of revenues and expenses were reviewed as well. Overall fund balances have steadily increased over the period with large capital projects having little to no impact financially. A Summary of Revenues, Expenses and Fund Balances for the General Fund was reviewed for the same fiscal periods, FY 2013 through FY 2022. Revenues for the period have seen notable increases with the most significant increases coming from Other Tax Revenue and Fees, Fines & Charges for Services. General Fund revenues and expenses by function were also reviewed. The General Fund total Fund Balances show consistent increases across the period, while transfers from the Pontiac Host Fund to support the General Fund decreased from \$2.1 million in FY 2013 to zero in FY 2022. Overall the financial position of the County remains strong.

Out of County Housing Analysis

An analysis of the County Housing Program was provided. It was noted that it is impossible to 100% accurately quantify the net profit of the program, noting that percentages and averages were utilized in the analysis to provide reasonable allocations based on the data available. All base costs of operating the jail were allocated to Livingston County. The cost of operating the jail and ultimately the housing program have increased significantly with expenses of \$1.8 million in 2012 compared to a budgeted \$3.9 million in 2023. However, the net jail expenses, after receipt of housing revenues, decreased from \$1.8 million in 2012, to a low of just over \$54 thousand in 2019, and estimated at just over \$1 million in 2023. The estimated net profit for the program is estimated at \$1.7 million in 2022. It was noted that for 2023 the net profit is estimated at just over \$1 million reflective of significant increases to personnel, including the addition of four officers, and medical related increases.

Property Taxes / Extensions

Property Taxes and Extensions for Livingston County were reviewed for the period 2017 through 2023. In 2016, the Board established a goal to maintain or reduce the county tax rate or the Certified Rate. The Certified Rate for the period 2016 through estimated 2023 was reviewed, with the rate decreasing from 1.1958 in 2016 to an estimated 1.0491 estimated for 2023.

Total Extensions for all 171 taxing bodies within the County were reviewed as well. The average property tax rate in Livingston County for 2011 was \$9.77 compared to \$9.04 in 2021. Livingston County's portion was 1.1535 in 2011, compared to 1.2052 in 2016 when the goal was established and 1.10770 in 2021. It was reported that when the goal was established Livingston County had the fourth highest average tax rate in the State of Illinois, and are now ranked at number 30. It was noted that had the County maintained the tax rate without reductions, additional tax revenues of over \$4 million would have been generated over the six-year period, while the increased cost to the average \$100,000 home owner is estimated at \$23.

EAV Allocations

EAV Allocations (property value allocations) were reviewed comparing 2010 and 2022. Residential values accounted for 56.23% in 2010 compared to 25.06% in 2022, noting that the residential values began recovering from the 2008 recession beginning in 2017 and first exceeded the 2008 rate in 2020. Farm ground has continued to see large increases based on current legislation, doubling in some cases over the period. Farm ground accounted for 13.84% of the overall EAV in 2010, compared to 27.59% in 2022.

BASIS OF BUDGETING, PROCESS & CONTROL

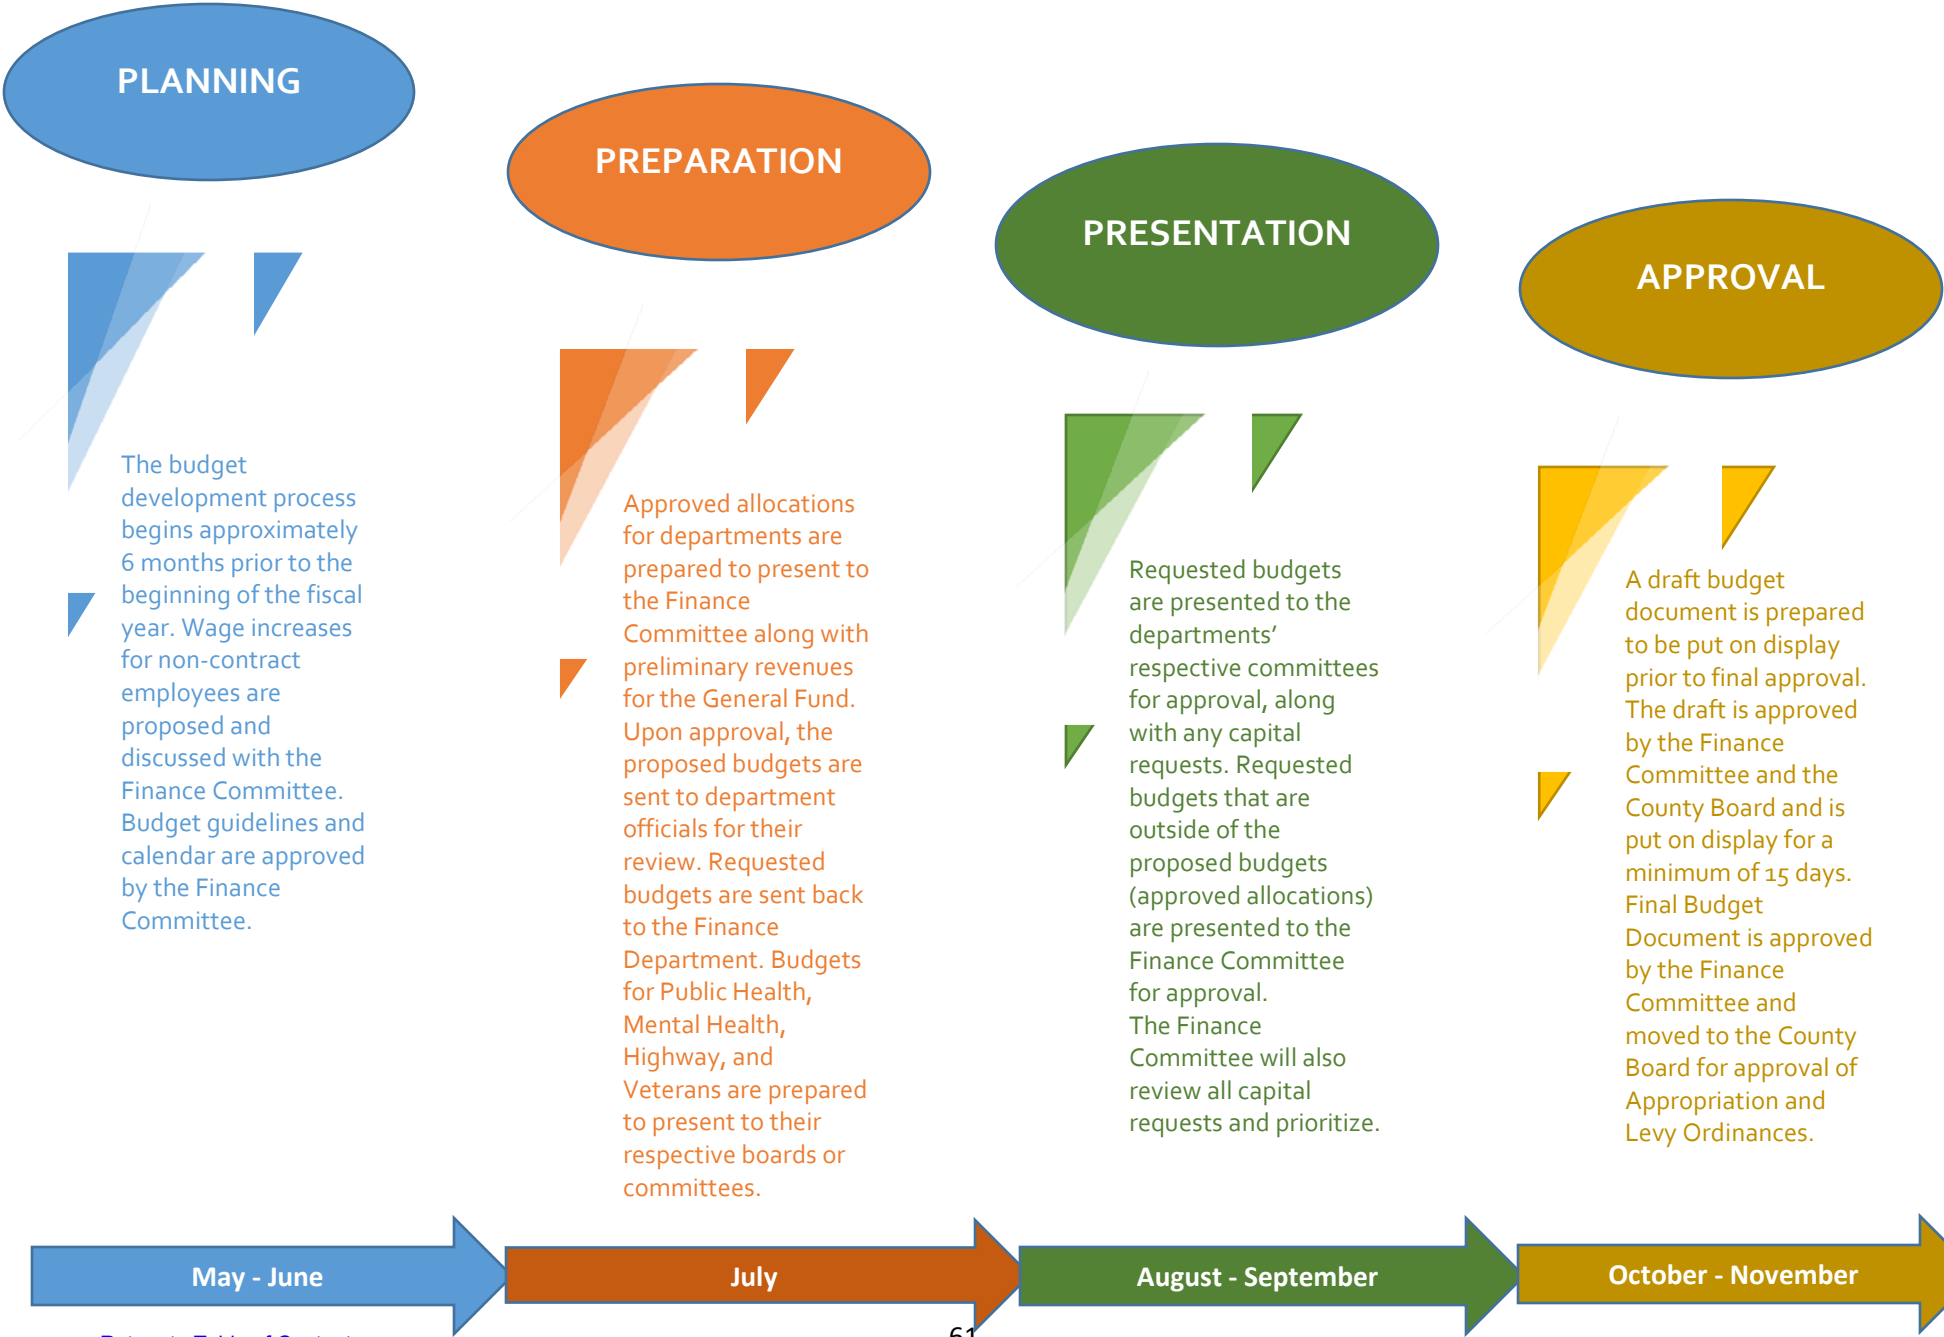

The County adopts an annual budget and appropriation ordinance in accordance with *Chapter 55 of the Illinois Compiled Statutes*. The budget covers the fiscal year ending November 30, and is available for public inspection at least 15 days prior to final adoption.

The budget document is prepared for all appropriated funds on the modified accrual basis.

Budgetary control is exercised at the fund level. Total expenditures for each fund must stay within the total amount appropriated. No further appropriations shall be made at any other time during the fiscal year, unless it is to meet an immediate emergency. This requires approval by 2/3 vote of the County Board members. For funds that are budgeted by department, a transfer resolution is required if a department exceeds its total appropriations. This resolution also requires approval by 2/3 vote of the County Board members.

All appropriations cease with the close of the fiscal year. However, any remaining balances are available for approximately 60 days after November 30 for payment of expenses that were incurred prior to that date.

FY2023 BUDGET PROCESS

FY2024 BUDGET GUIDELINES

ALLOCATION – The Finance Committee shall approve the FY2024 Calendar and Guidelines at their July meeting. Guidelines and approved budget allocations will then be submitted to each department.

FINANCE DEPARTMENT – Department officials shall submit their FY2024 proposed/requested budget to the Finance Department no later than July 21, 2023.

COMMITTEES – Department officials will present their requested budgets to their respective Committees in August. Once approved, each Committee will forward a recommendation to the Finance Committee. Departments who exceed their approved allocation may be required to present their budget request to the Finance Committee as well.

STAFFING – Administrative staff will work with Department Officials to identify any staffing needs that may be necessary in the coming year. A salary increase of \$1.50/hour has been included within departmental allocations for all non-contract employees.

GRANTS – No grant program will be considered in FY2024 that establishes ongoing County funding obligations after the grant ceases.

CAPITAL REQUESTS – During the budget process, funds are set aside to cover the costs of expenses such as computer technology, furniture, building upgrades, building repairs and equipment. Capital requests shall be submitted during the budget process by the requesting department or departments. Preference will be given to projects that are goal driven to increase efficiency and/or provide for cost reduction. The Finance Committee shall be responsible for prioritizing capital requests based on need and the ability to reduce long term costs.

OTHER REVENUE FUNDS – Every effort shall be made to keep the year-end unencumbered fund balance at a minimum level taking into account the need for working cash. Other revenue funds shall be included in each department's budget submission, and shall include the anticipated revenues, expenditures and any amounts to be transferred. Transfer amounts that are made to offset expenses and are paid from other accounts throughout the fiscal year, shall be documented in the budget submission.

BALANCING – By County Board policy, every effort shall be made to balance expenditures against revenue relative to all funds. For departments receiving property tax revenue, ending fund balances should be the equivalent of six months of operating expenses.

TIMELINESS – All County departments shall prepare and submit their FY2024 Budget in accordance with the FY2024 Budget Calendar.

FY2024 REVENUES BY CATEGORY - ALL FUNDS

The FY2024 budget reflects over a 23% increase in revenue. Most of the major revenue streams are seeing an increase and the addition of License & Permit revenue accounts for over 1/3 of the \$.72M increase over FY2023.

Property Taxes – 4.84% increase

Property taxes are a major source of revenue for the county and support a number of operations. The largest portions of the levy go to the General Fund, Highway Funds and Mental Health Funds. However, the breakdown of the property taxes across all levied funds has remained consistent over the last several years.

The Property Tax Extension Limitation Law (PTELL) allows for increases based on inflation. These increases are limited by the lesser of 5% or the Consumer Price Index (CPI). The increase for the 2023 extensions (taxes payable in 2024) was calculated using a 5% increase.

Other Tax Revenues – 14.33% increase

The revenue in this category comes from the following taxes: Personal Property Replacement (PPRT), sales, use, income, and motor fuel. The largest source of other tax revenue is the County's portion of the State of Illinois income tax. This is calculated based on the population.

In FY2024 the largest increases came from the State Income Tax and the sales and use taxes.

Fees, Fines & Charges for Services – 2.36% decrease

This revenue stream is reflecting a slight decrease for FY2024. At the end of FY2022, the County changed the way Solar and Wind Farm Application Fees were recognized. For the past several years, the application fee had been recognized as revenue and expenses incurred for that solar farm were paid from that application fee. However, if the solar farm was not approved, the developer was to be refunded the remainder of the application fee. Because of the nature of this type of transaction, the application fees for FY2022 were reclassified and all application fees going forward are to be treated as a liability. This accounts for the decrease from the FY2023 budget as these application fees were approximately \$340,000.

Grants – 14.59% increase

Most of the County's grant money is to fund programs at the Health Department. The Health Department's grant funding increased by 9% for FY2024. The remainder of this increase is to cover potential grants.

State of Illinois Reimbursements – 6.10% increase

This revenue stream has remained fairly consistent over the last several years, accounting for approximately 3% of the total revenue. Since most of these reimbursements cover elected officials’ salaries, this revenue would increase when there is an increase to those salaries. The State’s Attorney’s salary increased by 4.6% in July 2023. There was also an increase in the Probation Reimbursement Allocation which has attributed to the overall increase in this category.

Rents, Miscellaneous & Interest – 100%+ increase

For FY2024 the Rents and Miscellaneous revenues have decreased slightly, however, the Interest Revenue has been trending upward for the most extended period since 2018-2019. Our budgeted revenue is still conservative (less than what we anticipate for FY2023 actual) in case the rates start trending downward again.

Transfers from Other Funds – 100%+ increase

Interfund transfers occur every year into the General Fund and Vehicle Maintenance & Replacement Fund. The General Fund receives these transfers to defray specific costs and to balance revenues to expenditures. The Vehicle fund receives the transfer from our capital fund (Pontiac Host fund) in order to cover the costs of maintaining our vehicle fleet.

For FY2024, there is a transfer of Permit Fees into a Building Maintenance & Asset Recovery Fund. The revenue for these permits is expected to last only over the next few years. During that time, the fees for larger commercial Solar and Wind Farm projects will be transferred into this new fund.

The following graph shows the revenues over an extended period of time – totals do not include interfund transfers. FY2021 and FY2022 are higher than FY2023 because of the ARPA grant.

FY2024 Expenditures by Category - All Funds

The expenses for FY2024 are coming in \$1.1M less than FY2023. There were significant decreases in Capital Outlay and Miscellaneous Expenses which offset the increases in the other categories.

Personnel Costs – 9.57% increase

Personnel costs account for approximately 36% of all expenses and include salaries and wages, insurance benefits (includes health, dental, vision, life and unemployment), social security expenses, IMRF pension benefits and Employee Development and Training. The increase is the result of board-approved wage increases for non-contract employees and negotiated increases for all contract employees.

For FY2024, the board approved a flat increase for non-contract employees of \$1.50/hour.

There are 5 labor contracts representing certain groups of employees within the County. These groups are illustrated in the table below.

Labor Unit	Labor Category	Rate Adj FY2024	Step Table	Contract Expiration Date
FOP	Sheriff Deputies	5.5%	Yes	11/30/2025
FOP	Correctional Officers	5.5%	Yes	11/30/2025
FOP	Probation Officers	2%	No	11/30/2025
ICOPS	Maintenance Dept	\$1.00/hr	No	11/30/2025
Local 150	Highway Maintenance	2%	No	11/30/2025

FOP–Fraternal Order of Police, ICOPS–Illinois Council of Police, Local 150–International Union of Operating Engineers

The following graph is a look at Personnel expenses over the last several years. Up until the last 2 years, the increase was consistent. The last few years have seen larger increases to accommodate the minimum wage increase.

Contractual Services – 6.15% increase

The entirety of this increase can be attributed to the increased contractual services in the General Fund. The majority of this is for a new inmate medical contract. There are also several increases related to annual software maintenance contracts, as well as an increase for utilities.

Commodities – 3.45% increase

There were slight increases in several departments to account for increases in the cost of office supplies (including postage). The largest increase is in the Public Health division to account for an increase in vaccines and environmental/office supplies.

Capital Outlay – 23.65% decrease

Many of the expenses in this category are 1-time expenses for large capital projects. Generally, the amount expensed depends on whether or not these capital projects are completed and what capital projects are approved for the new budget. Since FY2020, we have budgeted for a new Health Building. This project was fully completed, including demolition and parking lot in FY2023. The other large amount from FY2023 was for construction of a new Highway Maintenance Building. This was also fully completed in FY2023.

With these large projects being completed and no larger projects starting in FY2024, this budgeted amount is significantly lower in 2023.

Economic Development – no change

Economic Development expenses remained the same as there were no expected expenses in FY2023. More information on the County's Economic Development Program, can be found in the *Discretionary Programs* report in the Supplemental Information section of this budget document.

Miscellaneous Expense – 45.37% decrease

The change in Miscellaneous expenses is attributed to the decrease in expenses in the American Rescue Plan Fund. In FY2023 the budgeted expenses were \$5.4M and in FY2024 the budgeted expense is \$2.9M. It is expected that all of these funds will be spent by the end of FY2024.

Transfers to Other Funds – 100%+ increase

Interfund transfers occur every year. The Pontiac Host Fund transfers into the General Fund and Vehicle Maintenance & Replacement Fund. Various Special Revenue Funds will transfer into the General Fund to defray specific departmental costs.

In FY2023 the Transfers to Other Funds accounted for just under 4% of the expenditures. For FY2024, these transfers account for just over 10% of the expenditures. This is due to a significant transfer of permit fees into the newly created Building Maintenance & Asset Recovery Fund.

The following graph shows the budgeted expenses over an extended period of time – totals do not include interfund transfers. The significant increase in budgeted expenses for FY2023, is due to the allocation of the ARPA funds received in FY2021 and FY2022.

Funds with Fund Balance Change > 10% in FY2024	Reason for Change (Increase/Decrease)	% Change
Vehicle Replacement & Maintenance	The purchase of 2 vehicles that were originally budgeted for FY2023 were moved to the FY2024 budget. Also, the maintenance & repair budget line was increased as well as the line item for fuel.	 86.15%
Pontiac Host Fund	Prior to FY2022, there was a cap on the amount of new capital expenditures plus transfers. As a result, the fund balance had grown approximately 28% over a 3 year period. Now, building up the balance has allowed the County to accommodate larger capital projects that would otherwise require financing.	 16.67%
Solar Farm Application Fees Fund	The revenues for this fund were reclassified to be treated as a liability in FY2022. This fund is holding money for the developer of the solar farm to cover costs incurred prior to approval. If the solar farm is approved, the any remaining fee will be transferred as part of the building permit fee. If the solar farm is not approved, the remainder of the application fee will be refunded.	 55.24%
Enterprise Zone Fund	The money in this fund is to be used specifically for Economic Development projects. The funds were received as part of the Economic Benefitis Agreements entered into with local windfarm companies. If the Economic Development funding is to continue, a new funding source will need to be identified.	 97.60%
American Rescue Fund	This fund is specifically to provide support to governments in responding to the impact of COVID-19 within their communities, residents and businesses. This fund will be closed once this grant money has been expended.	 97.24%
Veterans Assistance Commission	In FY2024 a new full time position was created for a Veteran Service Officer (VSO). The levy for FY2024 was increase so that the fund could maintain a strong fund balance.	 15.77%
National Opioid Settlement Fund	It is not known if we will get any settlement payments in FY2024, so we have only budgeted expenses.	 15.77%
County Highway	Highway funds have been budgeted at a deficit over the last few years. This is to be able to accommodate any type of emergency repair and also in anticipation of what projects the State bills.	 18.37%
County Motor Fuel Tax	Highway funds have been budgeted at a deficit over the last few years. This is to be able to accommodate any type of emergency repair and also in anticipation of what projects the State bills.	 85.19%
County Aid to Bridges	Highway funds have been budgeted at a deficit over the last few years. This is to be able to accommodate any type of emergency repair and also in anticipation of what projects the State bills.	 89.19%
County Federal Aid Matching	Highway funds have been budgeted at a deficit over the last few years. This is to be able to accommodate any type of emergency repair and also in anticipation of what projects the State bills.	 91.19%
Road Use Agreement Fund	Highway funds have been budgeted at a deficit over the last few years. This is to be able to accommodate any type of emergency repair and also in anticipation of what projects the State bills.	 97.01%
Law Library	There is not as much revenue coming into this fund, and the expenditures had been budgeted to rely on reserve fund balance. This fund is now budgeted to balance expenditures to expected revenue.	 65.08%
Vital Records	Expenditures are budgeted over the revenues, but is only using a portion of the reserved fund balance.	 24.03%
Tranporation Safety Highway Hire-back	This fund was created in FY2019 and there is one specific traffic fine that is deposited to this fund. There have been no budgeted expenditures since the fund was started.	 25.00%
Public Defender Records Automation	This fund was just created in FY2019 and until FY2023 there were no budgeted expenditures. Fund balance is still increasing as we are trying to balance expenditures to revenues.	 15.57%
Arrestees Medical Costs	This growth is a result of an increased fee for medical services paid by the inmates.	 12.19%

FY2024 REVENUE ANALYSIS

The change in revenue for FY2024 reflects an increase of \$4.25 million. This increase is in large part due to new Solar & Wind Farm permitting fees.

FY2024 General Fund Revenues by Category

Property Taxes – 5.92% increase

Property tax revenue includes, real estate and mobile home taxes as well as tax penalties and interest. The General Fund receives the largest portion of the tax levy and the increase for FY2024 is due to an overall increase in tax extensions based on inflation as well as new construction. These increases are limited by the lesser of 5% or the Consumer Price Index (CPI). The increase for the 2023 extensions (taxes payable in 2024) was based on the CPI of 5%.

Other Tax Revenue – 13.52% increase

The revenue in this category comes from Personal Property Replacement Tax (PPRT), sales and use tax, income tax, video gaming tax, and cannabis use tax. Again in FY2024, this category represents the largest portion of revenue and also the largest increase. Below is a chart showing the other taxes collected for the General Fund for the FY2024 budget.

Fees, Fines & Charges for Services – 1.17% increase

This increase is slightly lower than last year, but still overall, a large portion of the county's revenue. This revenue stream consists of fees and fines which are collected by the Judiciary/Court Related functions of the County and charges for services that are collected by General & Administrative functions as well as Public Safety. This category accounts for a large portion of the County's revenue, however the effect of the Criminal Traffic Assessment Act and the new SAFE-T Act on fees and fines remains uncertain.

State of Illinois Reimbursements – 6.36% increase

This category is for reimbursements received from the State of Illinois for elected and appointed officials' salaries, as well as reimbursement for specific department operations. The increase for FY2024 is due to a COLA adjustment for the State's Attorney, which then effects the salaries of the Public Defender and the Sheriff. There was also an increase in the reimbursement amount to Probation.

Grants – 100%+ increase

In FY2023, some unexpected funding came from the State after the beginning of State fiscal year 2024. A line item was added for our FY2024 in the event that this funding would come again in State FY2025.

Licenses & Permits (new budgeted revenue category for FY2024)

With the passing of the new state law in regard to commercial wind and solar energy facilities, the County updated their zoning ordinance in order to comply to these new standards. In doing so, the permit fees were increased. In FY2024, this revenue stream includes several commercial solar farms and one wind farm as well as regular zoning permits (which were considered a fee in previous years). This revenue stream is expected to last for only a few years and the fees for the larger commercial farms will be transferred to a Building Maintenance & Asset Recovery Fund.

FY2024 EXPENDITURE ANALYSIS

The change in expenditures for FY2024 reflects an increase of \$4.25 million. This increase is due to increases in personnel costs (increase just over \$1M), contractual services (increase of over \$600K) and a significant increase in Transfers to Other Funds to move the Solar and Wind Farm permit fees to a Building Maintenance & Asset Recovery Fund.

FY2024 General Fund Expenditures by Category

Personnel Costs – 10.76% increase

Personnel expenses account for the largest portion of the General Fund budget. These expenses include salaries and wages, insurance benefits and employee development and training.

The wage increase for non-contract employees for FY2024 was a flat increase of \$1.50/hour. Over the last two fiscal years, there have been significant increases for wages due to the increase in minimum wage.

All four contracts for union employees within the General Fund were negotiated at the beginning of FY2023. Those increases for FY2024 are as follows:

- Sheriff's Deputies – 5.5% increase
- Correctional Officers – 5.5% increase
- Probation Officers – 2% increase
- Maintenance - \$1.00/hour increase

Until FY2022, staffing levels were to be kept at or below the level of the previous year. Since then, the administrative staff and department officials have worked together to identify needs for additional staffing.

Following is a table showing full time equivalents over the last 4 years by department.

Contractual Services – 18% increase

The large increase in contractual services is attributed to inmate services provided at the Jail. The largest increase is in the inmate medical line item as the County will be contracting with a new provider. This increase was just over \$400K. There are also several increases related to annual software maintenance contracts.

Miscellaneous Expense – 19.41% increase

The largest miscellaneous expense is for our Contingency. For FY2024, additional money was added to this line item to account for any expenses related to unexpected grant funding.

REVENUE/EXPENDITURE ANALYSIS

- The largest portion of revenue for this department is in the form of "other" taxes. These taxes include Personal Property Replacement Tax (PPRT), sales and use tax, income tax, video gaming tax, and cannabis use tax.
- Property tax represents the next largest source of revenue. The increase in property tax for FY2024 was 5.92% or \$205,000.

- The increase in transfers is due to the transfer coming in from the Pontiac Host Fund. This transfer is to balance the General Fund revenues to expenditures per the Budgeting Policy set forth in the County's Financial Policies.

FUND BALANCE

FY2022 Actual	FY2023 Estimated	FY2024 Budgeted
\$12,373,478	\$13,997,540	\$13,997,540

MISSION STATEMENT

To provide an efficient, effective, responsive government that successfully fulfills not only its statutory duties, but also promotes Livingston County as an attractive location in which to live and work.

The duties and function of the County Board are statutorily defined in the *Illinois Counties Code (55 ILCS 5/2)* and are as follows:

MANDATED BY STATE STATUTE

- **Budget** – It is the responsibility of the County Board to adopt an annual budget for the succeeding fiscal year. Such budget shall be prepared by some person or persons designated by the County Board and be made conveniently available to public inspection at least fifteen days prior to final action thereon. After adoption, any adjustments to the budget requires a 2/3 vote of all members constituting such board for approval.
- **County Business/Operations** – The day to day operations of the County are guided by policies and procedures developed and set in motion by Resolutions (a formal statement of a decision or expression of opinion put before or adopted) or Proclamations (an act that formally declares to the general public that the government has acted in a particular way) as approved by simple majority of the County Board.
- **Public Safety and Welfare** – The County Board has the authority to develop and implement ordinances (a law passed by a municipality/county government) designed to protect the citizens of Livingston County in regards to zoning issues, development, construction, public health, transportation, law & justice, mental health/social services, and natural resources.
- **Financial Stewardship** – The County Board is accountable for how all revenues generated and received into the County (property taxes, sales tax, fees for services, fines and penalties, etc.) are utilized. It is their statutory responsibility to acquire the services of an outside auditing firm to conduct an annual audit on the official financial book of record of the County and give an opinion on the financial reporting, its strength and weaknesses, and the internal controls put in place to safeguard the assets. Additionally, it is the County Board's responsibility to decide

what services the county should be providing; what services are competing with private business and if duplicate services should be eliminated; how the cost of long-term capital projects will be funded; and the planning for capital replacement or repair to the buildings and properties owned by the county.

GOALS AND OBJECTIVES

- Achieve a Financially Sustainable County Government
- Offer Quality Services Delivered in a Professional Manner
- Operate as a Cohesive Team to Achieve Collective Results
- Promote High Quality Well Planned Economic Growth
- Partner for Success with our Citizens, Businesses, Community Organizations and other Governments

REVENUE/EXPENDITURE ANALYSIS

- The County Board budget includes the costs of per diems and mileage for County Board Members
- Dues & Memberships include memberships to the Illinois Association of County Board Members (IACBM) and National Association of County Officials (NACO). Over the last few years United Counties Council of Illinois (UCCI) has covered the cost of the NACO membership, and this expense has not been incurred. Future contributions by UCCI are not guaranteed.
- Miscellaneous expenses include costs for the annual planning session, travel expenses for board members attending meetings, conferences or trainings, and updates to the County Code

PERFORMANCE INDICATORS

The County Board is elected to serve in the capacity of policy makers and guardians of the assets and funds of the citizens of Livingston County. The budget is representative of the overall financial health of the County, which is a direct reflection on the performance of the County Board.

COUNTY MISCELLANEOUS & LEGISLATIVE SUPPORT (DEPARTMENT 900)
Submitted by: Alina Hartley, Livingston County Executive Director

County Miscellaneous & Legislative Support Department was established by the County Board.

This department falls under the umbrella of the County Board. It was originally used for property tax expense, Regional Office of Education and contingency. Since then, there have been other expenses that did not fall into any specific department – or were attributable to more than one department, and thus were allocated to Department 900.

REVENUE/EXPENDITURE ANALYSIS

- Personnel Services for FY2024 have been budgeted to cover any unexpected retirement payouts that could occur in FY2024. This line item previously included the salaries of positions that had been slated for attrition. Attrition reductions did occur over prior years, however, remaining reductions in staffing were put on hold.
- Contractual Services includes professional leadership development and property taxes. The County pays property tax on any owned parcel that generates income, which includes the Water St. property and the county farm ground, both of which are leased.
- A portion of Miscellaneous Expenses is for Livingston County's commitment to the Regional Office of Education. Livingston County is part of Regional Office of Education #17, along with McLean, Logan and DeWitt Counties. ROE #17 serves four counties, 30 public districts and 20 private schools.
- Miscellaneous Expenses also includes a significant allocation in the Contingency line item. Contingency allocations require further County Board action prior to approval. Contingency expenses have grown over the years due to unknown expenses primarily associated with the inmate housing program.

TRANSPORTATION SAFETY HIGHWAY HIRE-BACK – FUND 227

The Transportation Safety Highway Hire Back Fund was established by state statute (705 ILCS 135/15-70(11) and 625 ILCS 605.1(f-5)).

FUNCTIONS MANDATED BY STATE STATUTE

- **Fines** - On July 1, 2019, the State of Illinois enacted the Criminal and Traffic Assessment Act (705 ILCS 135/). The statute provides for a \$250 fine for speeding in a construction zone to be deposited into the County's Transportation Safety Highway Hire-back Fund if the violation occurred on a highway other than an interstate highway and a County police officer wrote the ticket for the violation.
- **Use of Funds** - In the Illinois Vehicle Code (625 ILCS 5/) it is defined what these funds can be used for: (1) Hiring of off-duty county police officers to monitor construction or maintenance zones in that County on highways other than interstate; (2) Purchase of equipment for County law enforcement; and (3) Production of materials to educate drivers on construction zone safe driving habits.

MISSION STATEMENT

To provide an efficient, effective, responsive government that successfully fulfills not only its statutory duties, but also promotes Livingston County as an attractive location in which to live and work.

County Board Office Department positions: 1.5 FTE

Under the supervision of the County Board Chair and Executive Committee, the County Executive Director is charged with administering and carrying out or cause to be carried out the directives and policies of the Livingston County Board. The Executive Director shall enforce all orders, resolutions, ordinances, and regulations relating to the internal operations of county government as adopted by the Livingston County Board.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **County Board Support** – The Executive Director prepares and/or distributes all agendas, minutes, and supporting documents for the meetings of standing committees and the County Board in compliance with the open meetings act. The Executive Director is charged with providing any analytical data that may be needed to assist board members in the decision making process as requested.
- **Communication** – The Executive Director often serves as a communication link between and among the County Board and department officials, agencies and members of the public.
- **Planning** – The Executive Director coordinates the annual Strategic Planning and/or Goal Setting Work Session. The Executive Director presents information regarding goals, priorities, financial status and trends in order to stimulate strategic thinking amongst the County Board and Department Officials. The Executive Director assists the County Board in the development and implementation of both short term and long term goals.
- **Risk Management** – The Executive Director is responsible for maintaining proper insurance coverage to protect the County's assets and operations. Responsibilities include coordination of claim losses; legal counsel; safety compliance; self-insured casualty, property, professional liability, employee theft. The Executive Director serves as the county's representative on the CIRMA (Counties of Illinois Risk Management Association) Board.
- **Legislation** – In conjunction with the Rules, Legislation, Veterans and Community Services Committee, the Executive Director reviews current legislation pertinent to Livingston County's

interest and objectives. The Executive Director regularly attends meetings of the United Counties Counsel of Illinois as a representative of Livingston County.

- **Budget** – The Executive Director and Finance Director assist the Finance Committee in the establishment of annual budget policies and guidelines to be followed by all County departments, offices and agencies in connection with the preparation and adoption of the annual budget. In accordance with the budget policies and guidelines approved by the Finance Committee, the Executive Director assists the Finance Director in the development and presentation of the annual budget, and may make recommendations as needed, in an effort to ensure the annual budget goals are met.
- **Contracts** – The Executive Director in conjunction with Department Officials, as may be appropriate, shall oversee all rental and lease agreements, intergovernmental agreements and contracts on behalf of the County.
- **Purchasing Agent** – The Executive Director serves as the Livingston County Purchasing Agent and shall ensure compliance with the Livingston County Purchasing Policy.
- **ADA Coordinator** – The Executive Director serves as the ADA Coordinator for Livingston County. As ADA Coordinator, the Executive Director is responsible for coordinating the efforts of Livingston County in compliance with Title II of the Americans with Disabilities Act, and investigating any complaints of violation.
- **Freedom of Information Act Officer** – The Executive Director serves as the Freedom of Information Officer on behalf of the County Board and the County Board Office. The Executive Director provides guidance to other department officials in regards to the Freedom of Information Act as may be needed, and refers any matters of question to the States Attorney for review.

GOALS AND OBJECTIVES

- Coordinate the meetings, activities and projects for the County Board
- Ensure compliance with the Open Meetings Act and Freedom of Information Act
- Coordinate implementation of Resolutions, Agreements, Policies and Ordinances as approved by the County Board
- Coordinate the Annual Strategic Planning Session in conjunction with the County Board Members and Department Officials

REVENUE/EXPENDITURE ANALYSIS

- Personnel costs were increased based on the annual wage adjustment approved by the County Board.
- Dues & Memberships include annual membership dues to the Government Finance Officers Association (GFOA) and the United Counties Council of Illinois (UCCI)
- The cost of membership and travel expenses are generally reimbursed by UCCI in the form of Misc. Revenue in the General Fund (although not guaranteed)

PERFORMANCE INDICATORS

The Executive Director serves as a liaison between the policy makers on the County Board and Department Officials that provide County services. In this "coordination" role, there are few performance indicators. Instead performance can be measured on the financial stability of the organization and the progress made towards the development and implementation of the organization's strategic plan.

The Human Resources Department was created by the County Board in 2006 to provide a resource to The County Board and department officials for employment law. The Human Resources Department is responsible for benefit records and enrollment and for maintaining compliancy with Federal, State, and County employment regulations, policies, and procedures.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **Labor Relations** - The County has 5 bargaining units and the Human Resources Director is the representative for Livingston County. Each Collective Bargaining Agreement can be accessed on the website under Human Resources.
- **Recruitment and Placement** - In conjunction with the Department Officials, the Human Resources Department defines job descriptions, job postings, and employment advertisements. The department also reviews and forwards applications, schedules employment testing, and interviews. The Human Resources Department also is responsible for the onboarding processes.
- **Training and Development** - The HR Department researches and executes various management training and companywide employee training. Continual training opportunities are reviewed for the benefit of employees at Livingston County.
- **Benefit Administration** – Human Resources administers the Employee Benefit Package including: Health Insurance, Dental Insurance, Vision Insurance, Company paid Life Insurance, Voluntary Contributed Life Insurance, Voluntary Accident Insurance, Voluntary Critical Illness Insurance, Two Tax Deferred 457b Plans, IMRF Retirement, Additional Contributions to IMRF, as well as Family Medical Leave, Military Leave, and Personal Leave of Absence.

GOALS AND OBJECTIVES

- Continue to provide opportunities for personal and professional development for the employees.
- Continually review the Personnel Policy to remain compliant with Federal & State regulations.
- Continue to provide a Total Compensation & Benefit Statement for all employees on an annual basis.
- Maintain the Learning Management System which is designed to invest in career development of Livingston County employees.
- Represent Livingston County for all Collective Bargaining Agreement negotiations and hearings.

- Upgrade the Time & Attendance System to improve efficiency in the collection of time and maintaining accurate accrual balances.
- Continue to develop a Succession Planning model.
- Continue to develop a Career Pathing model.

EMPLOYEE BENEFITS (DEPARTMENT 800)

Submitted by: Ginger Harris, Livingston County Human Resources Director

Employee Benefits Department was established by the County Board.

This department falls under the umbrella of Human Resources. This department tracks costs of insurance and other employee benefits.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **Health Insurance** - The Human Resources Department is responsible for enrollment, updates, cancellations, and billing of the employee health insurance. The County currently offers three plans through Blue Cross Blue Shield of Illinois; a \$1,000 deductible plan, a \$3,500 deductible plan, and in 2022, a \$6,000 HSA plan was added. Employees may choose to enroll themselves, their spouses, and/or their children. The County will pay 80% of the employee's premium and 50% of the premium for dependent coverage.
- **Dental Insurance** - The County offers Blue Care Dental for their dental insurance. The employee may choose the Low Dental Plan or the High Dental Plan. Employees may choose to enroll themselves, their spouses, and/or their children. The County will pay 80% of the employee's premium.
- **Vision Insurance** - The County offers VSP for their vision insurance. There is one plan for vision and the county will pay 80% of the employee's premium.
- **Life Insurance** - The County offers a \$10,000 life insurance policy at no cost to the employee through Mutual of Omaha. The employee can purchase additional life insurance at their expense through Mutual of Omaha.
- **Voluntary Accident Insurance** – The County offers Accident Insurance as a supplemental insurance to the employees. Employees can choose to cover themselves, their spouses, and/or their children. Voluntary Accident Insurance is through Mutual of Omaha.
- **Voluntary Critical Illness Insurance** – The County offers Critical Illness Insurance as a supplemental insurance. The employees can choose to cover themselves and their spouses. Voluntary Critical Illness Insurance is through Mutual of Omaha.

GOALS AND OBJECTIVES

- Continue to explore employee benefits that contribute to the wholistic balance of our employees.
- Continue to explore training opportunities for the employees through the Learning Management System, other departments, and area Community Colleges.
- Implement County-wide training designed to invest in the professional growth of the employees.

REVENUE/EXPENDITURE ANALYSIS

- In FY2020 the County started a new credit card program which offers a rebate program. There is a possibility for cash back after the end of the calendar year. It was decided that the revenue for this program would go to the Employee Benefits department to help defray the costs of Employee Incentives or Employee Development.
- In FY2022, the service awards were changed from plaques to a program called 'Select Your Gift'. This program continues to recognize employees who have reached the 5, 10, 15, 20, 25, 30, 35, and 40 years of service. Select Your Gift offers employees to view a variety of gifts on line and select the gift of their choice. Employees on their 1-year anniversary receive a Livingston County mug.
- The expenses covered in this department are the County's share of Health Insurance, Dental Insurance, Vision Insurance and Life Insurance. The other personnel costs in this department are for the Employee Incentive/Appreciation Program, the Employee Development Program (to cover the costs of county-wide training courses), and also the new Employee Service Awards program.
- The increase in the Employer Share of Health insurance is due to the County Board's approval of a contribution of 50% to dependent premiums.

MISSION STATEMENT

To record, certify, maintain and retrieve all information that is mandated by the State of Illinois to be filed and held by the County Clerk and Recorder's Office in a manner that accounts for accuracy and efficiency and in a friendly, courteous manner to all members of the public requesting information.

County Clerk & Recorder Department positions: 5 FTE

The County Clerk is required for all counties by the Illinois Constitution. Article VII, Section 4(c), "Each County shall elect a sheriff, county clerk and treasurer".

The duties and function of the County Clerk and Recorder are statutorily defined in the *Illinois Counties Code (55 ILCS 5/Div. 3-2 and 3-5)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **County Board** - As the Clerk to the County Board, keeps an accurate record of the proceedings of the board, files and preserves all reports, resolutions, ordinances and other business acted upon by the board.
- **Vital Records** – Maintains the certified Birth, Marriage and Death Certificates on citizens born, married or expired while in Livingston County. Per State Statute, the County Clerk is responsible for providing requested copies of said certificates, charging a fee to cover the cost of issuing the copy.
- **County Records** – Responsible for maintaining alphabetical indexes for all records and papers in the office, including all board approved contracts with the County, claims filed against the County for payment, statutory reports filed with the Clerk by other offices of the County, minutes of County Board meetings, and other records as required by law. Additionally, the County Clerk is responsible for assuring all resolutions and ordinances are submitted for inclusion into the Livingston County Code of Ordinances.

- **Tax Extender** – The County Clerk is the official extender of taxes on real estate for all taxing authorities in Livingston County, in compliance with all special taxing districts, exemptions and property tax cap laws (PTELL).
- **Tax Redemption** – In concert with the County Treasurer, maintains a complete file of all property taxes sold at the County's annual tax sale. Calculates and collects all penalties and interest at the time of redemption of (sold) taxes by the property owner.
- **Recording** – Upon receipt of various official documents including deeds, mortgages, affidavits, plats of survey, mechanic liens, land surveys and military discharges in Livingston County, it is the responsibility of the County Recorder to accurately record, index, image, archive and retrieve said documents. These files are retained for all time, and are used for the transfer of title to property in Livingston County. In Livingston County, the office maintains the land records of approximately 24,000 parcels of land
- **Security of Citizen Information** – The County Recorder has implemented security measures to protect citizens against the possibility of fraudulent activity with their recorded information. The security measures include: the redaction of social security numbers on the office's computer system and on the web to help eliminate the possibility of inappropriate use (the original documents are not altered in any way); a **free subscription service (www.Property Fraud Alert.com)** offering personal notification to the subscriber via email, or telephone call if a document is recorded in their name; and the requirement of a completed application and photo identification to obtain information or copies of original military records.
- **Data Access** – The County Recorder maintains and offers the following services for searching records on line, (1) **Laredo**, a subscription-based service for searching land records and (2) **Tapestry**, a pay as you go search service for land records. The County Clerk's side offers an on-line service for ordering and purchasing copies of vital records. An on-line marriage license application, which streamlines the process and ensures the accuracy of the documents is also available for applicants to fill out prior to coming to the office.

GOALS AND OBJECTIVES

- Maintain the County Clerk's website with appropriate information and forms.
- Have started the process of the conversion of historical data (i.e.: microfilm cards and paper copies/books) to digital images which can be securely searched and printed both in-house and online within seconds.
- To continue to provide quality service to the public in a welcoming and courteous environment.

REVENUE/EXPENDITURE ANALYSIS

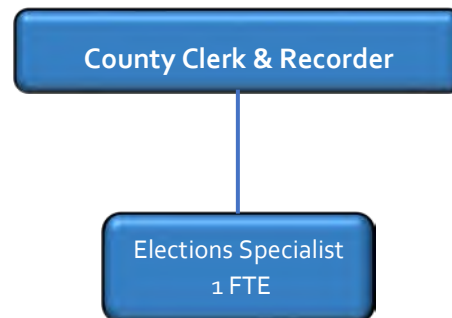

- Revenues generated by the County Clerk are from fees for issuing marriage/civil union licenses, requests for certified copies of marriage, death, and birth certificates, and tax redemptions. With the implementation of a new fee structure at the beginning of FY2019, we have seen an increase in the revenue stream. It had been fifteen years since the last fee cost study was performed.
- The County Clerk's Office employs a staff of 6 full time equivalents, including the County Clerk. Personnel costs are 90% of this department's fiscal year 2023 operating budget and reflect an increase of \$1.50/hr. approved by the County Board effective December 1, 2023. Since 2003, full time staff has been reduced by two with another position being reduced from 37.5 hours to 30 hours a week.
- Data Processing Services increased due to the start of a new five-year contract with our Real Estate and Mobile Home Tax Services software provider.
- Converted to the Department of Revenue My-Dec software process of electronically recording and applying the state and county real estate tax transfer stamps. This eliminates the expense and time of driving to Springfield for stamps.

MISSION STATEMENT

To conduct all elections in a fair, accurate, impartial and efficient manner. The County Clerk's Office will preserve all election results and make said files accessible to all people. Said office will accurately maintain all filings and records as mandated by law.

**Elections Department positions: 1 FTE**

The Livingston County Clerk is the official election authority for the County (unincorporated and incorporated), and is responsible for local voter registration programs, training of election judges, securing polling places, printing of the ballots, oversight of election day activities, and supervising the vote count at the local level.

The duties and function of the Elections Department are statutorily defined in the *Election Code (10 ILCS 5)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Election Law** – The County Clerk is the Election Authority for Livingston County. It is the responsibility of the Election Authority for the County to monitor and implement the changes in election law as approved by both the Federal and State Governments to assure compliance by the County in the election process. The election process (registration, voting and reporting) is in a constant status of change.
- **Recruitment and Training** – The Election Authority for the County is responsible for recruitment of enough volunteers in each precinct to work the polling places; that volunteers (election judges, election techs, election runners) are trained in election law, the election process and procedures; and on the equipment used to obtain and safeguard the voted ballot.
- **Precincts** – The Election Authority is responsible for the maintenance and updating of the boundary lines to reflect population changes within the precincts of Livingston County, and determine if additional precincts within a boundary line is necessary to facilitate the election process. Inspections of all polling facilities for adherence to the Americans with Disabilities Act are completed before every General Election.
- **Registration Files** – The Voter Registration information is maintained in the County Clerk's Office and is updated daily to account for new registrations, address changes, registrants that have moved or expired and duplicate registrants.

- **Election Administration** – The County Clerk is responsible for updating and maintaining the website with the appropriate forms and election information as required by Federal Law. Election records on all elected officials for all units of governments within the County, including dates elected, vacancies, vacancies filled and the expiration of terms of office are maintained and archived as part of the history of Livingston County.

GOALS AND OBJECTIVES

- Maintain and update election files as it pertains to the election setup and processes (polling place setup, judges, delivery, etc.).
- Implement updates to the voter registration system to allow for communication with the State Board of Elections to allow for detection of duplicate registrations and inactive voters.
- Recruit and retain qualified election judges to assist citizens in the voting process (approx. 230 each election)
- To continue working with the high schools within the county to utilize the eligible Junior and Senior students as election judges in the High School Election Judge program.
- Update/maintain the County Clerk’s website with the appropriate forms and election information as required by Federal and State law.
- To engage in the State Board of Elections Cybersecurity initiatives in order to maintain a secure election system.

REVENUE/EXPENDITURE ANALYSIS

- The only “revenue source” for elections would be from any supplemental reimbursements received from the State of Illinois for costs related to Election Judges (\$65/per judge per election). The State, at this time allocates grants to be used towards the maintenance and upkeep of the voter registration system (IVRS), with Livingston County receiving an average of \$18,000-\$30,000+ annually.
- The Elections budget is dependent on the type of elections to be held, and therefore can fluctuate every two years. The Personnel Services includes a salary increase of \$1.50/hr. as approved by the County Board effective December 1, 2023.
- The Primary Judges’ pay was reduced for FY2023 because in odd years there is no county-wide Primary Election. The City of Pontiac and South Streator would be the only entities eligible to have a Primary Election.
- Voter Registration & Fees was also increased to accommodate the expense for the statutorily mandated Permanent Vote by Mail notices which must be sent out to all the registered voters in the county prior to the General Elections in even-numbered years and Consolidated General Elections in odd-numbered years.

SPECIAL RECORDING FEES – FUND 291

Submitted by: Kristy Masching, Livingston County Clerk & Recorder

The Special Recording Fees Fund was established by state statute**FUNCTIONS MANDATED BY STATE STATUTE**

- **Automation of Recorder Processes** – The Special Recording Fees Fund is a Special Revenue Fund created by Illinois State Statute that gives County Boards the authority to/or not to establish a fee for documents recorded within their respective Counties. This fund was created for automating the duties of the Recorder's Office and provides for electronic access to recorded documents.

REVENUE/EXPENDITURE ANALYSIS

- Fees remain steady at this time. We have experienced an increase in revenue with the implementation of a new fee scale and online access to records.
- In the fall of 2015 we upgraded our recording software to the Fidlar Land Recording System. The fees generated go towards our annual maintenance, upgrades to the system, information replication, microfilming and all supplies. The increased expenses this year are necessary as we are working to implement a long-term scanning project of our historical records thus helping to preserve our books and offer alternate search options to the public.

The Vital Records Fees Fund was established by state statute (55 ILCS 5/4-4001).

FUNCTIONS MANDATED BY STATE STATUTE

- **Additional Fees** – the statute allows the County Clerk to impose an additional \$2.00 charge for certified copies of vital records as defined in Section 1 of the Vital Records Act, for the sole purpose of defraying the cost of converting the county clerk's document storage system for vital records as defined in Section 1 of the Vital Records Act. Monies in the special fund shall be used solely to provide the equipment, material and necessary expenses incurred to help defray the cost of implementing and maintaining a document storage system.
- **Use of Fees** – the additional fee collected for certified copies of vital records must be used by the County Clerk to automate his or her office.

REVENUE/EXPENDITURE ANALYSIS

- This fund is a restricted fund with guidelines established by the Illinois state Compiled Statutes on how the revenue is derived. The revenue stream for this fund has remained steady over the past few years. Revenue also comes from a portion of the monies collected and sent to the state for fees collected for the Death Certificate Surcharge Fund.
- Expenditures allowed from this fund include maintaining equipment, security paper for certified copies and miscellaneous supplies needed for the IVRS (Illinois Vital Records System) and upgrading to a new Online Marriage Application/Vital Records program.

COUNTY TREASURER (DEPARTMENT 130)

Submitted by: M. Nikki Meier, Livingston County Treasurer

MISSION STATEMENT

To serve the taxpayers and taxing districts of Livingston County by efficiently and accurately billing, collecting, and disbursing tax money. To ensure safety, liquidity and yield of all County funds.

County Treasurer Department positions: 3 FTE

The Treasurer is required for all counties by the Illinois Constitution. Article VII, Section 4(c), "Each County shall elect a sheriff, county clerk and treasurer."

The duties and function of the County Treasurer are statutorily defined in the *Illinois Counties Code (55 ILCS 5/3-10)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **County Funds** – The County Treasurer is responsible for the receiving of County funds, and maintaining a just and true account of all monies, revenues and funds received by him/her. Currently the Treasurer's Office is responsible for 112 bank accounts (not including certificates of deposit) with banks disbursed throughout the County for funds established by the County Board or elected officials. In order to safeguard the public funds, the County Treasurer requires proper collateralization on all accounts held by banks.
- **Investment Portfolio** – The County Treasurer per Illinois State Statute (30 ILCS 235/2.5) is accountable for the Investment Portfolio of most County funds.
- **Administrative Duties** – Other duties handled by the office include reconciliation of all bank statements to funds, reporting all cash in transactions monthly by fund, maintaining records of and reporting abandoned funds to the State, and updating all banking transactions. The Treasurer also prepares an annual financial report of all funds to be approved by the County Board.
- **County Collector** – As the County Collector, the powers and duties include: preparing tax bills (as described and mandated by 35 ILCS 200/20-15) showing each installment of property taxes assessed; the mailing of said bills 30 days prior to the first installment due date; the collection of any tax on property; recording and updating payments against the tax record; distributing the tax revenue to all taxing districts within the County based on their tax extensions; and the collection of delinquent taxes.

The office is also responsible for maintaining records of all Mobile Homes in the County and preparing and mailing tax bills for said mobile homes. Taxes are collected and distributed in a manner similar to property taxes.

GOALS AND OBJECTIVES

- Following the purchase of the new tax bill printer in 2020, we were able to get tax bills printed, stuffed and in the mail in 6 business days this year. It took us 9 days in 2019.
- Will continue to mail out reminder postcards to tax payers before mailing delinquent notices to reduce the number of certified letters that must legally be mailed out.
- Implemented using positive pay for the General Fund bank account. Will continue to explore the possibility of using this for other accounts in the future.
- With the help of Executive Director and Executive Assistant, Investment Policy update has been completed.
- Achieved our goal of providing online access to pay mobile home tax payments online to pay by credit card or e-check.
- Purchased a money counter to help reduce potential fraudulent currency.
- Purchased several CD's in FY2023 for Departments/Divisions that didn't have them. Hoping to see the interest rates stay up for FY2024.
- Subscribing to Veribanc to help monitor bank performance.

INDEMNITY – FUND 250

Submitted by: M. Nikki Meier, Livingston County Treasurer

The Indemnity Fund was established by state statute (35 ILCS 200/21-295).**FUNCTIONS MANDATED BY STATE STATUTE**

- Each person purchasing a Certificate of Purchase at the annual tax sale shall pay to the County Collector a fee of \$20 for each item purchased. A like sum shall be paid for each year that all or a portion of subsequent taxes are paid by the tax purchaser. The Indemnity Fund shall be held to satisfy judgments obtained against the County Treasurer as trustee of the fund. Any owner of property sold under any provision of this Code who sustains loss or damage by reason of the issuance of a tax deed shall have the right to indemnity for the loss or damage sustained. No payment shall be made from the fund, except upon a judgment of the court which ordered the issuance of a tax deed.

TREASURER AUTOMATION – FUND 251

Submitted by: M. Nikki Meier, Livingston County Treasurer

The Treasurer Automation Fund was established by state statute (35 ILCS 200-21-245)

FUNCTIONS MANDATED BY STATE STATUTE

- The County Collector in all counties may assess to the purchaser of delinquent taxes a fee of not more than \$10 per parcel. Said fee shall be deposited into a fund designated as the Tax Sale Automation Fund. Expenditures are limited to costs related to the automation of property tax collection, delinquent tax sales and to defray the cost of providing electronic access to collection records. In addition, any person wishing to bid at the annual sale of delinquent taxes must register with the County Collector and submit a registration fee of \$250 (35 ILCS 200/21-220). The registration fee is applied to the amount due on the delinquent taxes. If the tax buyer does not attend the sale, the fee is forfeited to the Tax Sale Automation Fund.

WORKING CASH – FUND 800

Submitted by: M. Nikki Meier, Livingston County Treasurer

The Working Cash Fund was established by state statute (55 ILCS 5/Div. 6-29001)**FUNCTIONS MANDATED BY STATE STATUTE**

- In each County of this State having a population of less the 1,000,000 inhabitants a working cash fund may be created, set apart, maintained and administered, in the manner prescribed in this Division, to enable the County to have in its treasury at all-times sufficient money to meet the demands for ordinary and necessary expenditures for general corporate purposes. Such funds may not be regarded as current assets available for appropriation.
- This fund acts as an emergency source of funding in the event any tax levied fund should have insufficient funds to meet its obligations. Must be repaid upon the first collections of property taxes.

TAX SALE IN ERROR FUND

Submitted by: M. Nikki Meier, Livingston County Treasurer

The Tax Sale in Error Fund was established by state statute (35 ILCS 200/21-330)

FUNCTIONS MANDATED BY STATE STATUTE

- The County Board may impose a fee, at a rate determined by resolution, which shall be paid to the County Collector by each person purchasing property at the annual delinquent tax sale. Said fee has been determined to be \$30 per certificate.
- The fund shall be held to pay interest and costs by the County Treasurer as trustee of the fund. No payment shall be made from the fund except by order of the court declaring a sale in error under Section 21-310, 22-35 or 22-50. The fund shall be the sole source for payment and satisfaction of orders for interest or costs.

SUPERVISOR OF ASSESSMENTS (DEPARTMENT 140)

Submitted by: Shelly Renken, Livingston County Supervisor of Assessments

MISSION STATEMENT

Administer an accurate, fair, uniform, and timely assessment of all real property within Livingston County in accordance with and as mandated by the State of Illinois Property Tax Code.

Supervisor of Assessments Department positions: 5 FTE

The duties and function of the Supervisor of Assessments are statutorily defined in the Property Tax Code (35 ILCS200/) and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Mapping Division** - The Mapping Division is responsible for the verification and updating of all County parcel information and maintains the accuracy of the County's cadastral map system through the use of recorded documents (deeds, subdivision plats, surveys, etc.).
- **Supervisor of Assessments Division** - This Division handles the sales ratio study, reviews and if necessary, edits the records submitted by the township assessors, maintains all ownership and address records for the County, administers all homestead and non-homestead exemptions, equalizes and sends out the valuation notices to property owners prior to certification, and maintains the tax rolls for the 33 drainage districts located in the County.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **Board of Review** - The Board of Review members are appointed by the County Board. (see Department 141)

GOALS AND OBJECTIVES

- Work with the Township Assessors to continue to update property data to ensure current and accurate information is used in the valuation of property in Livingston County.
- In 2022, Vanguard Appraisals began the process of inspecting all commercial/industrial properties in the County. For the 2023 Assessment Year, that data will be used to analyze and revalue all properties within that classification. The goal of this project is to ensure we have current and up to date data on all properties and to ensure all commercial and industrial properties are assessed at their current market value.
- Monitor and direct the countywide valuation of real property for the purpose of real estate taxation by providing information, guidance and support to the nine (9) township assessors and the Board of Review.

REVENUE/EXPENDITURE ANALYSIS

- In 2016, our office entered into an Inter-Governmental Agreement with Nebraska Township to take over the unfilled position of Township Assessor. That contract was renewed in 2020 for another four-year period. Per that contract, Nebraska reimburses the County \$12,950.00 per year plus mileage.
- We also bring in approximately \$11,500 per year from our website subscriptions and \$3,000-5,000 each year from selling our data files to outside sources.
- There are occasions where our office has to complete the work for a township assessor. We currently charge \$70/parcel to do this.
- Since 2023 is a Quadrennial Reassessment Year, the costs associated with that are obviously more than a normal year. The line items that fall under contractual services have been increased for this year to accommodate the extra costs associated with this, including mailing and publication.
- The Supervisor of Assessments Office employs 4 full time employees, including the Supervisor of Assessments and a Chief Deputy. The increase in personnel expenses for 2023 is a result of the \$1.50/hour wage increase for county employees as well as the creation of a position (Commercial Valuation Specialist) that will handle commercial assessments.

MISSION STATEMENT

Administer an accurate, fair, uniform, and timely assessment of all real property within Livingston County in accordance with and as mandated by the State of Illinois Property Tax Code.

The duties and function of the Board of Review are statutorily defined in the Property Tax Code (35 ILCS 200/6).

FUNCTIONS MANDATED BY STATE STATUTE

- **Requirements** - The Board has a membership of three (3) which are appointed by the County Board. Each board member must have prior real estate appraisal and/or assessment experience along with passage of a state administered exam prior to appointment.
- **Hearings** - The responsibilities of this board are to accept and hold hearings on assessment complaints, research values on each complaint filed, and issue a written decision to the complainant.
- **Other Responsibilities** – The Board of Review will represent the County in all State Property Tax Appeal Board proceedings, adding omitted property to tax rolls, holding non-homestead exemption hearings and delivering one set of assessment books to the County Clerk, who then certifies the abstract to the Department of Revenue.

GOALS AND OBJECTIVES

- After the assessment process is completed, the chief county assessment officer forwards all books, paper and information that the Board of Review requests so that it can complete its duties.
- It is always the goal of the Board to not only meet the needs of those wishing to file appeals with the Board of Review, but to keep the tax cycle moving along in a timely manner and to be closed by January to hand values off to the County Clerk's Office.
- The Board of Review convened in July of 2022 to review their Rules and make any necessary adjustments. They also approved pending exemptions at that time. Thirty (30) days after Notices are mailed; the Board will come into session to begin reviewing complaints that have been filed.

The GIS Automation Fund was established pursuant to Illinois Counties Code (55 ILCS 5/3/5-18).

The GIS Fee is a flat fee per recorded document and is a statutorily authorized fee which must be recorded in a separate fund. This fund is used to help with costs associated with maintaining technologies and resources required for GIS development and maintenance.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **Core GIS Databases** - Develop and maintain the geographic information system for Livingston County, including administering and developing the parcel base data, tax district data, critical facility data, topography data, contracting for County-wide Digital Aerial Photography to enhance base maps, the development and governing of a logical enterprise based GIS interactive web application to allow public and organizational access to the GIS information.
- **Coordination of GIS Activity** - Manage and assist in the coordination of GIS activity across other County Departments and the public utilizing the County's GIS information. Review and enhance regional GIS coordination and data sharing with other governmental agencies for emergency response initiatives, comprehensive analysis, data driven decision support, and collaboration.
- **GIS Services** - Provide critical mapping support during emergencies, create maps for court cases, and produce required cadastral maps used by County Assessors, Realtors, Title Companies, and the general public. Conduce dataset creation in enterprise GIS for other governmental agencies, fire districts, and the general public. Develop and maintain interactive maps to provide transparency and ease of access to public information.

GOALS AND OBJECTIVES

- GIS takes statistical information and applies it to a map to identify how the information is affecting specific areas of the County. The demand for and reliance on the accuracy of GIS data that is being provided by the department continues to be vital information for public safety officers (Police Departments, Fire & Rescue Departments, Emergency Management, and Emergency Telephone Systems Boards), local government agencies (Schools, Townships, Municipalities, and Villages), political parties, non-profit organizations and private businesses, as well as the general public.
- Complete all parcel updates successfully for deeds recorded in 2023 within 45 days of receiving documents from the Assessment Office.
- Assist departments with additional GIS integration, analysis, map production, and creation of interactive maps to improve efficiency, reduce cost, and provide additional information to the public.
- Update contracts with Cities and Villages to continue mapping services as well as enter into potential agreements with other government entities and departments to allow them access to their own mapping layers within the GIS system through subscription.
- Work with Assessment Office to ensure all updates are completed prior to rolling to the next tax year.

- Continue to work in conjunction with the Cities and Villages to maintain their Map Viewers on site to ensure accurate, up-to-date data.
- For 2023 we will be upgrading our GIS software from ArcGIS to ArcGIS Pro and migrating to a parcel fabric environment. This is a necessary change as the older software will not be supported in the years to come.
- The goal was to get on a regular flight schedule. Therefore, new flights will be done again in 2023 and 2026. Updated flights are an essential tool of our office.
- Provide transparency and ease of access to public information.

REVENUE/EXPENDITURE ANALYSIS

- The contract with EagleView allows for a more interactive experience for users. Therefore, it is our hope to set up user accounts for a determined fee to better meet the needs of some that would have the desire to create their own layers within the system.

- Currently Livingston County collects \$20 for each document recorded. Of that recording fee, \$19 is applied to the GIS Automation Fund. The remaining \$1 is applied to the Recorder Automation Fund.
- In the future, the hope is to be able to sell subscriptions to other entities to help cover some of the costs associated with updated flights.
- The Transfer to the General Fund is to cover the wages of the GIS Mapping Specialist.

MISSION STATEMENT

To assist the County Board in preparing and managing effective policies, plans and programs related to land use and development; to provide quality service to the public within the limits of available resources.

Regional Planning & Zoning Department: 2 FTE

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **Administration of Land Use Controls** – The Planning Commission office implements land use controls through zoning and subdivision regulations. The Comprehensive land use plan, as well as zoning and subdivision regulation, define what land and buildings may be used for and how intensively they can be developed.
- **Property Development** – The Zoning Administrator and the property developer regularly communicate when there is a proposed development. The Planning Commission office provides requested information to help make the land use regulation process simpler. They listen to proposals to help ensure the process runs smoothly.

GOALS AND OBJECTIVES

- Ensure applications for new construction and property improvements meet the Livingston County Zoning Regulation, Flood Hazard Development Ordinance, and other relevant rules.
- Review and update the Livingston County Comprehensive Plan, Zoning Regulations, and Subdivision Regulations.
- Check regularly for updates or changes on solar farm rules and state regulations.
- Show professional behavior when interacting with others, including the public, other counties, other departments, other staff members and the County Board.

REVENUE/EXPENDITURE ANALYSIS

- A new revenue line item was added for FY2024 to account for the solar and wind farm building permits. Prior to 2024, the building permit was a flat fee. Now, the amount of the permit is based on the megawatt size of the solar or wind farm. We expect that this revenue will be significant over the next few years.
- The other permit revenue is for property improvement activity and is difficult to predict. Anticipate property improvement similar as to the last year.
- The increase in Personnel Services is due to a change in the structure of the department. The wages for the administrator are only for the Regional Planning & Zoning Department. These wages used to be split across 2 other departments.

FACILITY SERVICES (MAINTENANCE) – MULTIPLE DEPARTMENTS

Submitted by: Shawn Johnson, Livingston County Facility Services Manager

MISSION STATEMENT

The Maintenance Department will work to provide a safe, clean, and comfortable environment in all County buildings for County employees and visitors.

Maintenance Department positions: 11 FTE

The Maintenance Division consists of 8 “departments” – a general maintenance department, a department for each of the 6 buildings, and a department for utilities. Each of these departments has its own budget.

The duties and functions of the Maintenance Division are established by the County Board as follows:

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **Building and Grounds** – The Maintenance Department is responsible for the repair and maintenance performed on County owned facilities including: housekeeping/custodial functions; repairs to roofs, windows, floors, plumbing, electrical, mechanical systems, and fire/life safety. The department’s responsibilities extend to grounds maintenance, which includes snow and ice removal from sidewalks and parking areas.
- **Equipment Maintenance** – Responsible for making sure that all mechanical equipment is scheduled for and has preventative maintenance performed throughout the year.
- **Conference Rooms** – Maintenance is responsible for the setup of conference rooms for meetings scheduled by departments. Set up includes making sure the required number of tables and chairs are available, set up and arranged in the format requested by the meeting sponsor.
- **Requests from Departments** – All maintenance personnel are responsible for checking the maintenance e-mail account and setting up and prioritizing repairs and/or maintenance checks.

GOALS AND OBJECTIVES

- Continuous training and cross-training for laborers/mechanics.
- Web training for laborers/mechanics
- Implement online maintenance tracking system
- Assist in the development of a long-range Capital Improvement Plan

REVENUE/EXPENDITURE ANALYSIS

- The Maintenance Department is comprised of a General Maintenance department budget, a budget for each building, and a budget for utilities.
- All Personnel Services are covered in the General Maintenance Department (150) except for one Custodian position. This position is dedicated solely to the new Health & Education building.
- Contractual services were increased for the Historic Courthouse and the Public Safety Complex based on the trend of these expenses. This included Service Contracts for the Courthouse and Building Maintenance & Repairs for the Safety Complex

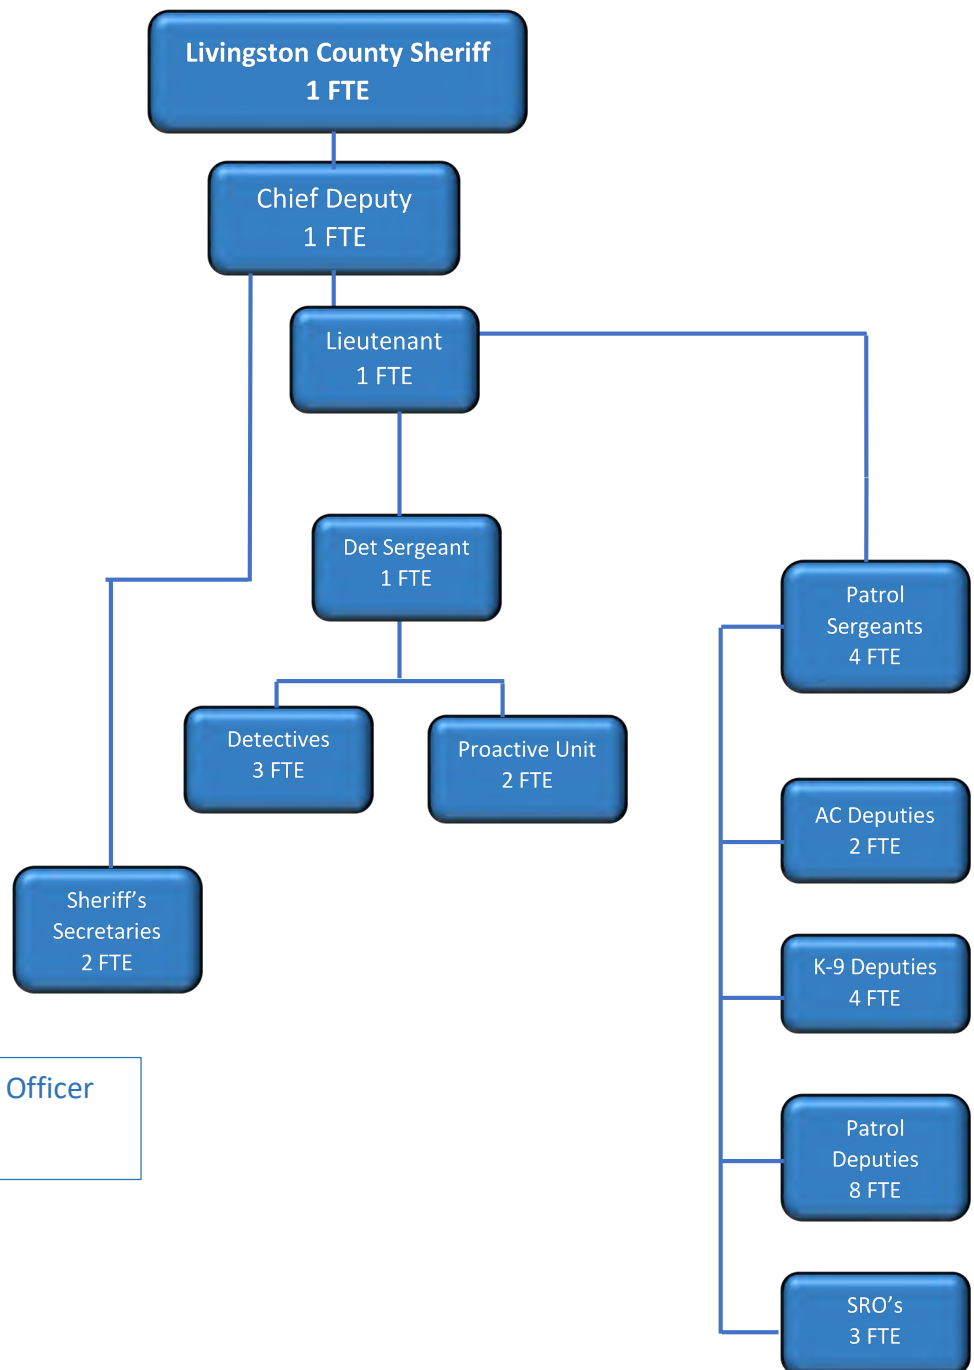

- There was also a slight increase in the Commodities for the Law & Justice Center and the Public Safety Complex. This is for an increase in cleaning supplies.
- In FY2022 the Torrance Avenue building department was added. This part of the old Health & Education Building was always rented out and will continue to be rented following demolition of the Public Health portion of that building. The County is responsible for maintaining the building.
- There is just a slight increase in utilities for FY2024 based on the trends over the last two years.

County Sheriff's Office positions: 32 FTE

The County Sheriff is required for all counties by the Illinois Constitution. Article VII, Section 4(c), "Each County shall elect a sheriff, county clerk and treasurer".

The duties and function of the County Sheriff are statutorily defined in the *Illinois Counties Code (55 ILCS 5/Dev.3-6)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Duties** – The Sheriff shall be a conservator of the peace in his/her County, and shall prevent crime and maintain the safety and order of the citizens of that County; and may arrest offenders on view, and cause them to be brought before the proper court for trial or examination. Additionally, the Sheriff shall have the custody and care of the courthouse and jail of his or her county.
- **Administration** - The County Sheriff is responsible for the management oversight of the Sheriff's office, and provides the leadership and administrative decisions for day to day operations. The following divisions of the Sheriff's Office fall under the purview of administration: Records, Civil Process, Investigations, Proactive Drug/Gang unit, and Patrol.
- **Corrections:** The Corrections Division is responsible for the detaining of individuals arrested and awaiting court proceedings and incarcerated individuals serving a sentence.
- **Court Security:** Responsible for ensuring the safety of employees, the Law and Justice Center, and the general public transacting business within the Livingston County Law and Justice Center, including the Judicial Courts.

FUNCTIONS ESTABLISHED BY THE SHERIFF'S OFFICE

- **Community Service:** The Sheriff's Office continually seeks opportunities to be involved with our community including, ALICE active threat training in schools, Touch a Truck program at schools, K-9 Demonstrations, Informational booths at Fairs, Classroom visits in schools and DUI demonstrations for Drivers Education.
- **Inmate Housing Program:** Fulfilling contractual intergovernmental agreements with the United States Marshals Service on housing Federal detainees within our Corrections Facility for a fee.
- **Animal Control:** Enforcement of County and State Laws pertaining to animals within Livingston County. Collection of County fee's relating to Registration and Vaccinations. The Animal Control Division consists of two Deputy that performs Animal Control duties in conjunction with their regular Patrol Functions, a Secretary dedicated to Animal Control Operations and one civilian part time Animal Control Officer.

GOALS AND OBJECTIVES

- Continue to expand on the Sheriff's safe school initiative with more training for officers and continued police presence in the schools that the Sheriff's office is responsible for. Continuation of the SRO program at all three schools and revisiting adding an SRO at Prairie Central Schools.
- Continue agreement with the Federal Marshal's service and the County Board.
- Maintain 24-hour coverage with the K9 program.
- Utilize personnel to focus on patrol duties in the smaller towns and villages in the County.

- Continue to expand the Sheriff's Office Drone program to aid in the collection of evidence, search and rescue, and surveillance.
- Seek additional grants and local funding to replace equipment as it becomes outdated and offer additional patrol enforcement opportunities.
- Utilize Detectives to focus on internet crimes against children, investigating child pornography and the exploitation and solicitation of children.

REVENUE/EXPENDITURE ANALYSIS

- The Sheriff's Office revenues consist mainly of "Fees, Fines & Charges for Services". Specifically, these are fees & fines assessed in Court cases, the charge for the services to Federal Inmates (Federal Inmate Housing) and the charge to the schools for the SRO program. Until there is a consistent increase in actual revenues over several years, budgeted amounts are the same as the previous year.
- A grant was applied for at the end of FY2023 for the Sustained Traffic Enforcement Program (STEP). This allowed for an additional expense line item for overtime.

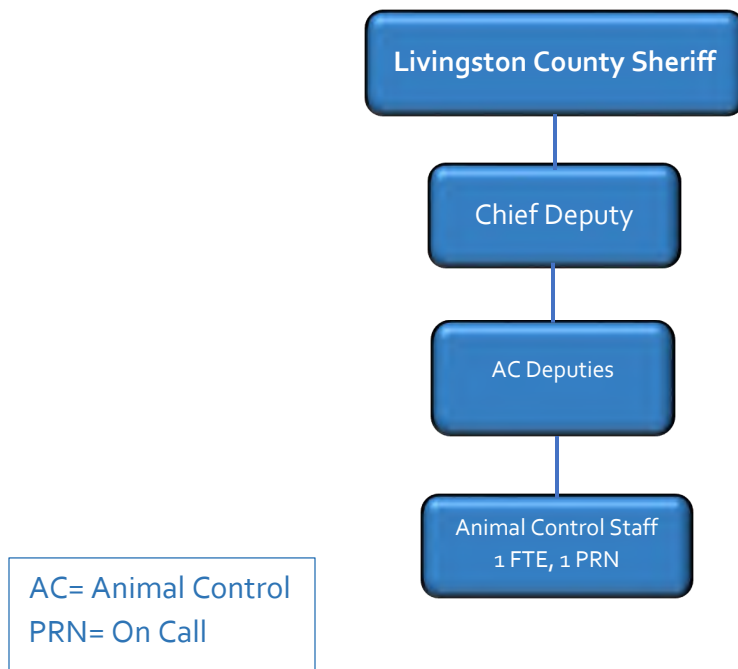

- The increase in Personnel Services is a result of the increase in the Sheriff's salary, as well as the result of the negotiated contract between the Union and the County Board and also additional approved increase in the general overtime line item to accommodate necessary patrol staffing levels on all shifts.
- There was also an increase in Contractual Services due to contract increases in Radio Maintenance, Cell Phone expense and Investigative services.

MISSION STATEMENT

To provide professional, comprehensive, and effective enforcement of all pertinent State, County, and local citations of authority pertaining to animal control and care in partnership with those who live and work in Livingston County. Livingston County Animal Control has a vital impact on the quality of life as it pertains to all animals and pets.

**Animal Control Division positions: 1 FTE**

The duties and function of Animal Control are statutorily defined in the *Illinois Counties Code (510 ILCS 5/3 Animal Control Act)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Duties and Powers** – To control and prevent the spread of rabies and to exercise dog and cat overpopulation control.
- **Rabies Control** – Providing rabies control through rabies registration. Enforces state and local laws regarding rabies vaccination and registration of dogs and cats.
- **Shelter** – Providing temporary shelter for stray, abandoned and unwanted animals.

GOALS AND OBJECTIVES

- Ensure that all animals are treated fairly.
- Continue a good working relationship with the Livingston County Humane Society
- Work on adopting dogs out if an owner is not found and an outside rescue is not available.

MISSION STATEMENT

The mission of the Livingston County Jail is to provide a safe and secure environment for lawfully committed residents. It is also to provide for the safety of the Livingston County citizens by housing lawfully committed residents in the most secure, efficient and cost-effective manner as possible. The Livingston County Jail is operated under the authority of the Sheriff of Livingston County and follows laws and rules set forth by the United States, State of Illinois, and the Illinois County Jail Standards. The administration and officers of the Livingston County Jail understand that fostering good working relationships with other Criminal Justice Agencies both locally and abroad helps make a more effective Criminal Justice System.

Corrections Department Positions: 39 FTE

FUNCTIONS MANDATED BY STATE STATUTE

- **Corrections:** The Corrections Division is responsible for the detaining of individuals arrested and awaiting court proceedings and incarcerated individuals serving a sentence.
- **Court Security:** Responsible for ensuring the safety of employees, the Law and Justice Center, and the general public transacting business within the Livingston County Law and Justice Center, including the Judicial Courts.

GOALS AND OBJECTIVES

- Fully staff and train the Livingston County Jail in turn boosting morale.
- Continue to house and transport for the Federal Marshal's as per IGA
- Adequately address the increasing needs of the mental and behavioral health population
- Ensure all policies and procedures are being followed
- Plan to be fiscally responsible and adhere to management budget guidelines
- Obtain a clean IDOC audit
- Pass our PREA (Prisoner Rape and Elimination Act) Audit
- Track medical services and charge accordingly. Sick Call numbers are not as accurate as they should be.

GOALS AND OBJECTIVES ACHIEVED IN 2023

- We have resumed rehabilitative groups and activities. Adding a mental health provider through our medical group has worked well allowing services for all residents to resume.
- We began enrolling residents for medical insurance through the state and submitting medical cost through resident insurance.
- Staffing levels have increased significantly. We have certified 6 officers through the state by sending them to the academy. (They are still employed through our agency.)
- We certified two officers at FTO's (Training Officers and certified 1 officer as a PREA Officer.
- We added an Administrative Assistant to our staff. She has been wonderful and continues to improve productivity and simplifies projects.

REVENUE/EXPENDITURE ANALYSIS

- A new position has been added for a Federal Liaison Nurse. This position was previously covered with our medical service providers. The cost for the new provider to carry this position was more than it would be for the County to have a new position.
- There is an increase in inmate medical due to switching medical providers. Advanced Correctional Health provides more services for the price as well as projected staffing levels.
- There is an increase in inmate meals due to the contract with new dietary group-Kellwell Foods. Increase is food-away-from-home CPI.
- Our IGA (Federal Agreement) expires this upcoming year, so we will pay for a consultant to help with the negotiation process.

ARRESTEES MEDICAL COSTS – FUND 281

Submitted by: Lisa Draper, Livingston County Jail Superintendent

The Arrestees Medical Costs Fund is required by the *Criminal Traffic Assessment Act (705 ILCS 135/15)*.

FUNCTIONS MANDATED BY STATE STATUTE

- **Fees** – the County Sheriff will receive a \$10 fee for each conviction or order of supervision on a criminal case. This will be used for specific types of medical care for arrestees/inmates.

FUNCTIONS ESTABLISHED BY THE COUNTY BOARD

- **Fees** – in FY2022 the County Board approved a resolution which increased the fee that an inmate pays for medical services – sick calls are now \$10 (were \$5) and doctor visits are now \$20 (were \$10)

MISSION STATEMENT

To investigate the cause and manner of death of anyone who falls under the jurisdiction of the Coroner as prescribed by law.

County Coroner Department positions: 2 FTE

The duties and function of the County Coroner are statutorily defined in the *Illinois Counties Code (55 ILCS 5/Div. 3-3)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Unexplained Deaths** - Every Coroner, whenever, as soon as he/she knows or is informed that the dead body of any person is found, or lying within his/her county, whose death is suspected of being: A sudden or violent death; A maternal or fetal death due to abortion or any death due to a sex crime or a crime against nature; A death where the circumstances are suspicious, obscure, mysterious or otherwise unexplained; A death where addiction to alcohol or to any drug that may have been a contributory cause; or A death where the decedent was not attended by a licensed physician; shall go to the place where the dead body is, and take charge of the same and shall make a preliminary investigation into the circumstances of the death.
- **Motor Vehicle Deaths** – In cases of accidental death involving a motor vehicle in which the decedent was (1) the operator or a suspected operator of a motor vehicle, or (2) a pedestrian 16 years of age or older, the coroner shall require that a blood specimen of at least 30cc and if medically possible a urine specimen of at least 30 cc or as much as possible up to 30cc be withdrawn from the body of the decedent in a timely fashion after the accident causing the death to be tested for drugs and alcohol.
- **All Other Deaths** – In all other cases coming within the jurisdiction of the coroner, blood and whenever possible, urine samples shall be analyzed for the presence of alcohol and other drugs. When the coroner

suspects that drugs may have been involved in the death, a toxicological examination shall be performed which may include analyses of blood, urine, bile, gastric contents and other tissues.

- **Autopsies** – A complete autopsy must be performed on all children under the age of two who die, and on anyone regardless of age, who dies while in police custody.
- **Inquest** – In cases where the circumstances of death are unclear, an inquest may be held to determine the manner of death.

GOALS AND OBJECTIVES

- Provide investigations into deaths falling under the coroner's authority.
- Conduct inquests in the event of unnatural and questionable deaths when necessary.
- Act in the public interest whenever death occurs.

Solid Waste Manager

The Solid Waste Department functions are handled by the Regional Planning Administrator. At this time, the responsibilities will require minimal hours per week and would not qualify as a part-time equivalent.

The Livingston County Solid Waste Management Plan was developed and approved by the Livingston County Board in 1994. The Plan references the host agreements Livingston County negotiated with the Streator Area Landfill and the Livingston Landfill near Pontiac.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- Analyze and recommend long term waste management systems in Livingston County by addressing issues involving management of household wastes, waste reduction, recycling, reuse, landscape waste management, incineration, transfer stations, and the landfilling of waste.
- Evaluate the need for and type of programs available and feasible, both technically and economically, for recycling or reducing the amount of waste generated in the county.
- Assist in evaluating and administering the Ordinance. This Ordinance applies to the siting of landfills or landfill expansions, and other means of waste management. The Ordinance explains the manner in which Livingston County will evaluate new landfill proposals.

GOALS AND OBJECTIVES

- Plan and coordinate electronic recycling events.
- Continue to monitor the Livingston Landfill Operations, and the other aspects of the Livingston County Solid Waste Plan.
- Promote "Reduce, Reuse and Recycle" efforts within the County.

CIRCUIT CLERK (DEPARTMENT 300)

Submitted by: LeAnn Dixon, Livingston County Circuit Clerk

MISSION STATEMENT

The mission of the Livingston County Circuit Clerk's Office is to serve the citizens of Livingston County and all participants of the judicial system with courtesy, efficiency, impartiality and in a timely, cost effective manner.

Circuit Clerk Department positions: 11 FTE

The duties and function of the Circuit Clerk are statutorily defined in the Clerks of Courts Act (705 ILCS 105/) and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Court Documentation:** The clerks shall attend the sessions of their respective courts, preserve all the files and papers thereof, except in cases otherwise provided by law, and perform all other duties pertaining to their offices, as may be required by law or the rules and orders of their courts respectively.
- **Records:** The clerks shall enter of record all judgments and orders of their respective courts, as soon after the rendition or making thereof as practicable. Unless otherwise provided by rule or administrative order of the Supreme Court, the respective Circuit Clerk shall keep in their offices the following books: (1) A general docket, upon which shall be entered all suits, in the order in which they are commenced; (2) Two well-bound books, to be denominated "Plaintiff's Index to Court Records", and "Defendant's Index to Court Records" to be ruled and printed substantially in a prescribed format; (3) Proper books of record, with indices, showing the names of all parties to any action or judgment therein recorded, with a reference to the page where it is recorded; (4) A judgment docket, in which all final judgments (except child support orders) shall be minuted at the time they are entered, or within 60

days thereafter in alphabetical order, by the name of every person against whom the judgment is entered; (5) A fee book, in which shall be distinctly set down, in items, the proper title of the cause and heads, the cost of each action, including clerk's, sheriff's, and witness' fees; (6) Such other books of record and entry as are provided by law, or may be required in the proper performance of their duties.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- The fees of the Clerks of the Circuit Court in all counties having a population of not more than 50,000 inhabitants shall be provided by State Statute. In those instances where a minimum and a maximum fee is stated, the Clerk of the Circuit Court must charge the minimum fee listed and may charge up to the maximum fee if the County Board has by resolution increased the fee.

MAINTENANCE & CHILD SUPPORT

Submitted by: LeAnn Dixon, Livingston County Circuit Clerk

The Maintenance & Child Support Fund is required by state statute (705 ILCS 105/27.1a) and supported by a Livingston County Ordinance passed in 2003.

FUNCTIONS MANDATED BY STATE STATUTE

- **Fees** – In child support and maintenance cases, the clerk, if authorized by an ordinance of the County Board, may collect an annual fee (up to \$36) from the person making payment for maintaining child support records and the processing of support orders to the State of Illinois KIDS system and the recording of payments issued by the State Disbursement Unit for the official records of the Court. This fee is in addition to and separate from amounts ordered to be paid as maintenance or child support and shall be deposited into a separate Maintenance and Child Support Collection Fund, of which the clerk is the custodian, ex-officio, to be used by the clerk to maintain child support order and record all payments issued by the State Disbursement Unit for the official record of the Court.
- The amount of the annual fee for Livingston County is \$24.

- **County Defense:** To defend all actions and proceedings brought against the County, or against any County or State Officer, in his/her official capacity, within this County.
- **Victim Witness:** Provides guidance and support to victims and victim's families during the prosecution of crime that was committed.

The Livingston County State's Attorney's Office is dedicated to protecting the rights and ensuring the safety of the citizens of Livingston County and supporting the functions of county government. To that end, the State's Attorney's office serves as prosecutor of any person or persons charged with violating the criminal statutes, traffic laws, or conservation laws of the State of Illinois. We support the building of partnerships with law enforcement and the community in an effort to achieve justice, protect crime victims, hold the guilty accountable and deter crime.

GOALS AND OBJECTIVES

- To review police reports and determine appropriate criminal charges to be filed
- To prosecute each case justly and vigorously
- To maintain quality staffing and effective office policies and procedures
- To provide resources for effective criminal prosecution

REVENUE/EXPENDITURE ANALYSIS

- The State of Illinois reimburses the salary of the State's Attorney and a portion of the salaries of the Assistant State's Attorneys. The State's Attorney's salary was increased as of July 1st, 2023, so there is an increase in the amount that we are reimbursed. In FY2022 the fee that was collected by the Circuit Clerk for "State's Attorney Fees" started going toward the State's Attorney's department revenue. This fee has decreased slightly over the last 2 years, so the budgeted amount was reduced.
- Personnel expenses make up 91% of the State's Attorney's budget. The increase reflects the wage increase that was approved by the County Board for FY2024 and also the increase in the State's Attorney's Salary which was given by the State of Illinois beginning July 2023. It is anticipated that the State's Attorney Salary will be increased by the State of Illinois in July 2024, as there have been consistent increases every year since 2018. The increase has averaged 2.83%. This budget recommends setting an increase in the State's Attorney salary of 3%, effective July 1, 2024, in recognition of the historical average and in anticipation of a decision to adjust the salary by the State of Illinois. Contractual services consist of outsourced legal services, trial expenditures and appellate services.

* Starting in 2022 the State of Illinois changed classifications and designations for certain traffic and criminal offenses. Prior to 2022, all traffic cases were filed as "TR" cases. Starting in 2022, all traffic offenses were further broken down into "MT (major traffic)" offenses and "TR (minor traffic)" offenses. Additionally, prior to 2022, all misdemeanor offenses were filed as "CM" cases. Starting in 2022, misdemeanor offenses were broken down into "DV (all domestic violence related offenses)" and "CM (remaining misdemeanor)" offenses.

VICTIM COORDINATOR – FUND 265

Submitted by: Michael Regnier, Livingston County State's Attorney

The Victim Coordinator Fund is a special revenue fund established by the treasurer to track the grant revenue.

This fund is used to receive a State of Illinois grant which covers a portion of the Victim Coordinator's wages.

STATE'S ATTORNEY DRUG TRAFFIC PREVENTION – FUND 270

Submitted by: Michael Regnier, Livingston County State's Attorney

The State's Attorney Drug Traffic Prevention Fund was created pursuant to **Public Act 86-1382 of the State of Illinois**.

FUNCTIONS MANDATED BY STATE STATUTE

- **Forfeited Funds** – The Illinois Drug Asset Forfeiture Procedure Act, in conjunction with the Illinois Controlled Substances Act and Illinois Cannabis Control Act allows for property to be seized by law enforcement when said property is connected to or used to facilitate a felony violation of the Controlled Substances Act or Cannabis Control Act. 12.5% of all monies and the sale of proceeds of all other property seized and forfeited under this Act shall be distributed to the Office of the State's Attorney.
- **Expenditures** – The money collected in this fund is to be used solely in the enforcement of laws governing cannabis and controlled substances, for public education in the community or schools in regard to prevention or detection of the abuse of drugs or alcohol; or at the discretion of the State's Attorney, in addition to other authorized purposes, to make grants to local substance abuse treatment facilities and half-way houses. Said proceeds are not intended to be an alternative means of funding the administration of criminal justice.

GOALS AND OBJECTIVES

- Continue to be aggressive in prosecutions under the Drug Asset Forfeiture Act and Article 36 Forfeiture Act thereby removing the instruments of crime from those that commit qualifying offenses.

REVENUE/EXPENDITURE ANALYSIS

- Revenue is hard to predict, as prior to FY2018 the forfeitures were decreasing. In the last few years, revenue has increased as there were some large forfeitures.
- There are a couple expenses that are paid from this fund regularly (cell phone expense for a county Pro-active Unit and data expense for tablets). Any other expenditures are for services or supplies that will aid in the prosecution of drug related crimes.
- Forfeiture cases have started to decline due to labor shortages within law enforcement agencies. Officers assigned to special units (e.g. drug enforcement units) are being removed and placed back on patrol to accommodate said shortages. This, in turn has led to a decrease in the number of seizures associated with drug investigations.

STATE'S ATTORNEY AUTOMATION – FUND 271

Submitted by: Michael Regnier, Livingston County State's Attorney

The State's Attorney Automation Fund was created pursuant to *Public Act 97-673 of the State of Illinois*.

FUNCTIONS MANDATED BY STATE OF ILLINOIS

- **Fees** – A \$2 fee is to be paid by the defendant on a judgment of guilty or a grant of supervision for a violation of any provision of the Illinois Vehicle Code or any felony, misdemeanor, or petty offense and deposited into this fund.
- **Expenditures** – Fees collected are to be utilized to offset the expenses of record keeping in the State's Attorney Office.

GOALS AND OBJECTIVES

- Funds to be used towards the efficient keeping of records
- With the shift towards electronic case management, funds will be used towards the cost of electronic systems used for viewing case files, exchanging discovery and filing documents electronically.

MISSION STATEMENT

"There can be no equal justice where the type of trial a man gets depends on the amount of money he has." *Justice Hugo Black, US Supreme Court (Gideon v Wainwright – 1963)*

Public Defender Department Positions: 3 FTE

The duties and function of the Public Defender are statutorily defined in the Counties Code (55 ILCS 5/3-4000) and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Legal Defense** - The Public Defender provides legal defense representation for felony, misdemeanor, traffic and juvenile delinquency cases. The General Assembly recognizes that quality legal representation in criminal and related proceedings is a fundamental right of the people of the State of Illinois and that there should be no distinction in the availability of quality legal representation based upon a person's inability to pay. Therefore, it is the intent of the General Assembly to provide for effective county public defender systems throughout the State and encourage the active and substantial participation of the private bar in representation of indigent defendants.
- **Juvenile Court** - The Public Defender provides legal counsel at the juvenile court for children and parents in abuse, dependency and neglect petitions.
- **Representation** - The Public Defender is also appointed to represent people subject to involuntary commitment, contempt and extradition proceedings.

GOALS AND OBJECTIVES

- To effectively represent indigent persons during all phases of a court case from arraignment through post-conviction proceedings.

REVENUE/EXPENDITURE ANALYSIS

- In FY2022 the fee that is collected by the Circuit Clerk for “Court Appointed Attorney” will go toward the Public Defender’s department revenue. This amount has been decreasing in recent years.
- In FY2023, the State of Illinois awarded additional funding to counties for Public Defender services. It is unknown if this funding will be awarded in future years, so this is not budgeted in the Public Defender department for FY2024.
- The County follows Illinois State Statute 55ILCS 5/3-4007 in meeting the requirements to receive the 66 and 2/3% reimbursement of the Public Defender’s salary. This revenue has increased over the last several years, as there has been a salary increase for the Public Defender.
- The total personnel expenses have increased for FY2024 as a FT Assistant Public Defender position has been added. A part of this salary was offset by a reduction in the Contractual Services expenses.
- There was also a board-approved increase for the Legal Secretary’s wages.

NOTES

- Our open cases in felony, misdemeanor and traffic may be slightly larger than those opened by the Circuit Clerk since it includes cases assigned to the Public Defender after a defendant was either pro se or represented by private counsel in years prior.
- Includes cases closed from previous year(s).
- *Each parent is assigned a Public Defender; therefore, the cases opened is greater than number of cases filed by the Circuit Clerk.

PUBLIC DEFENDER RECORDS AUTOMATION – FUND 275

Submitted by: Marinna Metoyer, Livingston County Public Defender

The Public Defender Automation Fund is required by the Criminal Traffic Assessment Act (705 ILCS 135/15-70(10)(1)).

FUNCTIONS MANDATED BY STATE STATUTE

- **Fees** – For any petty or business offense prosecuted by the State’s Attorney, \$2 will be deposited to the Public Defender Records Automation Fund
- **Expenditures** – The fees collected must be used to offset the expenses of record keeping in the Public Defender’s Office.

MISSION STATEMENT

The Illinois Judicial Conference adopted the following mission statement in 2019 for the Illinois Judicial Branch: "To protect the rights and liberties of all by providing equal access to justice, resolving disputes, and upholding the rule of law pursuant to the powers and duties entrusted to us by the Illinois Constitution".

**Circuit Court Department Positions: 3 FTE**

The Livingston County Circuit Court is one of 5 counties within the Eleventh Judicial Circuit. Livingston County has one Resident Circuit Judge who is responsible for the overall operation of the court system in the county. The Eleventh Circuit Judges elect a Chief Judge every two years who has general administrative authority over the courts in the circuit. Additional Judges are assigned to the county by the Supreme Court and pursuant to census data. Judicial salaries are paid by the State with a nominal contribution from the county. Currently, we have 3 judges assigned to regularly hear cases in Livingston County.

The duties and function of the Circuit Court are statutorily defined in the *Circuit Courts Act (705 ILCS 35/)*.

FUNCTIONS MANDATED BY STATE STATUTE

- **Jury Commission:** The Jury Commission has a budget separate from the Court, but falls under the discretion of the Chief Judge. (See Jury Commission (Department 340))
- **Please see Exhibit 1:** The Circuit Court budget consists primarily of statutorily mandated expenses. These expenses depend in large part on factors outside the Circuit Court's control.

GOALS AND OBJECTIVES

- Every effort is made to operate the judicial branch of government as fiscally conservatively and responsibly as possible for the taxpayers of Livingston County while at the same time ensuring the timely and effective administration of justice. Toward that end, we strive to submit budgets that are both reasonable and realistic and then work within those budgets. These recommendations represent our best estimate as to what is reasonably necessary to maintain the effective administration of justice for the people of Livingston County.

REVENUE/EXPENDITURE ANALYSIS

- The Circuit Court Department has 3 full-time judicial secretaries who report to their respective judges. No overtime is expected.
- The Circuit Court Department also has several part-time jury bailiffs & matrons. Bailiffs and Matrons are paid hourly with no benefits. No overtime is expected.
- As I indicated last year, and based upon some procedures outlined by the Illinois Supreme Court, we made adjustments to the interpreter process and the majority of those fees are now being paid directly by the State.
- Historically, we have used law library fees to pay for a majority of the Westlaw fee and books for the judiciary as well as to provide Westlaw for the law library itself. The Public Defender has been able to use the law library Westlaw account for their research in an effort to offset costs to the county. However, revenue from the law library fund continues to decrease due to the waiver provisions in the Criminal and Traffic Assessment Act (CTAA) as well as the decrease in court filings. When those contracts come due, we hope to make significant adjustments to reduce our overall Westlaw charges. In the meantime, we will continue to use the law library fund as much as we can.
- New laws coming out of Springfield, coupled with some recent case law from both the Illinois Supreme Court and the Fourth District Appellate court continue to have a significant impact on the county's overall budget and the Circuit Court budget. In particular, the Circuit Clerk, law library fund and court security funds continue to see a decrease in revenue due to the enactment of the CTAA. In addition, pursuant to a recent decision by the Illinois Supreme Court all provisions within the "SAFE-T Act" will go into effect on September 18, 2023, and will substantially impact law enforcement and court operations. Most significantly for purposes of court operations, the act provides for the elimination of cash bail and implementation of a pretrial supervision program. The State, through the Supreme Court, has developed and implemented a new department within AOIC, the Office of Statewide Pretrial Services (OSPS), funded in whole (at this time) by the Supreme Court, and charged with conducting the pretrial

assessments and supervision required under this Act. However, how that department and program will unfold and what impact it will have on the Circuit Court and Probation and their respective budgets, including other departments within the LJC, remains to be seen. In so far as Circuit Court operations are concerned, we expect these changes to directly impact the Court Appointed Physician and Pre-sentence Evaluation Fees line items. Those line items were adjusted last year based upon a belief that the Act would go into effect on January 1st.

- As indicated in last year's narrative, we had to re-structure appointments of the Public Defender's office in Child Welfare cases. The Public Defender cannot serve in a role that *may* conflict with another attorney working for the PD. As a result, the Court appoints an attorney wholly unrelated to the PD's Office to serve as GAL in Child Welfare cases. These types of cases typically involve between 3-5 separate attorney appointments to represent various parties and are very time-consuming cases. In addition, when the State seeks to terminate parental rights, the parties do have the right to appeal. Unlike criminal cases, the county is required to pay the attorney fees and transcript for both parents on appeal. These expenses alone can easily exceed \$5,000.00 on one case. Although the case filings seem to have leveled off somewhat, we have several termination of parental rights cases pending and on appeal at this time. Therefore, have increased the "court appointed counsel" line item.
- A considerable portion of our budget is allocated for jury trials. Over the past few years, we have seen a decline in the number of jury trials. However, that is now trending back up and we have also had a substantial increase in felony case filings that will impact jury numbers as well. In addition, we generally have several complex civil and criminal cases that go to jury trial every few years. We have made some permanent changes in how and when we notify jurors to come to court for trials, which has helped reduce costs.
- The Illinois Supreme Court recently updated the AOIC Manual on Recordkeeping. New case categories were added and multiple citations and charges are now required to be in one case file. As a result, we cannot easily compare and analyze against previous years filings and can no longer use past annual case filing reports as a matrix to assess trends in future case filings. In addition, case filings are triggered by a number of factors outside the control of the judiciary. Therefore, it is difficult to predict what areas will see the greatest need in terms of judicial resources. As a practical matter, we continue to see an increase in child welfare cases, criminal sexual assault cases of all types, as well as indecent solicitation of a minor cases, and mental health and fitness issues. In regards to the criminal sexual assault cases, the main impact on the budget is the statutory requirement that sex offenders obtain a sex offender evaluation before sentencing and then comply with those treatment recommendations. Since a majority of these defendants qualify for the Public Defender, they do not have the ability to pay for the assessments and treatment putting that expense on the county
- **See Exhibit 1** for detailed expenditure analysis.

& Equip.:** 705 ILCS 75/6: "The reasonable fees of a court reporter incurred in preparing the transcript of proceedings for purposes of appeal in cases in which a minor had been found to be abused, neglected or dependent shall be fixed by the court...Any portion of such fees which the person is unable to pay **shall be paid from the general fund of the county.**"
- Court Appt. Counsel:** 725 ILCS 5/113-3: (a) "Every person charged with an offense shall be allowed counsel...In all cases, except where the penalty is a fine only, if the court determines that the defendant is indigent and desires counsel, the Public Defender shall be appointed as counsel. (b)If ...the court finds that the rights of the defendant will be prejudiced by the appointment of the Public Defender, the court shall appoint as counsel a licensed attorney at law of this State...(c) Upon the filing with the court of a verified statement of services rendered the **court**

shall order the county treasurer of the county of trial to pay counsel other than the Public Defender a reasonable fee."

Court Appt Phys:

725 5/104-11(b): "Upon request of the defendant that a qualified expert be appointed to examine him or her to determine prior to trial if a bona fide doubt as to his or her fitness to stand trial may be raised, the court, in its discretion, may order an appropriate examination...the **court shall enter an order on the county board to pay such expert a reasonable fee** stated in the order".

725 ILCS 5/104-13(e): "Upon request by the defense and if the defendant is indigent, the court may appoint, in addition to the expert or experts chosen pursuant to subsection (a) of the Section, a qualified expert selected by the defendant to examine him and to make a report...upon the filing with the court of a verified statement of services rendered, the **court shall enter an order on the county board to pay such expert a reasonable fee** stated in the order."

Interpreter Fees:

CRIMINAL CASES: 725 ILCS 140/1: "...If the court finds the accused incapable of so understanding or so expressing himself, the court shall appoint an interpreter for the accused..." 140/3: "The courts shall determine a reasonable fee for all such interpreter services **which shall be paid out of the general county funds.**"

CIVIL CASES: 735 ILCS 5/8-1403: "Whenever any person is a party or witness in a civil action in this State, the court shall, upon its own motion or that of a party, determine whether the person is capable of understanding the English language and is capable of expressing himself or herself in the English language so as to be understood directly by counsel, court, or jury. If the court finds the person incapable of so understanding or so expressing himself or herself, the court shall appoint an interpreter for the person whom he or she can understand and who can understand him or her. All appointments for court interpreters in civil matters shall be pursuant to the Illinois Supreme Court Language Access Policy..."

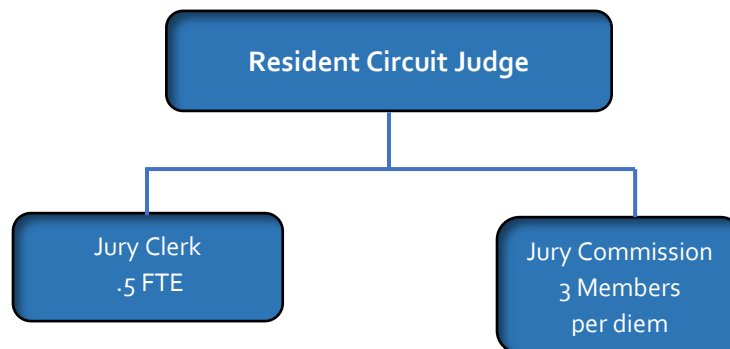

Illinois Supreme Court Language Access Policy, Section 9: "No fee shall be charged to any Limited English Proficient Person for the appointment of an interpreter...**The cost of providing interpreter services shall be the responsibility of the county or court that has jurisdiction** over the judicial proceeding for which the interpreter was appointed. In determining the amount of compensation to be paid to the interpreter, the presiding judicial officer shall follow the fee schedule for interpreters established by the chief circuit judge. (Note- we can and do apply for reimbursement through the Supreme Court whenever possible).

JURY COMMISSION (DEPARTMENT 340)

Submitted by: Jennifer Bauknecht, Resident Circuit Judge, 11th Circuit

MISSION STATEMENT

The Illinois Judicial Conference adopted the following mission statement in 2019 for the Illinois Judicial Branch: "To protect the rights and liberties of all by providing equal access to justice, resolving disputes, and upholding the rule of law pursuant to the powers and duties entrusted to us by the Illinois Constitution".

Jury Commission Department Positions: .5 FTE

The duties and function of the jury commission are statutorily defined in the *Jury Commission Act (705 ILCS 310/)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- A list of all Illinois driver's license, Illinois Identification Card, and Illinois Person with a Disability Identification Card holders, all claimants for unemployment insurance, and all registered voters of the county is provided by the Secretary of State and prepared for use in summoning eligible citizens for their civic duty of serving as a juror.

GOALS AND OBJECTIVES

- The Jury Commission is responsible for summoning, notifying and maintaining records of all juror activity, including Petit Jurors, Coroner's Jurors, and Grand Jurors, and providing nominal fee and mileage to those jurors who have served per statute.

REVENUE/EXPENDITURE ANALYSIS

- The increase in budgeted expenses is due to the wage increase approved by the County Board for FY2024.
- Supplies and postage were increased the prior year due to the need to summons more jurors on a regular basis. The records received from the Secretary of State are outdated and result in only 52% of those summoned being qualified to serve.

LAW LIBRARY – FUND 260

Submitted by: Jennifer Bauknecht, Resident Circuit Judge, 11th Circuit

The Law Library Fund was created pursuant to state statute (55 ILCS 5/5-39001).

FUNCTIONS MANDATED BY STATE STATUTE

- **Fees** - The Law Library is funded by fees as prescribed and set by Senate Bill 0103.
- **Expenditures** – On-line information services and a reimbursement of wages for the employee that has dedicated hours to the Law Library.

GOALS AND OBJECTIVES, per statute

- The facilities of [the law] library[y] shall be freely available to all licensed Illinois attorneys, judges, other public officers of the county, and all members of the public, whenever the court house is open, and may include self-help centers and other legal assistance programs for the public as part of the services it provides on-site and online.

REVENUE/EXPENDITURE ANALYSIS

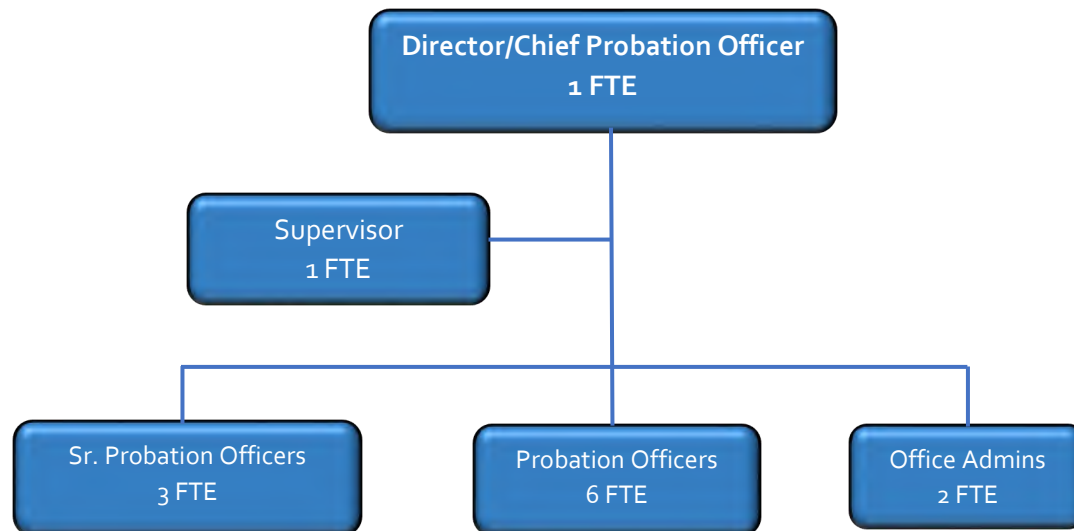

- The revenue consists of fees that are collected in court cases. This revenue has dropped significantly due to the waiver provisions in the Criminal and Traffic Assessment Act (CTAA) as well as the decrease in court filings. Revenue is expected to continue to decrease and provide only a nominal amount of revenue to offset the expenditures.
- The expenses are for the on-line information services and/or books.
- There is also a transfer to the General Fund to cover personnel/administrative expenses.

MISSION STATEMENT

The primary mission of the Livingston County Probation Department is to enhance community safety by holding offenders accountable while guiding them with the use of rehabilitative tools, resources and services to improved decision making with the goal of a safe, productive and law-abiding future.

Court Services Department positions: 13 FTE

The duties and function of Court Services/Probation are statutorily defined in the *Probation and Probation Officers Act (730 ILCS 110/)* and the *Juvenile Court Act (705 ILCS 405/)* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Probation Services** - Court Services primary responsibilities are to serve the courts, to take charge of and watch over persons sentenced to probation and to preserve complete and accurate records of all cases served. The Probation Department recognizes that crime is an injury which harms the victim, community and offender and that recognition drives our mission and work. Additional duties specifically required by state statute include:
- **Pre-Sentence Investigations** - Investigations of the background of a person as ordered by the Court specifically including a history of criminal involvement and other life aspects to aid the Court in judicial decision making.
- **Community Service Program** - A program of reasonable public or community service for those offenders ordered to complete public service work by the Court
- **Administrative Sanction Program** - A program of swift, certain, consistent and graduated sanctions used to address lesser and technical violations by supervised offenders that considers the risk to the community and the needs of offender in imposing correctional interventions with a goal of increasing

positive behavior and compliance with court orders, and preserving valuable Court time and attention for serious violations and those offenders unwilling to work with Court Services.

- **Recovery Court Programs** - Programs that provide a team-oriented supervision and court experience for specialized populations (veterans, those with addictions) that involve intense and comprehensive supervision and treatment with incentives for positive behavior and immediate and graduated sanctions for non-compliance. These programs generally show a higher percentage of treatment success than standard supervision and use fewer resources than incarceration.
- **Probation Service Fee Fund** - Court Services is the recipient and manager of special fees paid by persons sentenced to probation as ordered by the Court. These fees may be spent upon approval of the Chief Judge of the Judicial Circuit. Funds may supplement but not supplant the expenditure of county general funds and should primarily be used to provide services to or programs that support and benefit offenders.

FUNCTIONS MANDATED BY THE COURT

- **Electronic Monitoring - Drug Testing** - Programs which utilize technology and in-person intervention to monitor for alcohol and drug use (thus presumably deterring use). Programs utilize electronic, urinalysis and breath monitoring for alcohol use and urinalysis, dermal, oral fluid and hair monitoring for drug use. All offenders on probation (as well as select offenders released on bond) are subject to monitoring.
- **Juvenile Intake Screening (Preliminary Conferences)** - A program that involves investigation by a Probation Officer of the background and circumstances of all juveniles accused of committing a crime with the goal of determining if diversion from the formal court system is appropriate. All information collected is shared with the State's Attorney, who retains the authority to initiate prosecution and must concur in the diversion. Diversion also preserves valuable Court time for situations requiring Court intervention.
- **Juvenile Pre-Trial Supervision** - A voluntary program available to juveniles for whom it has been deemed appropriate by Probation and the State's Attorney including written apologies, restitution, community service, any needed counseling or services and a period of supervision by a Probation Officer. If completed successfully the program provides the minor the opportunity of diversion from the formal court system, and avoiding the acquiring of a record of involvement in that system.

GOALS AND OBJECTIVES

- Continue to work to transition the Department to a new type of case planning and case management approach which utilizes an officer/client model that is based upon holding offenders accountable while officers instruct and model pro-social behavior, encouraging and rewarding good performance and improved skills, all towards a goal of leading offenders to a more law-abiding and healthier lifestyle.
- In 2023 the Administrative Office of the Illinois Courts greatly increased the amount of data expected to be collected and reported by the county Probation Departments. Our data collection software provider, Goodin and Associates, achieved the technical changes needed to allow the software to store the additional data. The State and Goodin continue to work on the changes required to allow for improved reporting. We continue to make the needed procedural changes to allow for the efficient management of the significant increase in the amount of time it takes officers and support staff to collect, organize and report the data. We will complete this project during 2024.

REVENUE/EXPENDITURE ANALYSIS

- Revenue collected by Court Services consists of Probation Fees and monies received from the State of Illinois as statutorily-required reimbursement of county costs to operate the Court Services Department. For detailed information regarding probation fees see the section relative to that Fund.
- In the instance of state reimbursement, we are awaiting formal notification but all indicators are that the Department will receive approximately \$550,000 and continue to be “fully funded” by the State (as statutorily defined).
- FY2023 spending is on track with our submitted budget, with end of July spending reflecting 62.66% of the budget expended with 67% of the year complete. Final expenditures are anticipated to be less than the amount budgeted.
- Court Services has submitted a FY2024 budget with expenditures of \$829,271, meeting the target established by the County Board. An additional \$140,150 will be spent directly from the Probation Fee Fund for services that directly benefit clients. The overall General Fund expenditure increase is primarily driven by anticipated salary increases. An adjustment of the salary of the Supervisor has been approved by the Chief Judge in an effort to reduce salary compression with experienced officers in the bargaining unit. Certain other line items were increased or decreased based upon trends in that particular expenditure. Overall, although an increase from last year, the FY2024 budget request remains lower than the historical budgetary burden of the Department, being an amount consistent with pre-2017 Department spending.
- No capital purchases are anticipated in FY2024.

PROBATION SERVICES FEES – FUND 264

Submitted by: Ron Baker, Director/Chief Probation Officer

The Probation Services Fee Fund was created pursuant to State Statute (730 ILCS 110/15.1).

FUNCTIONS MANDATED BY STATE STATUTE

- **Fees** – Fees are collected from persons supervised by Court Services.
- **Expenditures** – Funds are to be used to provide services to and/or support programs for offenders under the supervision of Probation and Court Services Department. These funds may only be spent upon approval of the Chief Judge. The funds may supplement, but not supplant county general funds.

REVENUE/EXPENDITURE ANALYSIS

- Probation Fees are authorized by statute and collected from offenders (four types of fees are assessed – a one-time \$10 per case fee assessed on all criminal cases, a \$25 per month fee assessed of all offenders actively supervised, and user fees for offenders on electronic monitoring and/or who are drug tested).
- It is very difficult to predict the amount of Probation Fees to be collected in advance - it is dependent upon the number of cases filed, the monthly amount ordered by the Court for cases actively supervised (discretion exists to order a lesser monthly amount when an offender does not have the ability to pay) and the amount actually paid by offenders.
- Spending of \$89,800 is anticipated during CFY2024. This spending consists of various direct services for clients, programming and operational costs. In all, Court Services fully supports the expenditures of three line-items of our budget fully from the Probation Fee Fund. Excess fees collected in past years are held in a CD; those monies had grown to a level that allowed Court Services to make needed capital purchases from the Fund in the past (as opposed to obligating General Fund monies) of approximately \$120,000. Updated state standards and legislation has made it more difficult to utilize fees to make capital purchases, but no significant capital purchases are anticipated for some time. It remains a goal to maintain a balance in the Fund equivalent to the spending on client services of at least one year.
- Statutorily, Court Services is allowed to assist the county General Fund in coverage of salary expenditures in any year in which the Department is not “fully funded” by the State. It is anticipated allocated funding for FY2024 will constitute full funding so no coverage of a salary with fees will be possible.

COUNTY EXTENSION EDUCATION

The University of Illinois Extension in Livingston-McLean-Woodford Counties offers quality educational opportunities for area residents. This extension office is funded through four primary sources: Federal government (Smith-Lever funds), State government General Revenue funds (through U of I's appropriation line), State government County Board Match funds (through the Department of Agriculture; a match of county-raised funds), and County funds (through Extension referendums and/or county/public donations). The role of Extension is integral, as many people in our county turn to them for help with a variety of issues.

MISSION STATEMENT

The function of this Commission is providing aid to veterans and their families who qualify for and need assistance that may not be available from other agencies. In addition, the commission works closely with other service agencies who, at times, will share cost of assistance to veterans.

Veterans Assistance Department positions: 1.5 FTE

The Veterans Assistance Commission officers as of July 31, 2023 are as follows:

President: Chris Studebaker
 Vice President: Paul Augsberger
 Secretary: Kimber Allen

The rest of the Commission is formed from the following Veterans' service organizations:

Chatsworth American Legion	Cornell American Legion	Cullom American Legion
Dwight American Legion	Dwight VFW	Emington American Legion
Fairbury American Legion	Fairbury VFW	Flanagan American Legion
Forrest American Legion	Long Point American Legion	Odell American Legion
Pontiac AmVets	Pontiac American Legion	

The Livingston County Veterans Assistance Commission (VAC), formed by the County Board in 1989 at the request of County veterans' organizations, is operated by and for veterans and was created under the provisions of the Military Veterans Assistance Act (330 ILCS 45/). The agency is funded by the citizens of Livingston County through a tax levy.

FUNCTIONS MANDATED BY STATE STATUTE

- **Financial Assistance:** The mandatory function of the Commission is to provide financial assistance to needy veterans, the needy surviving spouses of a veteran, and the minor children of a veteran, not in the veteran's custody.
- **Veteran Service Office:** The commission shall represent county veterans and executors in their application for or attempts to obtain benefits and services through State and federal agencies, including representing veterans in their appeals of adverse decisions

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- Provide temporary emergency assistance to qualified veterans and their families.
- Assist in directing veterans and their families to agencies that they are qualified for, providing rides to VA hospitals, medical clinics and VA authorized community care partners.
- Assist in filling out forms to apply for veterans' benefits including admittance to VA nursing homes, pensions, government markers, VA home loans, applying for medals, medical and service records and copies of DD-214's, upgrading and correction of discharge papers, and appeals.

GOALS AND OBJECTIVES

- The goal for the LCVAC is to increase outreach to veterans that includes hosting an annual outreach a digital presence that provides information and links to supporting agencies and service providers. The county has an estimated population of 2440 veterans with approximately 600 veterans using federal and state Veteran Affairs resources (source BVA 2022 GDX). The commission's goal is to connect 1,000 veterans to VA healthcare resources, Home loans, Education benefits and Memorial benefits as well as IDVA education, nursing home benefits and grants. This will be done in addition to insuring that veterans are provided transportation to re services provided by regional VA facilities and IDVA nursing homes.
- To provide aid and assistance to honorably discharged veterans and their families.
- To research and participate in activities to promote programs which provide support to veterans and their families.
- To promote programs and understanding and utilization of services through public speaking and media outreach.
- Monitor program participation and effectiveness of programs.
- To manage the demand for services within available resources
- Insure completion of county, state and federal training and educational requirements.

REVENUE/EXPENDITURE ANALYSIS

- The Veterans Assistance Commission is a fund whose responsibilities are set by State Statute and funded by a property tax levy of up to 3%. The Veterans Assistance Commission FY2023 levy was 1.52% and the FY2024 levy will be approximately 1.75% (EAV dependent).
- The finance committee approved a wage increase of \$1.50/hr for all non-contract employees for FY2024, and the remaining salaries will be increased based on the County Salary Schedule. The Commission is adding a full time (37.5 hr/wk) veteran service officer to meet the requirements of the 2023 Military Veteran Assistance Act amendment. All other expenditures are budgeted for the same amount as the previous year.

MISSION STATEMENT

To provide a safe rural transportation system of County Highways for the citizens of Livingston County by utilizing engineering expertise and trained staff to complete the state mandated functions outlined below.

The Highway Department is responsible for 5 Special Revenue Funds – 1) County Highway; 2) County Motor Fuel Tax; 3) County Aid to Bridges; 4) County Federal Aid Matching; and 5) Road Use Agreement

The duties and function of the Highway Department are statutorily defined in the *Illinois Highway Code* and are as follows:

FUNCTIONS MANDATED BY STATE STATUTE

- **Traffic Control Devices** - The County shall place, erect and maintain on county highways all traffic control devices and signs in conformance to the State Manual and Specifications per the current Code. (605 ILCS 5/5-101.10)
- **Maintain Maps** - The County shall indicate the highways under the provisions of the State Statute by marking them upon a map which shows the public roads and section lines in the county and shall file such map with the county clerk. (605 ILCS 5/5-103)
- **Road Project Construction – Planning/Oversight** - Prepare plans, specifications and estimates for all roadways, bridges and culverts to be built by the County, or by one or more road districts, and supervise the construction of all such roadways, bridges and culverts. (605 ILCS 5/5-205.1)
- **Highway Road Liaison** - Act for the County in all matters relating to the supervision of the construction or maintenance of any highway constructed or maintained in whole or in part at the expense of the County. (605 ILCS 5/5-205.2)
- **Road Districts Liaison** - Advise the highway commissioners of the road districts within the County, when requested in writing, and direct, the highway commissioners as to the best methods of construction, repair, or maintenance of township roads. (605 ILCS 5/5-205.3)
- **Archival of Records** - Maintain a record of all contracts or purchases of materials, machinery or apparatus to be used in road construction in excess of \$5,000 approved by the LCHWY in any road district. (605 ILCS 5/5-205.6)
- **Road District Traffic Control** - Provide written approval for traffic control devices to be placed on township roads in conformance to the State Manual and Specifications per the current Code. (605 ILCS 5/6-201.16)
- **Administer Township Motor Fuel Tax** - Per 35 ILCS 505/8 of the Motor Fuel Tax (MFT) Law, the township MFT allotment is disbursed to the County to be spent on township road projects in accordance with 605 ILCS 5/6-701. The moneys spent by the township must be approved by the County Engineer and Department of Transportation prior to expenditure.
****Note**** These moneys are not budgeted by the County, but are approximately \$3,000,000 collectively for all 30 townships each fiscal year.
- **Bridge Inventory and Inspection** - Maintain records for all bridges and culverts within the County over 20 feet in length from face of abutment to face of abutment. These structures require Routine Inspections at a minimum of 24 months and some 48 months. There are currently 73 bridges/culverts on the County system and 388 bridges/culverts on the township system. This is a requirement per the

Code of Federal Regulations that is passed onto the State of Illinois and delegated to the County per the Bureau of Local Roads and Streets Manual Chapter 6.

FUNCTIONS ESTABLISHED BY COUNTY BOARD

- **Permitting** - Review requests and issue permits, for County highway access to properties that serve both the public and private use; for installation of utilities and other facilities within a County Highway right-of-way; and review and approve oversize and over-weight loads traveling on the County Highway system.
- **Maintenance of Equipment** - Maintain and operate a fleet of 18 vehicles and equipment to provide continuous year-round maintenance on 257 centerline miles.
- **Drainage Studies** - Perform drainage studies in order to properly size new and existing cross road culverts.
- **County Highway Maintenance** - Provide snow and ice removal in the winter months per the LCHWY Winter Operations Policy; mow roadside ditches to improve visibility for the motoring public; spread rock chips to maintain a sturdy pavement structure in the summer months; spray patch locations to maintain a safe roadway profile; miscellaneous pothole and pavement patching as required on the County highways.

GOALS AND OBJECTIVES

- Continue to provide safe and passable roads to the motoring public within Livingston County.
- Complete the design and construction of a new Maintenance Building for equipment and trucks.
- Maintain and improve on the equipment used to maintain the County highways.
- Complete necessary routine bridge inspections of the 463 County and Township owned bridges.
- Complete phase II for 6 separate structures, two on County Highways and 4 on Township Roads.
- Complete phase II for a hot-mix asphalt overlay on approximately 8.5 miles of County Highways.
- Complete phase III for a hot-mix asphalt overlay on approximately 9.7 miles of County Highways.
- Complete phase III for 5 separate structures, 1 on a County Highway and 4 on Township Roads.
- Update the 4-year Township Bridge Program, Surface Transportation Program – Bridge and Surface Transportation Program – Rural.
- Update the Estimate of Maintenance cost for the County as well as the 30 Townships.

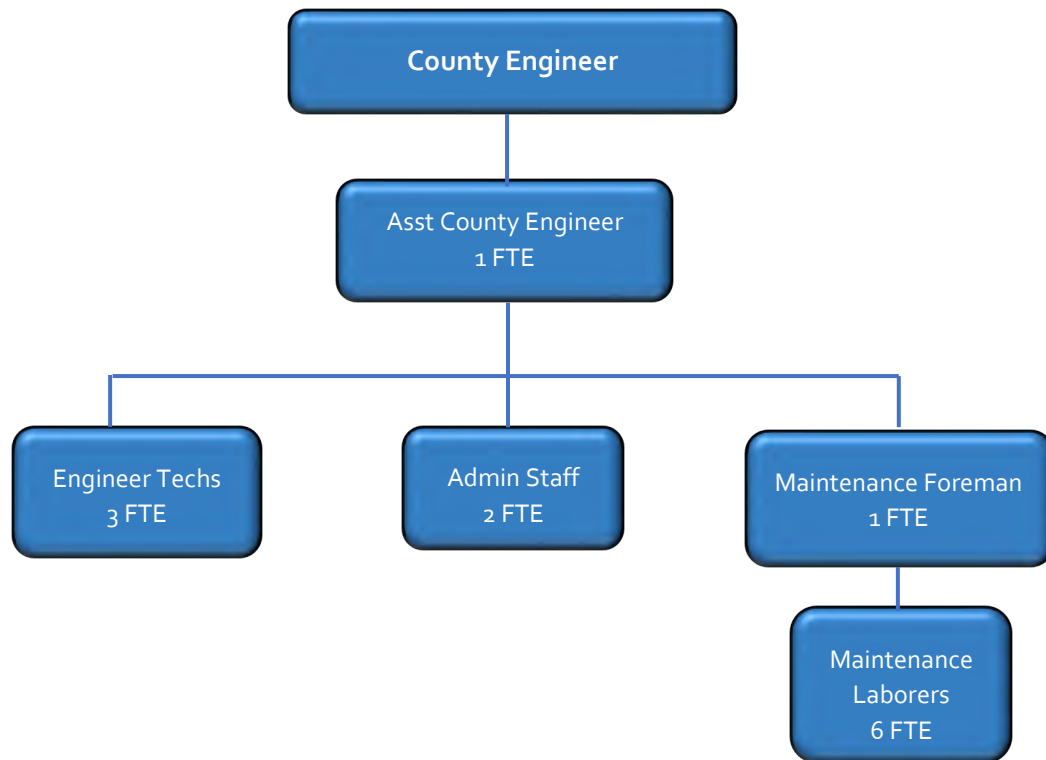

PERFORMANCE INDICATORS

Bridge Replacements/Rehabilitation	4	6	5	5

* Miles of pavement striping represents the actual total miles of pavement markings applied, not the amount of centerline miles of roadway. This number also includes any striping done for the township or municipalities.

All 257 miles of County highways have their ditches partially mowed approximately 3 times a year and the shoulders disked once in early spring.

The County Highway Fund was established pursuant to *Illinois Highway Code (605 ILCS 5/5-601)*.

Highway Department positions: 13 FTE

The County Highway Fund is derived from the County Highway Tax Levy as authorized by State Statute at a rate of 0.10% out of a maximum 0.20% on assessed valuation. The use of these funds is provided for by State Statutes, which state in part: "For the purpose of improving, maintaining, repairing, constructing and reconstructing the County Highways required to be maintained, repaired and constructed by the County, and for the payment of land, quarries, pits, or other deposits of road material required by the County for such purpose, and for acquiring and maintaining machinery and equipment, or for acquiring, maintaining, operating or constructing buildings for housing highway offices, machinery, equipment and materials, used for the construction, repair and maintenance of such highways. All moneys derived from the County Highway Tax shall be placed in a separate fund to be known as the County Highway Fund and shall be used for no other purpose.

REVENUE/EXPENDITURE ANALYSIS

- The Highway fund is a property tax levy fund which accounts for 72% of the projected revenue for FY2024. The remaining 28% is derived from Engineering services provided to the townships, overweight permit fees, equipment rental paid by motor fuel tax and material sales to municipalities.
- The intent of the Highway Fund per State Statute referenced above is to provide for the operations of the department including personnel, equipment, facilities, etc. Personnel Services reflect the salaries and benefits for each County Board approved position within the department. There are currently eight employees covered by a labor contract that was approved in FY2023.
- Contractual services include small road or bridge repairs that require a contractor to be hired and some specialized maintenance activities.
- Commodities includes items such as fuel, repairs to equipment, office supplies and other material costs for road and bridge repairs/maintenance.
- Capital outlay consists of purchasing new equipment ranging from pickups to snow plow trucks. FY2024 has decreased slightly from Capital Outlay in FY2023 as the department was able to make up for prior year delays from the COVID-19 crisis.
- Miscellaneous Expenses include advertising, postage & UPS charges, drug & alcohol testing, union clothing allowance, membership dues and mileage.

COUNTY MOTOR FUEL TAX – FUND 221

Submitted by: Clay Metcalf, Livingston County Engineer

The County Motor Fuel Tax Fund was established pursuant to *Illinois Highway Code (35 ILCS 505/)*.

County Motor Fuel Tax positions: 1 FTE

Background: The Motor Fuel Tax Law was enacted by the State Legislature in 1929. The Motor Fuel Tax Revenue the County receives is derived from the allotment of State Motor Fuel Tax funds and is distributed to the County on the basis of vehicle registrations within the County. The tax collected by the State before distribution is 19 cents per gallon on all motor fuel used in motor vehicles operating on public highways and recreation type watercraft operating upon the waters of this State plus an additional 2.5 cents (21.5 cents) per gallon on all diesel fuel used in motor vehicles. This rate was in effect since January 1, 1990. The moneys collected by the State from this tax are then distributed per State Statute 35 ILCS 505/8 to the County through monthly allotments. The use of Motor Fuel Tax funds is set by State Statute and include construction and maintenance of highways within the county and designated as County Highways. All expenditures of Motor Fuel Tax moneys are subject to the approval of the State. On July 1, 2019 the state passed legislation that increased the MFT by an additional 19 cents per gallon on all motor fuel plus an additional 5 cents (24 cents) per gallon on all diesel fuel used in motor vehicles. This additional 19 cents is linked to the Consumer Price Index (CPI) and will adjust each year to reflect the increase or decrease in the CPI. Of the 19 cents, 80% went towards Highways/Bridges and 20% went to the Rural Transit Authority.

REVENUE/EXPENDITURE ANALYSIS

- A majority of Motor Fuel Tax (MFT) revenue comes from monthly allotments distributed by IDOT from the sale of fuel. There have been supplements to this revenue in the past through a Capital Bill and County Consolidated distributions. County Consolidated amounts were increased as promised in 2021 by IDOT.
- A large increase to the MFT fund, also due to legislation, is the Rebuild Illinois Bond Proceeds (RBI Funds). IDOT made a decision to send those distributions two times per year as bonds are sold with no guarantee of future payments. We have received all of the distributions as of the end of FY2022.
- Personnel services covers a portion of full and part-time employee salaries with some restrictions per MFT policy strictly enforced by IDOT.
- Contractual services consists of the annual sealcoat program on the County Highway system and other County/IDOT approved contracts for paving or bridge replacement projects.
- Commodities is made up of materials like signs, sign posts, various aggregates, paint and beads for striping and rock salt for ice control.
- Miscellaneous expense represents equipment rental payments to the County Highway Fund per IDOT policies. Capital Outlay represents the expenditure of the RBI Funds received to date since money has to be spent on what is being referred to as a "bondable project" before July of 2025.

COUNTY AID TO BRIDGES – FUND 222

Submitted by: Clay Metcalf, Livingston County Engineer

The County Aid to Bridges Fund was established pursuant to *Illinois Highway Code (605 ILCS 5/5-602)*.

Illinois State Statute provides for a County Bridge Fund derived from a County Bridge Fund tax levy with a maximum rate of 0.05% on assessed valuation. All moneys derived from this tax levy must be placed in a separate fund designated as the County Bridge Fund. This fund is to be utilized for meeting one-half the costs of bridge, culvert and drainage structure projects with a road district furnishing the remaining one-half, for other joint bridge projects with any other highway authority through mutual agreements, and for bridges, culverts and drainage structures on County Highways.

REVENUE/EXPENDITURE ANALYSIS

- The County Aid to Bridge (CAB) fund is a property tax levy fund with only a minor amount of interest contributing to the total. The County is currently levying at the maximum 0.05% rate which can only be increased for a ten-year period up to 0.25% by referendum.
- Contractual services include hiring engineering consultants as required for design of a bridge replacement or repair.
- Capital outlay is made up of payments to contractors and material suppliers for the county's share of construction expense.
- A major focus of the Highway Department, Townships and Highway Committee continues to be rehabilitation or replacement of timber pile bridges. Typical replacement cost for a sixty-five foot long township bridge is approximately \$325,000. Livingston County ranks #3 in the State of Illinois with the number of structures over 20' in length. We have a total of 468 structures combining those maintained by the County and Townships.

COUNTY FEDERAL AID MATCHING – FUND 223

Submitted by: Clay Metcalf, Livingston County Engineer

The County Federal Aid Matching Fund was established pursuant to *Illinois Highway Code (605 ILCS 5/5-603)*.

The Federal Aid Matching Tax Fund is provided for by Illinois State Statute. The maximum rate of 0.05% of assessed valuation is for the purpose of providing funds to pay the County's portion of construction or maintenance of highways on the Federal-Aid Highway network. All moneys derived from the Matching Tax Levy shall be placed in a separate fund and shall be used for no other purpose.

REVENUE/EXPENDITURE ANALYSIS

- The Matching Tax fund is a property tax levy fund with only a minor amount of interest contributing to the total. A supplement to this fund that is not given directly to the County but applied to Federal-Aid

projects as they are constructed is called State Matching Assistance. In order to qualify for this supplemental funding, the County must levy at the maximum 0.05% rate.

- Contractual services include hiring engineering consultants as required for design of a bridge replacement or repair.
- Capital outlay is made up of payments to contractors and material suppliers for the county's share of construction expense. The current Federal- Aid Network in Livingston County consists of 258 miles designated as County Highways. Approximately half of this system is paved with Hotmix Asphalt (HMA) while the other half has oil and chip as the wearing surface. Matching Tax Funds can be used to replace structures and place overlays on the portions of HMA. They help supplement Federal-Aid allocations for the county on state let projects. This is a vital resource needed to maintain and upgrade Livingston County's transportation infrastructure.

ROAD USE AGREEMENT – FUND 225

Submitted by: Clay Metcalf, Livingston County Engineer

The Road Use Agreement Fund is a special revenue fund established by the department.

The Road Use Agreement (RUA) fund was created to collect all moneys generated from the RUA Terms between the County and Private/Public Organizations. The RUA's are set up between the County and The Organization intending to utilize the County Highways for a large scale construction project, such as wind farm or gasoline pipeline, prior to construction. The moneys collected by the RUA are typically based on the damage and reduction of the life span to the County highway infrastructure during the construction of the project due to the increased construction traffic. These funds can be spent through a resolution passed by the County Board for similar purposes as the County Highway Fund.

REVENUE/EXPENDITURE ANALYSIS

- Currently, there are no Road Use Agreements (RUA) in negotiation. In the past we've had RUA's with windfarm and pipeline companies.

- Contractual services under this fund would pay for administrative costs and consulting fees for project design. Capital outlay consists of either facility maintenance needs, planned construction or emergency repairs within the County Highway infrastructure.

The Livingston County Health Department was established by resolution of the Livingston County Board of Supervisors on June 29, 1966, and operated under the Board of Health Statutes 55 ILCS 5/5-25012 – 5/5 25017. In 1976, by a 3 to 1 margin, there was the successful passage of the health department referendum changing the health department to a tax supported referendum health department.

FUNCTIONS ESTABLISHED BY ILLINOIS DEPARTMENT OF PUBLIC HEALTH

The Livingston County Health Department is a fully certified health department by the Illinois Department of Public Health providing core public health programs and programs identified by a community needs assessment and health plan to address the needs of the county's population.

The core public health services are Assessment; Policy Development; and Assurance which correlate with the ten essential public health services: Monitor Health; Diagnose & Investigate; Inform/Education/Empower; Mobilize Community Partnerships; Develop Policies; Enforce Laws; Link to/ Provide Care; Assure Competent Workforce; Evaluate.

- **Health Administration:** Conducts all budgeting/accounting/grants for the department. Disseminates public information by means of written and electronic media. Coordinates staff development, training, and certifications. Conducts a Community Health Assessment Plan on a regular basis. Provides a Case Coordination Unit to assess/facilitate services for senior citizens.
- **Public Health Nursing:** Provides medical and educational programs through grants, fees, and local support. These include Communicable Disease Control, STI clinics, Immunizations International Travel Consultations, Home Nursing, Public Health Clinics (Women, School-Employee physicals, TB, Wellness) and EPSDT screens.
- **Environmental Health:** Performs mandated programs on Food, Water and Sewage along with other components such as the Liquor Establishment inspections, Food Sanitation Education Classes, Solid Waste/Nuisance Inspections, Tanning Facility Inspections, and Vector Surveillance.
- **Health Education:** Provides health education on a variety of subjects in the community/school settings. Writes for grants and assists with the Community Health Assessment Plan.

GOALS AND OBJECTIVES

- Provide public health programming and services to promote and enable a healthy community throughout Livingston County.
- Address Livingston County Community Health Plan 2020 – 2025 Priorities (approved by IDPH Nov. 2020)
 1. Health Behaviors:
Goal: Promote health and reduce chronic disease risk of Livingston County citizens through the consumption of healthful diets and achievement and maintenance of healthy body weights. Improve health, fitness, and quality of life of Livingston County citizens through daily physical activity. Prevent and control oral and craniofacial diseases, conditions, and injuries, and improve access to preventive services and dental care for the residents of Livingston County.
 2. Behavioral Health, including mental health:
Goal: Improve the mental health of Livingston County adults and youth through prevention and by ensuring access to appropriate, quality mental health services.
 3. Substance Abuse (not covered under behavioral health):

Goal: Reduce substance abuse to protect the health, safety, and quality of life for all Livingston County

- Assure basic levels of protection for Livingston Co. residents are met in the areas of infectious disease, food protection, safety of potable water supply and private sewage disposal.

These goals will be addressed in the various programs/grants listed below as well as the Comprehensive Health Protection grant:

- **Better Birth Outcomes:** Intensive prenatal case management services directed to healthy birth outcomes.
- **Breastfeeding Peer Counseling:** To promote and encourage mothers to choose to breastfeed and to offer support and encouragement for a successful breastfeeding experience.
- **Case Coordination Unit:** Assists senior citizens to access services that would allow them to remain in their homes preventing nursing home placement. For low-income residents, financial assistance is available to reimburse for identified services.
- **Comprehensive Health Protection:** Includes communicable disease management, environmental health, lead, vision and hearing screening, overdose prevention, and vector control.
- **Family Case Management:** Provides comprehensive service coordination to improve the health, social, educational, and developmental needs of pregnant women and infants from low-income families.
- **Family Planning:** Provides family planning education and medical care on a sliding fee basis allowing families to choose the contraceptive device that works best for them.
- **Healthy Families Illinois:** Promotes positive parenting practices and assesses normal infant/child growth and development with an intensive home visiting model.
- **High Risk Infant Follow-up:** To minimize disability in high-risk infants by early identification of possible conditions requiring further evaluation, diagnosis, treatment, to promote optimal growth/development, to teach family how to care for high-risk infant.
- **Illinois Breast & Cervical Cancer:** Assists women to access gynecologic care for the early detection and timely treatment of breast and cervical cancer.
- **Illinois Tobacco Free Communities:** Promotes smoking cessation and provides regulatory guidance on the Smoke Free Statute.
- **Public Health Emergency Preparedness:** Respond to and recover from threats by enhancing communications, improving resource management, and building surge capacity quickly and effectively.
- **School Based Health Clinic:** The purpose of the Center is to improve the overall physical and emotional health of students by promoting healthy lifestyles and by providing available and accessible preventive health care when it is needed.
- **Vision & Hearing Screening:** Provides pre-school and school screening to children to identify vision and hearing difficulties early.
- **WIC:** To improve the health and nutritional status of women, infants, and children, to reduce the incidence of infant mortality, premature births, and low birth weight; to aid in the development of children and to make referrals to other health care and social service providers.
- **Youthcare:** To ensure each DCFS ward is connected to a primary care provider, ensure that children receive preventive health care and develop health care plans for incorporation into the DCFS service plan.

REVENUE/EXPENDITURE ANALYSIS

- Revenue to operate the public health department comes from a variety of sources. In 2022, grants provided 61% of the revenue, tax levy provided 18%, and fees for services provided 18% with the remainder from other sources.
- Other sources of revenue include contracts, donations, and Trusts for specific programs/clinics.
- State reimbursement may lag for Medicaid and grants, so the amount of outstanding funds on each annual report varies.
- Expenditures are primarily for personnel to implement the programs. In 2022, personnel accounted for 66% of the expenditures and employer health insurance cost contributed another 9% of the total costs.
- Livingston County is the fourth largest geographical county in the state and mileage was 2% of the expenditures. This was steady from the past year, due to decreased travel re: to COVID. The H & E building is owned by the County and the Health Department pays utilities and fees to occupy space accounting for 2% of the expenditures.
- Operational and contractual costs (software/copier/postage machine/labs) account for the rest of the expenditures at 18%. Personnel at the health department are full time (37.5 hrs./wk.), part time or PRN. PRN staff members only work as needed and do not receive a benefit package.
- The annual report of the Livingston County Health Department may be found on the LCHD website. A copy is also on display in the LCHD front lobby.

The duties and function of the Tuberculosis Care and Treatment Fund are statutorily defined in the *Illinois Counties Code (55 ILCS 5/5-23029)*. The County Board shall have the power to provide for the care and treatment of the inhabitants there of who may be afflicted with tuberculosis and to levy a tax not to exceed .075% of the value as equalized or assessed by the Department of Revenue annually on all taxable property of such county, such tax to be levied and collected in like manner with general taxes of such county and to form, when collected, a fund to be known as the "Tuberculosis Care and Treatment Fund".

FUNCTIONS ESTABLISHED BY COUNTY BOARD AND BOARD OF HEALTH

- The Livingston County Board, by resolution on October 9, 1979, established the Livingston County Department of Public Health to assume and perform duties required by the Livingston County Tuberculosis Board. The first organizational meeting of the Livingston County Tuberculosis Care & Treatment Board, which is comprised of three members, was held on April 30, 1980. Consolidation of Tuberculosis & Public Health occurred on May 1, 1980, for services.
- Through an annual agreement between the Livingston County Tuberculosis Care and Treatment Board and the Livingston County Board of Health agree that the Livingston County Health Department will provide administrative support and control for the entire program including clinical care. In return, the TB Board will reimburse the Health Department for expenditures attributable to the operation of the TB clinic, including an administrative fee. The TB Board will continue to function as a separate unit.

GOALS AND OBJECTIVES

Prevention and mitigation activities that limit the spread of TB in Livingston County.

Mental Health Division positions: 4 FTE

This fund was created in 1968 as a result of a referendum passed by the voters of Livingston County and pursuant to the *Illinois Community Mental Health Act (405 ILCS 20/Section 0.1 et seq)*.

The duties and function of the Mental Health 708 Board are defined as follows:

FUNCTIONS ESTABLISHED BY STATUTE

- **Reviewing, Evaluating, Planning and Developing Community Mental Health, Substance Use, and Intellectual and Developmental Disability Services** - In accordance with its mission and the Community Mental Health Act, the primary functions of the Livingston County Mental Health Board include planning and

development of behavioral health services for residents of Livingston County. In doing so, the Livingston County Mental Health Board participates on and supports various local committees and task forces including but not limited to: Homeless Coalition, Mental Illness/Local Area Network (MI/LAN), Livingston County Commission on Children and Youth, Truancy Review Board, Transition Planning Commission, Recovery Oriented Systems of Care (ROSC), and Quality Assurance and Behavior Management Committees at Futures Unlimited. With knowledge acquired from partnering with local community consumers and service providers, the Mental Health Board is better situated to utilize resources to target Livingston County's mental illness, developmental disabilities, and substance use prevention, treatment and recovery support service needs.

- **Executing and Maintaining Community Mental Health, Substance Use, and Intellectual and Developmental Disability Services** - The overall primary function of the Livingston County Mental Health Board is to allocate funding to develop and support the service continuum necessary to provide local residents with mental health, substance use, and developmental disability related services. The Livingston County Mental Health Board strives to model efficient stewardship by promoting best practices and evidenced based practices which translate to increased quality of care and cost-effective service delivery. The Livingston County Mental Health Board allows for allocations in the form of grants, fee for service, purchase of service and independent contractor agreements. Service delivery contracts are accompanied by work plans detailing number of people served, hours of service, and deliverables to be achieved during the funding period. Allocation decisions are made in meetings open to the public, and they are based on statutory mandates, priorities and defined criteria related to the findings of various needs assessment activities conducted in partnership with the community.
- **Providing and Facilitating Community Education and Training** - The Livingston County Mental Health Board invests in network training programs, workshops, and continuing education which align with the needs of Livingston County consumers, behavioral health needs of an increasingly diverse population, evidence-based practices, and a rapidly changing healthcare service delivery environment. Hosting both provider focused and community focused education opportunities enables Livingston County's behavioral healthcare professionals to practice at the highest level of their training and education and arm consumers with the information they may utilize on their road to a quality life and/or recovery.

GOALS AND OBJECTIVES

- Under established policies and procedures, LCMHB will carry out the funding process to award funds supporting a continuum of prevention, treatment and recovery support services aligned with identified community needs and the changing behavioral health and human service environment.
- Continue with and enhance the annual audit/monitoring session with each funded agency at least once in the fiscal year. Each agency must document measurable outcomes for each program that is funded. If not present, then the LCMHB will collaborate with the funded providers in developing program and service outcomes to assure that the people that are utilizing the services are attaining meaningful and real-life outcomes through the supports that they are receiving.

- Increase efforts to create awareness of LCMHB and the services it supports through updating the LCMHB website, Social Media, and presence at community events.
- Increase awareness of Mental Illness, Substance Use Disorder, and Developmental Disability and the services that are available in our County.
- Explore opportunities to increase job opportunities and community living options for persons with developmental disabilities, mental illness, and substance use disorders.
- Support and fund, as money is available, new and innovative programs that focus on individuals with mental illness, substance use, and developmental disabilities.
- Continue to promote the Livingston County Premise Alert Program in order to keep our First Responders and the individuals with special needs that they respond to safe in all situations. Yearly, the LCMHB will post the information on Social Media and newspaper to inform members in the community of the benefit of the program.
- Provide partnership and support for training for EMS personnel on mental health, developmental disabilities, and substance use topics.
- Organize and host trainings and networking opportunities for providers of mental health, substance use, and developmental disability services, as well as citizens in our community, to promote wellness/recovery programming, innovative practices, and anti-stigmas initiatives.

REVENUE/EXPENDITURE ANALYSIS

- Beginning this fiscal year, the 708 Board will pay only their and the Youth Commission's share of the Board Expenses. The 377 Board will pay their actual share of the Board Expenses through a bank transfer.
- The Program Admin revenue represents reimbursement of funds utilized to run the Livingston County Commission on Children and Youth.

- The Rent Revenue is for the rent the 708 Board received from Project Oz for their use of two offices in our area of the Health building.
- The LCMHB will no longer be collaborating with IHR on the Medicaid Match as it has become more and more difficult to bill on individuals who are straight Medicaid and don't have a Managed Care Entity. Too much time has been spent on correcting billing too. IHR is completely onboard with this discontinuance. Proviso Community Mental Health Commission has been providing the billing software for this service to us for many years and in 2022-23 we were the only other provider doing the Medicaid Match besides themselves.
- The Purchase of Services line items for the agencies funded will remain the same as fiscal year 2023, except Safe Journeys requested a 2% increase and Operation Snowball requested a 14.29% increase.
- Staff Salaries have the cost of living increase of \$1.50 per hour, as recommended by the County. Our newer employees will receive their pay raise at their one-year anniversary.
- There are additional costs incurred in the Staff Salaries and Benefits to cover the costs of the County's proposal to cover 50% of the costs for any employee that wants to add their family on the health insurance plan. The LCMHB is estimating that two employees will be interested in this additional health care benefit. This family health benefit accounts for almost an additional \$14,000 cost in the Staff Salary and Benefits Line item.
- Each year, our goal is to disperse the majority of levied funds to the providers and to maintain low administrative costs.
- Tax levy funds received in one year are for distribution through Purchase-of-Service to the contracted agencies in the subsequent year. This is the reason behind large ending fund balances each year.

REVENUE/EXPENDITURE ANALYSIS

- The projected property tax revenue is the requested levy amount by the Mental Health 377 Board and has remained fairly constant over the past five years.
- The Purchases of Service line items for the agencies funded have requested some changes in their amounts. OSF St. James is requesting a 9.02% decrease, Mosaic is requesting a 40% increase, and the AIR Program is requesting a 29.41% increase. To accommodate these increases, we decreased the Service Development line by 28.57%.
- The percentages of tax levy dollars allocated to client/community developmental disability services/supports has declined the last two years as one service provider requested a decrease in funds for 2023. Also, with less funds in Service Development and more administrative costs being covered by the 377 Board, the percent of allocations to local providers is down 1%.
- For fiscal year 2024, the 377 Board will be pay their percentage of each of the Board Expenses to the 708 Board each month.
- Tax Levy funds received in one year are for distribution through Purchase of Service to the contracted agencies in the subsequent year. This is the reason behind large ending fund balances each year.

REVENUE/EXPENDITURE ANALYSIS

- The Recreation Fund was established in 2016 and was supported by a portion (approximately half) of the funds received as part of the Livingston County Farmland Lease Agreement. In FY2019 that portion was allocated back to the General Fund as there were no projects approved and therefore no expenses anticipated. At this time the only revenue is from interest.
- The Recreation Fund is committed by the Board for expenses related to enhancement of County recreational services. There are no expenses anticipated at this time.

VEHICLE REPLACEMENT & MAINTENANCE – FUND 209

The Vehicle Replacement & Maintenance Fund was established by the County Board in 2016, as part of an effort to reduce costs through joint purchasing. Purchases for new vehicles are made in compliance with the Livingston County Vehicle Replacement & Purchasing Policy, as well as, the Livingston County Purchasing Policy. The Vehicle Replacement & Maintenance Fund supports the purchase, operation and maintenance of County vehicles, but does not include departments such as the Highway Department and/or Veterans Assistance.

REVENUE/EXPENDITURE ANALYSIS

- The Pontiac Host Fund is the primary source of revenue to support this fund. There is also a transfer done annually, from the General Fund, to account for the mileage reimbursement collected in performing federal inmate transports.
- Based on the vehicle replacement schedule, there is a need to replace an average of eight vehicles per year, placing all fleet vehicles on a five-year rotation. All replacements are done subject to availability of funds. The FY2024 budget anticipates the replacement of eight fleet vehicles for the Sheriff's Department and two vehicles for Jail Transport.
- The budgeted amount for fuel expenses (which fall under Commodities) has been increased for FY2024 based on the increase in fuel costs experienced nationwide.
- The budgeted amount for repairs and maintenance were also increased for 2024. Delays in the receipt and turnover of new vehicles within the departments have resulted in increased maintenance costs. Inflation may also play a role in this increase as well.

STREATOR HOST AGREEMENT – FUND 211

This fund was originally established by Resolution of the County Board to be used for the repair, modification and improvement of existing Livingston County structures and property, including but not limited to bringing said structures and property into compliance with the Americans with Disabilities Act, for new construction of Livingston County structures and property, for payment of the costs and expenses incurred in implementing the Graphics Information System for the Office of the Livingston County Supervisor of Assessments and for all other County improvements deemed necessary for the health, safety and general well-being of residents of Livingston County. Funds received in conjunction with the Host Benefit Fees received for the Streator Area Landfill were deposited into this account. The Streator Area Landfill has since received its' certificate of closure and no additional benefit fees are anticipated to be received. The fund now supports the expenses associated with solid waste.

REVENUE/EXPENDITURE ANALYSIS

- This fund draws interest only; no additional revenues are projected for the foreseeable future.
- These funds are committed to be used for solid waste expenses. The department was restructured in FY2024 and only contractual services and supplies are paid from that department, so the transfer will be less going forward. These department expenses are paid from the General Fund and a transfer is made to offset those costs at the end of the year.

**BUILDING MAINTENANCE & ASSET RECOVERY – FUND 212
(FORMERLY CONSTRUCTION & BUILDING RENOVATION FUND)**

The Construction & Building Renovation fund was established by the County Board in 2016 to be used for the construction of new Livingston County structures and/or the renovation of existing structures. The fund balance was originally derived through benefit fees pursuant to the Host County Agreement, however once the fund was established, benefit fees were diverted back to the Pontiac Host Agreement Fund. This fund was also once used to support the Community Healthcare Program until the County Board voted to end the program at the end of FY2018.

REVENUE/EXPENDITURE ANALYSIS

- Livingston County was awarded two grants through the State of Illinois as part of the Rebuild Illinois Program to be used for infrastructure improvements. The grants, totaling \$75,000, will be used towards the construction of Phase II Parking for the Health & Education Building. The only other revenue received in this fund is accrued interest.

- The construction of the new Public Health Building and the demolition of the old building was completed in FY2022. The capital expenses for FY2023 included the construction of additional parking at the new building.
- Building improvements for 2024 will include, at a minimum, the refinishing of the Torrance St. property based on the disconnection of the former health building along with exterior improvements.

REVENUE/EXPENDITURE ANALYSIS

- At the end of FY2022 the decision was made to account for the solar farm application fee as a liability. The County is holding the money for the developer to cover any costs incurred during the application process. If the solar farm is not approved, any amount remaining from the application fee will be returned to the developer. If the solar farm is approved, any amount remaining will go toward the building permit fee which is revenue in the General Fund.
- As of the end of FY2022, there were 5 application fees that had been treated as revenue. The amount budgeted to transfer to the General Fund is to account for these remaining funds to be transferred.

AMERICAN RESCUE FUND – FUND 217

On March 11, 2021, the American Rescue Plan Act (ARPA) was signed into law by the President, establishing Fiscal Recovery Funds (including Coronavirus State Fiscal Recovery Funds and Coronavirus Local Fiscal Recovery Funds). The Fiscal Recovery Funds are intended to provide support to governments in responding to the impact of COVID-19 and in their efforts to contain COVID-19 within their communities, residents, and businesses. Pursuant to Section 603(c)(1) of the Act, funds may be used as follows:

- ❖ To respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality; and
- ❖ To respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers;
- ❖ For the provision of government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency; and
- ❖ To make necessary investments in water, sewer, or broadband infrastructure.

All of Livingston County's allocation has been received and all of that has been obligated based on Requests for Proposals (RFPs) issued in FY2021 and FY2022. These RFPs were sent to Community Partners to help identify the needs of the community and to assist with the development and implementation of programs to address those needs.

The following table shows a listing of the award recipients and the programs that have been completed as of September 30, 2023.

- The budgeted expenditures are for the awarded amounts that are remaining as of September 30, 2024.

FUND BALANCE

FY2022 Actual	FY2023 Estimated	FY2024 Budgeted
\$4,592,860	\$2,962,020	\$81,809

There is no goal for the fund balance of this fund. The ending fund balance in FY2023 indicates the amount that is available to be spent for the specific programs identified by the County Board. The ending fund balance at the end of FY2024 is only expected to be the interest that has been earned over the last 3 years.

CAPITAL BUDGET – FY2024

During the budget process, funds are set aside to cover the costs of one-time expenses such as computer technology, furniture, building upgrades, and building repairs and equipment. Capital requests shall be submitted during the budget process by the requesting department or departments and should be goal driven to increase efficiency and/or provide for cost reduction.

During the budget process this year, the finance committee set a cap on the amount of new spending for FY2024. This cap includes the transfer going into the General Fund but does not include carryover projects. In order to prioritize the new capital requests, the Finance Committee was given a list of criteria. The criteria were categorized as follows:

- Strategic Alignment – *Does the project align with the County’s Mission & Vision? Will it assist the County in meeting its Long-Term Goals & Objectives? Is it responsive or will it have an impact on the County’s Strategic Priorities?*
- Health & Safety – *Is there an immediate or long-term health or safety benefit? While the need to prioritize funding for unsafe infrastructure is obvious, it is also critical to consider the broader impacts of investing.*
- Asset Condition – *What is the condition of the building, equipment, or infrastructure? It is critical to renovate, replace, or dispose of infrastructure before it reaches a point of failure and strategically time improvements to minimize cost.*
- Return on Investment – *Will this increase tax revenue, reduce costs to the County, or leverage other funds such as grant funds?*
- Efficiency & Effectiveness – *Is this the most cost-effective solution? Is it coordinated with other projects to increase impact? What is the problem the department is trying to solve? Does the project successfully solve the problem? Are there other solutions that might solve the problem in a more creative or cost-effective way?*

Each of these criteria was scored on a scale of 1-10 and the total across all criteria and this score was added to the Overall Priority Level scale (1-50):

- 50 – Essential – Urgent, high priority, addresses an emergency, remedies a condition dangerous to the public health, welfare and safety, compliance regulation, critically needed community program, vital.
- 40 – Desirable – High-Priority projects done as funding becomes available and validity of timing has been established.
- 25 – Acceptable – Worthwhile if funding is available, deferred to a subsequent year if budget reductions are necessary.
- 10 – Deferrable – Low-Priority projects, desirable but not essential.

The following table shows the Capital Requests for FY2024 and how they were ranked by the Finance Committee.

APPROVED CAPITAL PROJECTS FY2024

Time & Attendance System: The current time & attendance system was implemented in 2010 and only 40% of County employees currently use the time clock system. Those who do not use the time clock are reporting their time using a paper time sheet or calculating the time and sending to finance in an excel spreadsheet. Manual entry into the payroll system is required for these paper timesheets or spreadsheets. The new system will be used by all employees and directly links to the payroll system.

Redesign of County Website: It was identified during the Strategic Planning process that the County's website is in need of an overhaul. The current website went live in 2009 and has many links that are broken or missing. In addition, the current site does not currently meet accessibility standards, whereas a new site would be fully compliant.

UPS Battery Replacement: This is to replace batteries for the Law & Justice Center Uninterrupted Power Supply server. These need to be replaced every 5 years. This is a battery backup for the servers, security system and camera system.

Body Cameras: The Safe-T Act mandates implementation of body cameras for our agency by January 1, 2025. The County will be seeking reimbursement from the state after purchasing.

Lexipol Policy Manual: The current policy manual for the Sheriff and Jail employees requires updating. Lexipol offers policy manual management. They monitor legislative changes and forward updates and training for the changes. They additionally offer legal support in reference to litigation related to policy.

Additional Doors at Public Safety Complex: This project will add card readers to 4 additional doors in the Public Safety Complex. This increases safety by keeping the public from accessing secure areas.

Body Scanner: *This project is contingent on receiving grant reimbursement for the Sheriff's Body Camera Project.* This body scanner will eliminate contraband from entering the facility and would help prevent residents from overdosing and thus reducing liability and cost for the County. This machine would also help to keep the correctional officers safe by reducing the chances of a weapon entering the facility.

At the time that the Finance Committee approved these capital projects, they also pre-approved projects for FY2025.

PONTIAC HOST AGREEMENT – FUND 210

Submitted by: Diane Schwahn, Livingston County Finance Director

The Pontiac Host Agreement Fund was created by Resolution in December, 1994. The resolution provided for a "Host Benefit Fee" for the operation of a landfill in Livingston County. The board determined that an independent "Host County Agreement Fund" be established for the income derived from existing and future "Host Benefit Fees". It was also determined in this original resolution that the "Host County Agreement Fund" be used for the repair, modification, and improvement of existing Livingston County structures and property, including but not limited to bringing said structures and property into compliance with the Americans with Disabilities Act, and new construction of Livingston County structures and property and all other County improvements deemed necessary for the health, safety and general well-being of the residents of Livingston County.

Since fiscal year 2000, the revenue generated has funded the following capital projects: Accounting Software upgrades (FY2001 and FY2017); Construction of the Public Safety Complex and the relocating of Livingston County ETSB (911) (2001-2005); Construction of the Law & Justice Center (FY2011); Remodel of Historic Courthouse (2011-2012); Purchase and renovation of the Regions Bank Building (2003-2004); Purchase of new election equipment (FY2006); New radio system for 911/Dispatch (2015-2016); and Early Retirement payouts (FY2017).

In addition to the Capital Projects, funds are and have been transferred to various other funds to supplement paying expenses.

FISCAL YEAR 2024 BOARD APPROVED BUDGET**Fund: 210 Pontiac Host Agreement**

REVENUE/EXPENDITURE ANALYSIS

- The main source of revenue is the host benefit fee received from the Landfill as explained above. Interest is also earned on any investments. Again in FY2024, we have budgeted for any unexpected grant revenue as well as grant expenses (Other Disbursements).
- Capital projects for FY2024 are explained above. The Contractual Services category is items that were taken from the Enterprise Zone (Fund 216). These include monthly fees that we pay to Vermilion Valley Regional Emergency Communications Joint Authority for 911/Dispatch services and also an annual fee and monthly utility that we pay for the 911/Dispatch tower in Odell. Also, beginning in FY2020, the expenses for the GLCEDC dues and the transfer to the Proactive Unit were transferred to the Host Fund.

- The other transfers include a transfer to the General Fund in the amount that is needed to balance our revenues and expenses for the fiscal year and also a transfer to the Vehicle Fund to cover the costs of new vehicles and vehicle maintenance.

SELCAS is not included in the County's Rate or Extension

SELCAS is not subject to PTELL

Truth in taxation (105% of previous year's extension) is calculated independently for Special Service Areas including SELCAS.

Livingston County Personnel Analysis

Livingston County implemented the system of categorizing positions and salaries upon the Employee Salary Schedule. The Employee Salary Schedule is a guide for establishing starting salaries for non-union positions.

A Department Official has the latitude of beginning an employee between the starting salary and the mid-point salary of the classification range. The Department Official must present documentation to the Finance Committee if they wish to begin an employee at a rate higher than mid-point of the classification range.

Any new positions must be presented to the Finance Committee prior to implementation of the position. All costs associated with the new position must be either already in the Department Budget or obtained from other sources.

Due to the ever-changing employment market and the gradual increase in minimum wage over the next couple of years, Livingston County adjusted the salary schedule to reflect a competitive wage package. The salary schedule was reviewed and updated in August of 2022. In Fiscal Year 2024, the administration team will review the current salary schedule and present to the Board any adjustments needed in response to the Illinois Minimum Wage increases. The table below is the current Salary Schedule for non-union employees.

Livingston County represents a multi-generational workforce. The county values each generation, their talents, their work ethic, and their ideas. The following graph represents the various age groups and the number of employees who represent that age group.

Employee development is important to Livingston County. Investing in the employees, providing a competitive salary and benefits package, and personal development has created a solid workforce. The following graph represents the Years of Service for Livingston County’s employees.

The following pages are the detailed Full Time Equivalents (FTE's) for each department / division. The chart contains two years of actual FTE's, FY 21 & FY 22; and two years of budgeted FTE's, FY 23 & FY24. As you can see by the chart, we have moved some personnel from one department to another. This is the case for the bookkeeping office which moved to the Finance department. We also have made some adjustments in the Regional Planning / Zoning office by splitting ESDA from this office. The Jail and the Public Defender have also increased staff by one person and the Public Health Department by two people.

DISCRETIONARY PROGRAMS

In 2020 the County Board adopted a short-term goal to identify and evaluate discretionary programs. The report is generally for informational purposes only, but may be utilized in the event of a significant reduction in revenues that require an immediate response.

SCHOOL RESOURCE OFFICER PROGRAM

We currently have 3 school resource officers which are seasoned deputies that were moved into these positions. The cost of the program currently is as follows:

Salaries: \$216,005

Benefits: \$46,783

Additional costs would include fuel and maintenance for the vehicle, and ongoing training for the officers.

The revenue gained from this program is from the participating schools and helps to defray the above costs.

Revenue collected: \$152,000 (\$50,000 from each participating school + reimbursement of overtime costs)

Estimated Net Cost: \$110,788 (plus ancillary costs listed above)

Residents Served: 1,220

Annual Cost per Resident Served: \$90.81

TOWN CONTRACTS

Livingston County has contracts with Odell, Flanagan and Reading Township for a deputy/patrol officer (this contract is for 10 hours per week). The Sheriff has also expanded patrol for other smaller municipalities within the community that are not currently under contract. The services are now provided by two dedicated officers:

Town Contract Patrol:

Salary: \$54,912

Benefits: \$16,161

Additional Patrol:

Salary: \$54,912

Benefits: \$16,161

Additional costs would include fuel and maintenance for the vehicle

The revenue comes from the participating towns and helps to defray the above costs.

Revenue collected: \$60,000 (\$20,000 from each participating town)

Estimated Net Cost: \$11,073 (plus ancillary costs listed above)

Residents Served: 4,033

Annual Cost per Resident Served: \$2.75

Additional Patrol:

Residents Served: 10,582

Annual Cost per Resident Served: \$6.72

PROACTIVE UNIT

There are currently 2 officers in the Sheriff's Department dedicated full time to the proactive unit. The costs of this program are as follows:

Salaries: \$127,883

Benefits: \$26,403

Vehicle: \$3,600 (rental of two vehicles, \$300/mo)

Additional costs would include fuel and maintenance for the vehicle, and ongoing training for the officers.

Revenue is a transfer from the Pontiac Host Fund into the General Fund to defray the costs of this program.

Revenue collected (transferred): \$150,000

Estimated Net Cost: \$7,886 (plus ancillary costs listed above)

Residents Served: 35,815 Annual Cost per Resident Served: \$0.22

INMATE HOUSING PROGRAM

The Sheriff's Department currently administers an inmate housing program whereby they have entered into agreements with Cook County, the Federal Northern District and the Federal Central District to house their detainees. As presented during the FY2023 Strategic Planning Session following are the **estimated costs of the program for the year 2022:**

Personnel Costs: \$544,150

Board & Care: \$732,416

Building Maintenance: \$83,025

Misc. Expenses: \$21,096

Additional costs would include vehicle purchases, fuel and maintenance for the vehicle, although this cost is reimbursed based on the federal rate per mile.

Revenue is collected on a per diem basis for each inmate housed. There are also reimbursements received for the transportation of inmates at \$31.00 per hour; these reimbursements do not always cover the full cost of the transport.

Revenue collected (est.): \$3,095,614

Estimated Net Profit: \$1,714,614 (plus ancillary costs listed above) (these profits are used to offset the costs of the Sheriff's Department and Jail expenses).

This program will be evaluated once again in 2025 based on 2024 revenues and expenses. It is anticipated that the estimated net profit will be significantly lower based on increases in Personnel Costs and medical services provided.

LIVINGSTON COUNTY SOIL & WATER CONSERVATION

The County provides an annual grant to the Livingston County Soil & Water Conservation District. The goal of the SWCD is the protection and conservation of the natural resources of Livingston County. The SWCD provides information, administers various programs, and provides technical assistance to encourage the protection, conservation and wise use of our environmental resources.

Membership: \$23,000/yr

Residents Served: 23,000

Annual Cost per Resident Served: \$1.00

ECONOMIC DEVELOPMENT

The GLCEDC was established in 2009 by a cooperative between the County and Municipalities, as well as local business owners. The GLCEDC dedicates its purpose to supporting the retention and expansion of existing enterprises and attracting new businesses.

GLCEDC Membership: \$80,000

Grants: \$132,500 to Caterpillar

GLCEDC Economic Development Programs: \$767,173 budgeted for FY2027. These funds require approval of the County Board prior to award.

The Net Cost of the program varies dependent on how many grants/incentives are awarded.

Over the twelve-year period the County has invested \$5,832,221 in Economic Development, all of which were paid from funds received as part of the Economic Benefits Agreements entered into with local windfarm companies. Should the County wish to continue this program a new funding source will need to be identified as the fund balance within the Enterprise Zone fund is estimated to be \$8,389 at the end of FY2023.

* * * * *

In addition to the discretionary programs that are listed, we also have departments such as Highway, Zoning, IT and Administration that are not statutorily required, but have been developed to meet the needs of the county and reduce its overall liability. Within each of these departments there are requirements that must be met by law, but the method is not statutorily defined.

Further, departments such as Public Health and Mental Health are also not statutorily required, but were developed based on voter approved referendums.

This report was originally presented to the Finance Committee on June 5, 2019 and was updated with FY2022 actuals on October 3, 2023.

GLOSSARY OF TERMS

ACCRUAL:

Revenues/expenses are recognized when they are earned or incurred rather than when the cash is received or paid out.

ADA:

Americans with Disabilities Act.

ADOPTED BUDGET:

Budget approved by the County board via ordinance; synonymous with approved budget.

AGENCY FUND:

Assets held in a fund under an agency relationship with another entity.

APPROPRIATION:

A legal authorization granted by the County board to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in the amount and time it may be expended.

ARPA:

American Rescue Plan Act of 2021 which provided state and local government funding.

ASSESSED VALUE:

The value assessed on a property as a basis for levying taxes. An assessment involves identifying the real property within a jurisdiction, listing, appraising it and placing a value for it on the tax rolls. It is the basis for determining what portion of the total tax burden each property owner will bear.

AUDIT:

A systematic collection of sufficient, competent evidential matter needed to attest to the fairness of the presentation of the County's financial statements. The audit tests the County's accounting system to determine whether the internal accounting controls are both available and being used.

BALANCED BUDGET:

A balanced budget is when revenues equal expenditures, and neither a budget deficit nor a budget surplus exists.

BUDGET ADOPTION ORDINANCE:

Ordinance appropriating funds for a specific fiscal year. Also referred to as Appropriation Ordinance.

BUDGET AMENDMENT:

After the adoption of the county budget, no further appropriations shall be made at any other time during the fiscal year, unless it is to meet an immediate emergency. This requires approval by two-thirds vote of the County Board members. Transfers of appropriations within a fund are approved by a resolution, provided that the total amount appropriated for that fund is not affected. This also requires approval by two-thirds vote of the County Board members. (55 ILCS 5/6-1003)

BUDGET MESSAGE:

Included in the opening section of the budget, the Letter of Transmittal provides the County Board with a general summary of important budget issues.

BUDGET YEAR:

A term used in the budget formulation process to refer to the fiscal year on which the budget is being considered. Livingston County's fiscal year runs December 1st- November 30th.

BUDGETARY CONTROL:

The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenue.

CAPTIAL:

Purchase price (per item) is \$5,000 or more, and the expected useful life of the items is five years or more.

CAPITAL OUTLAY:

The amount budgeted and appropriated for purchase of land, buildings, equipment, improvements, software and furniture having an expected life of longer than two years and meeting the County's capital asset policy threshold.

CAPITAL PROJECTS:

The amount of funds budgeted and appropriated to be used for the construction, development and/or rehabilitation of facilities and information technology equipment.

CHARGES FOR SERVICE:

User charges for services provided by the County to those specifically benefitting from those services.

COMMODITIES:

The amount budgeted and appropriated for departmental and functional operating supplies. This includes office supplies, gasoline and oil, building & grounds equipment, vehicle maintenance supplies, other operating supplies and employee recognition.

The amount budgeted and appropriated for departmental and functional operating services. This includes utilities, consultants and outside contractor services, audit fees, printing, insurance, training, building & grounds, equipment and vehicle maintenance contracted outside.

CURE PROGRAM:

Local Coronavirus Urgent Remediation Emergency Support Program.

EQUALIZED ASSESSED VALUE (EAV):

Application of a uniform percentage increase or decrease to assessed values of various areas or classes of property in order to bring assessment levels, on average, to the same percentage of market value.

EXPENDED AMOUNT:

The amount of dollars expended within a given fiscal year.

EXPENSES:

Charges incurred, whether paid or unpaid, resulting from the delivery of products or services to the County.

EXPENDITURES:

Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental transfers.

EXTENDED LEVY:

The dollar amount to be raised by the tax rate extended by the County Clerk and applied to the taxable assessed valuation.

FISCAL YEAR:

A 12-month period to which the County's annual operating budget applies and at the end of which the County determines its financial position and the results of its operation. The County's fiscal year is from December 1 through November 30 of the following year.

FTE-FULL TIME EQUIVALENT:

The number of full- or part-time equivalent employees at the County, excluding temporary employees or contractual workers.

FUND:

An accounting entity with a self-balancing set of accounts which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

FUND BALANCE:

The fund equity of governmental funds. Changes in fund balances are the result of the difference of revenues and expenditures. Fund balances increase when revenues exceed expenditures and decrease when expenditures exceed revenues.

GENERAL FUND:

A major governmental fund that accounts for the County's primary operating activities. It is used to account for all financial resources except those required to be accounted for in another fund. This term is used interchangeably with the term Corporate Fund.

GFOA:

Government Finance Officers Association.

GLCEDC:

Greater Livingston County Economic Development Council.

GOVERNMENT FUNDS:

Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities, except those accounted for in proprietary and trust funds. In essence, these funds are accounting segregation of financial resources. Under current Generally Accepted Accounting

Principles (GAAP), there are four governmental fund types: general, special revenue, debt service and capital projects.

GRANT:

A giving of funds for a specific purpose.

A document approved by the County Board used to communicate with the organization, a vision of the desired future, the organizations objectives and goals, and the actions needed to achieve these goals.

LEVY:

(Verb) To impose taxes, special assessments, or service charges for the support of governmental activities. (Noun) The total amount of taxes, special assessments or service charges imposed by a taxing body.

LEVY ORDINANCE:

The official document adopted by the Board, setting the levy for the following year.

LEVY YEAR:

Is the calendar year in which the property value is being assessed and extended on.

LINE-ITEM BUDGET:

A budget that lists detailed expenditure categories separately along with the budgeted amounts for each expenditure category. This detail is included in the Annual Budget Document.

LC:

The County's abbreviation for the Law & Justice Center

LONG-TERM DEBT:

Debt with a maturity of more than one year after the date of issuance.

MAJOR FUND:

Funds are organized as major funds or non-major funds within the governmental and proprietary statements. A fund is considered major if it is the primary operating fund of the county. In addition, any other governmental or enterprise fund the county believes is important to financial statement users may be reported as a major fund.

MODIFIED ACCRUAL BASIS OF ACCOUNTING:

The accrual basis of accounting adapted to the governmental fund-type measurement focus. Under this method, revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

PERFORMANCE INDICATOR:

Statistical measures that are collected to show how department/division objectives are attained.

PROPERTY TAX EXTENSION LIMITATION LAW (PTELL):

Regulation that limits increases in property tax extensions for non-home rule taxing districts.

PROPERTY TAX YEAR:

Is the calendar year's taxes that are collected on the previous year's levy extension.

PROPERTY TAXES:

Funds levied on real property according to the property's valuation and tax rate.

PSC:

The County's abbreviation for the Public Safety Complex housing the Sheriff's Department and Jail.

REVENUE:

Funds the government receives as income, including such items as tax receipts, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues, and interest income.

SPECIAL REVENUE FUND:

Fund used to account for the proceeds of special revenue sources (other than special assessments,

expendable trusts, or major capital projects) that are legally restricted to expenditure for specified purposes.

TAX ABATEMENT:

A temporary reduction or elimination of property taxes. Tax abatements have several functions and goals. They reduce the cost of living in a given location for a temporary period of time, making some locations more appealing to homebuyers and builders. In addition, tax abatements stimulate the local economy by encouraging new home construction and renovation to existing homes.

TAX LEVY:

The total amount to be raised by general property taxes for operating and debt service purposes.

TAX RATE:

The amount of tax levied for each \$100 of assessed valuation.

TAXES:

Revenue from compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.

TRUTH-IN TAXATION:

An act that provides taxpayers with the means to check and review local government spending. It requires the County to publish a notice and hold a public hearing on their intention to adopt a levy exceeding the property taxes extended for the previous year by (5%).
